**Addendum No. 1
To
Specifications
For Project No. E030291**

Description: Campground Roads Improvement

Location: Whitewater State Park

FOR AGENCY: Department of Natural Resources

The information contained in this Addendum shall become a part of the basic plans and specifications the same as if original incorporated therein. The original plans and specifications shall remain in their entirety, except as modified by this Addendum. The items herein shall supersede information in the specifications and on the plans.

ITEM No. 1: Clarification #1 – Notice to Bidders – DAPW Form 28

Note that the Notice to Bidders states that the project is in Liberty County. This is incorrect as the project is actually in Liberty, IN in **Union County**.

ITEM No. 2: Clarification #2 (Roadway Protection), Section 01010-5/1.12

The CONTRACTOR shall, at its expense, be responsible to repair, **to pre-construction conditions**, any and all damage to the property's roads and drainage structures, caused by his equipment and/or personnel.

Preconstruction Video Taping

Prior to mobilization at the site, the CONTRACTOR shall furnish to the OWNER and ENGINEER a high resolution color audio-video DVD recording of all planned construction areas, including but not limited to roads and visible utilities. The purpose of the video taping is to document existing conditions and to provide a fair measure of required restoration. Care should be taken to record all existing conditions which exhibit deterioration, imperfections, structural failures or situations that would be considered substandard. The DVDs shall include an audio soundtrack to provide a detailed description of location being viewed referenced to Contract Drawings (i.e., campsite

number, etc.). The direction of camera view, date, time, temperature and the environmental conditions at time of taping shall be provided. Taping shall not be performed during inclement weather or when the ground is covered partially or totally with snow, ice, leaves, etc. Submit one copy of the video taping to the OWNER and the ENGINEER accompanied with a detailed log of the contents of each DVD. The log should include location descriptions to facilitate the quick location of information contained the DVDs. Upon final acceptance, the DVDs will become permanent property of the OWNER. Costs for the preconstruction video taping shall be included in the CONTRACTOR's lump sum bid.
