Firewood on DNR Properties

You can bring firewood from any tree species into a state park, reservoir, state forest or state fish and wildlife area if:

- It is from your home in Indiana and all bark has been removed. (Ideally, remove ½ inch of sapwood beneath the bark, too.)
- It bears a USDA compliance stamp (usually sold at a gas station, grocery, department store, etc.)
- It is purchased from a local firewood vendor outside the property and has a state compliance stamp with it.
- It is purchased from the property campstore or on-site firewood vendor and has a state compliance stamp.

Possession of firewood that does not meet the above standards may result in confiscation or a citation. For answers to frequently asked questions, visit www.firewood.dnr.IN.gov, or email questions to firewood@dnr.IN.gov.

Thank you for following our new firewood rule.
