**Posted Areas**

In addition to state fish & wildlife laws, this property is governed by posted regulations affecting the public use of lands and facilities owned, leased or licensed by the DNR.

**RULES AND REGULATIONS**

The property is a long narrow band along the Wabash River approximately 1.5 miles long, located in Huntington and Wells counties. The public access site (boat ramp) and campground are located off U.S. 224, two miles east of Huntington and six miles west of I-69. The main office is 2.5 miles southeast of Huntington, off S.R. 5. Hunting areas and fishing ponds are located throughout the property.

The lake provides benefits to nearly 60,000 acres of agricultural lands as well as general recreation activities associated with hunting and fishing. The U.S. Army Corps of Engineers partners with Indiana Department of Natural Resources under a lease agreement. The DNR Division of Fish & Wildlife operates and maintains the recreation facilities and wildlife areas at the lake. Roush Lake was operated by DNR Division of Reservoirs until 1998, and then by the DNR Division of State Parks & Reservoirs until 2010.

Roush Lake was constructed in 1967 and is one of the three Upper Wabash Valley lakes. Roush Lake operates primarily as a unit with Mississinewa and Salamonie lakes to control floodwaters along the Wabash River Basin and secondarily with other lakes downstream in reduction of lower Wabash and Ohio River floods.

**HISTORY**

J.E. Roush Fish & Wildlife Area is dedicated to providing quality hunting and fishing opportunities while maintaining 7,347 acres of land, a 900-acre lake and 350 acres of impoundments.

- Picnicking is allowed at the Kil-So-Quah boat ramp area.
- Unloaded firearms, unstrung bows and arrows, and air guns may be possessed, but not used in the camping and picnic areas.
- Swimming is not allowed.

**WILDLIFE WATCHING**

J.E. Roush FWA is a long narrow property along the floodplain of the Wabash River. It provides excellent wildlife watching throughout the year and the spring is great for waterfowl.

**FUNDING FOR FISH AND WILDLIFE**

The DNR Division of Fish & Wildlife sells hunting, fishing, and trapping licenses. All revenue is used for managing fish and wildlife resources in Indiana. No license money goes into the state general fund.

The Division also receives money from the federal Sport Fish and Wildlife Restoration programs (sometimes referred to as Dingell-Johnson and Pittman-Robertson funds). The funds are derived from excise taxes levied on sporting arms and ammunition, bows and arrows, fishing equipment and motor boat fuel. The funds are then returned to state fish and wildlife agencies using a formula that in part is based on the number of fishing and hunting license buyers.
