## Outback Trail Kiosk

The Outback Trail Commission (OTC) has constructed a kiosk to provide access information to the public at the Outback Trail system in Imagination Glen. The OTC is a grassroots, nonprofit organization that helps the Portage Parks & Recreation Department build and maintain their trail system. The Outback Trail is a multiuse trail system covering approximately ten miles along Salt Creek.

Public access information is currently available through directional signage and a kiosk for the public entering the park from McCool Road. By constructing the kiosk, safe access and up to date information is now provided to a variety of trail users.

**RESULT:** The construction of a kiosk now informs and educates the public entering Imagination Glen Park for the Outback Trail system.
