Anglers, swimmers, bird watchers and wildlife photographers are among the many admirers of Summit Lake State Park. The 2,680 acres, including an 800-acre lake, shady woodlands, and lots of open space, serves as home for many woodland animals and 100 species of birds. Fish—and fishermen—love it, too. Bass, sunfish, crappies, yellow perch and channel catfish abound. Boat rentals include paddleboats, rowboats and canoes. Guests can also launch their own craft at one of three boat ramps. The large swimming beach is open from Memorial Day to Labor Day. A modern bathhouse and comfort station with showers nearby. ADA accessible. The park operates no later than Labor Day.

Please stay on marked trails. Please let wild animals remain wild. Do not injure or damage any structure, rock, tree, flower, bird or wild animal within the park. Do NOT gather limbs, brush or trees (either dead or alive) for firewood. Do NOT pick up, cut, pull or dig up any plant. Do NOT feed or bait wildlife.

Anglers must be at least 13 years old and have a valid state license. Anglers age 12 and under are free. The season runs year-round, except in the closed fishing area behind the swimming beach, with permit. Please see the Indiana Conservation Congress for more information.
