**RULES AND REGULATIONS**

ALCOHOL NOT PERMITTED IN SWIMMING AREA. Swimming prohibited in Wabash River. Alcohol not permitted in swimming area.

**THEIR PARK**

Harmonie State Park

With its outstanding facilities and varied topography, Harmonie State Park brings to mind the utopia sought by some of the area’s early settlers. From the flat floodplains along the Wabash River to the rolling hills in the camping areas, this is a perfect place for outdoor activities. The park is located approximately 25 miles northwest of Evansville, and 4 miles south of New Harmony. Twelve picnic areas, some of which have shelter houses, playground equipment, and running water, are located in scenic areas throughout the park. The Wabash River picnic area offers views of the river at its finest. The facilities include a 200-site family campground with electrical hookups and modern restrooms, as well as a youth-group area in a more primitive setting. The Olympic-size swimming pool is the most popular spot for the young at heart, while nature enthusiasts enjoy the summer naturalist programs, hiking the trails or riding their bikes.
