COMPANY OVERVIEW

Since our inception in 1996, J&B Medical has become a recognized market leader in healthcare. More than a family-owned business, we are a family of businesses that span across all aspects of medical-related care including: sole source program management, national managed care contracts, technology solutions, as well as insurance-covered, emergency-medical, retail home-care and veterinary products.

J&B Medical is a nationally certified Women's Business Enterprise composed of knowledgeable industry professionals. J&B Medical's passionate team members are motivated to provide exceptional service at every interaction. Our goal is simple: enhance the quality of life, improve clinical outcomes and reduce healthcare costs. J&B Medical settles for nothing less than the most innovative industry practices and the highest levels of integrity.

ZOLL MEDICAL

Stat-Padz® II Electrode, Stat-Padz II HVP, Multi-Function

These pads are compatible with the ZOLL AED Plus device. They provide real-time CPR feedback and enable the responder to provide quality CPR during Sudden Cardiac Arrest. Inadequate compression rate and depth are common during CPR. Adult victims need at least 100 compressions per minute and at a depth of at least 2 inches (5 cm). Compressions must be done well to effectively move blood and oxygen.
