Andrew,

The city of gary is in the process of resolving a dispute with the majestic star river boat. This means that according to the post tribune newspaper, between 11 and 18 million dollars will be released to the city of gary. PLEASE FORWARD THIS INFO TO THE DUAB so that this can be factored into any dicisions that they make that again will adversely effect the citizens of the millerbeach section of gary! Your attention to this matter will be immensely appreciated.

Thanks much,

Willie cook
