

# OWL HOOT

**Join us at Hardy Lake on January 23, 2016 for a close up look and some live owls as we stay warm around a campfire. After a close up look at some of our resident owls we will try our hand at calling in a few of their wild buddies.**

**Free admission to the property and the program. Meet at the campground gatehouse. The program begins at 7pm at the campfire circle down the access road across the gatehouse.**
