COMMUNICATIONS

Communications are necessary to:

- Contact emergency assistance
- Keep teams advised of severe weather
- Advise of additional information critical to operations
- Advise Emergency Operations Center (EOC) of emergency/critical information

Be sure all personnel are aware of communication methods, cellphone, radio, etc., and have, though not limited to, the following information:

- Emergency phone numbers
- Locations of hospitals/emergency care
- EOC phone number(s)
- Cellphone numbers of other team members
- Radio call signals
