
Fairbanks Landing Fish & Wildlife Area**Total Solar Eclipse****April 8, 2024**

Thank you for considering experiencing the total solar eclipse at Fairbanks Landing Fish & Wildlife Area. Keep this information in mind to ensure that everyone is safe and has a great experience during this rare solar eclipse event.

- Plan to travel to the property early and expect delays when leaving. Heavy traffic is expected after the eclipse. Bring snacks and water with you. Ensure you have enough fuel for safe travels home.
- It is important to keep roadways clear while enjoying the eclipse to ensure safe passage of emergency vehicles.
- Parking is limited to designated areas only. See the map below. Most parking areas support one to three vehicles. Overnight camping is prohibited. You are welcome to park in any of the designated areas and walk along the property.
- Viewing from the water is allowed but be aware of other boats on the river and when launching. Boats must be launched from the designated ramp.
- It is important to wear eclipse glasses while viewing the solar eclipse.
- Please remember to sign in at any of the self-service booths.

[Visit our website for more information on other properties in the zone of totality for the solar eclipse.](#)
