## **Budget order and final tax rates approved**

INDIANAPOLIS (December 23, 2009) – The Department of Local Government Finance (DLGF) certified Pike County's 2010 budget order and tax rates December 23, paving the way for on-time property tax bills for the first time in at least three years. The budget certification came 105 days sooner than last year, putting the county in a position to have taxes due on May 10, 2010.

"The entire property tax system relies on many different parts to run smoothly," Commissioner Timothy J. Rushenberg said. "Teamwork and communication among all involved in the assessment-to-tax billing process at the state and local level has brought us to a point not seen in years where property tax bills should actually be mailed and due on time."

The first step in the assessment to tax billing process is the completion of the property assessments, which culminates with the submission of a ratio study. A ratio study is a comparison between property sales prices and assessed values in the county to ensure that market values are being used to determine assessed values. Pike County Assessor Kimberly Mendel submitted the 2010 ratio study July 8, 2009 – 112 days sooner than last year.

Once the DLGF approves the ratio study, the assessor sends the gross assessed values to the county auditor, who applies exemptions, deductions or abatements to determine the net assessed values – the values upon which tax rates are based. Pike County Auditor Faye Leslie submitted certified net assessed values October 5, 2009 – 157 days sooner than the previous year.

Now that the 2010 budget has been certified by the DLGF, the next steps are handled at the county level. The county auditor is to calculate tax bills, which should then be mailed by the county treasurer no later than April 23, 2010.

A copy of the Pike County budget is available at <http://www.in.gov/dlzf/3697.htm>.
