The actual levy adjustment will be computed during the Department's budget review.

(4) Mental health and developmental disabilities adjustments for counties only. If the county unit is appropriating less than the maximum amounts estimated above, the estimated 2017 maximum levy should be reduced to correspond to the actual appropriations. (2) Annexation adjustment available for cities and towns and certain other taxing units only. If the amount shown is greater than 1.0, then this taxing unit reported estimated annexation assessed value which has been used to determine the estimated annexation factor.

(3) Cumulative capital development levy adjustment for counties and municipalities only. To estimate the cumulative capital development levy, the 2016 net assessed value has been assumed to grow by 3.8%, equivalent to the Assessed Value Growth Quotient. The actual levy adjustment will be computed during the Department's budget review.

(4) Mental health and developmental disabilities adjustments for counties only. If the county unit is appropriating less than the maximum amounts estimated above, the estimated 2017 maximum levy should be reduced to correspond to the actual appropriations. The actual levy adjustment will be computed during the Department's budget review.
