<input type="checkbox"/> Approved	
<input type="checkbox"/> Disapproved	

A privately owned vehicle belonging to a certified emergency medical technician, certified emergency medical service driver, or certified emergency medical service first responder while traveling in the line of duty in connection with emergency medical services activities may display green lights, subject to the following restrictions and conditions:

1. The lights may not have a light source less than fifty (50) candlepower.
2. All lights shall be placed on the top of the vehicle.
3. Not more than two (2) green lights may be displayed on a vehicle and each light must be of the flashing or revolving type and visible at three hundred sixty (360) degrees.
4. The lights must consist of a lamp with a green lens and not of an uncolored lens with a green bulb. However, the revolving lights may contain multiple bulbs.
5. The green lights may not be a part of the regular head lamps displayed on the vehicle.
6. For a person authorized under this chapter to display a green light on the person's vehicle, the person must first secure a written permit from the director of the state emergency management agency to use the light. The permit must be carried by the person when the light is displayed.
