TO: Political Subdivisions  
FROM: Courtney L. Schaafsma, Commissioner  
SUBJECT: Gateway Economic Development Reporting  
DATE: September 9, 2016

Indiana Code 4-33-23-17 requires any political subdivision receiving an economic development payment to annually submit a report to the Department of Local Government Finance ("Department"). As was the case in fiscal year 2016, these reports will be completed in Gateway. The Economic Development Reporting application may be found at http://gateway.in.gov. By statute, reports must be completed before October 1 each year.

The Economic Development Reporting application is very similar to the fiscal year 2016 application. The economic development payments subject to reporting are monetary disbursements initially provided by a licensed owner of a riverboat, an operating agent of a riverboat, or an affiliate of an owner or operating agent. Indiana Code 4-33-23-4 defines an economic development payment as a monetary disbursement paid under a development agreement that is:

1. received by a unit of government or any other person; and
2. not paid in legitimate exchange for anything of value.

According to IC 4-33-23-2, a development agreement is a written agreement between a person or a unit of government and a development provider in which the development provider makes a financial commitment to support economic development in a specified location by providing financial payments to charitable, educational, or other purposes. Tax revenue is not subject to reporting. Examples of revenue not subject to reporting include the County Economic Development Income Taxes (CEDIT) or riverboat taxes received through Riverboat Wagering Tax revenue sharing.

Similar to fiscal year 2016, the Department asks that all taxing units affirm whether they received any eligible economic development payments. User guides for units that do not receive economic development payments and units that do receive economic development payments may both be found at https://gateway.ifionline.org/help.aspx.
The Department is required by statute to make the reports available through Gateway. After October 1, all information filed will be available.
