TRAIL & DESCRIPTION DISTANCE DIFFICULTY
Wolf Creek 16.5 miles rugged
 Primitive trail traversing hills and ravines on west side of Brookville Lake, crossing no public roads or buildings. Ends at Fairfield Causeway. Beautiful lake views in spring and fall. To pick up Fairfield Trail, continue back to east side.

Memorial 2.5 miles Moderate
Easily accessed from many different locations. Travels eastern shore of Whitewater Lake through variety of forest types.

Call All 1 miles Moderate
Accesses family campground to beach areas of Whitewater Lake. North end is marked by cattails, providing habitat for many species of waterfowl and other birds.

Red Spring Loop 12 miles Rugged
Loop trail can be accessed from spillway or Nature Preserve parking lots. Majority of trail meanders through Horbemean Nature Preserve and past large hillside steep springs that leave minerals and iron deposits, casting a rusty color over surface water. Wonderful trail for spring wildflowers.

Lakehouse 37 miles Moderate
The short loop and longest trail starts and ends at Horbemean Nature Preserve parking lot, traversing hills and valleys of beautiful hardwoods along Whitewater Lake's western shore. Half-mile short loop is at beginning-watch for wooden signs. Long trail turns around at wooden steps and observation deck.

Bridle Trails 9 miles
A large loop trail traverses the edge of the property and can be accessed from a parking area off Horbemean Nature Preserve or Horsemen's Campground. Saddle barn trail is exclusively for saddle barn patrons.

Please stay on marked trails.

HORSES MUST STAY ON DESIGNATED HORSE TRAILS AT ALL TIMES.

Please let wild animals remain wild. Feeding or otherwise probiding food to wild animals can result in harm to both animals and people. Animals who depend on human food become more accustomed to 'human' and a danger to themselves. Please lock up all food and coolers inside cars or campers. Roll up car windows tightly.

Please be aware that Brookville Lake is a popular fishing destination and stocks are not maintained in this body of water. Please check your local angling regulations before fishing.

Brookville Lake provides flood control in the Ohio River Valley and helps reduce flood flows in the Ohio River. The lake also was developed for fish and wildlife, recreation, and municipal and industrial water supply. The lake is in Franklin and Union counties in southeast Indiana on the east fork of the Whitewater River.

White Memorial State Park was established in 1949 to honor those who served in World War II, Fayette, Franklin, Union and Wayne counties acquired the initial acreage, which included wooded rolling hills; steep ridges and ravines; level, open fields; and a manmade lake. The park's Horbemean Nature Preserve includes an unusually high number of hornbeam and hoptree hornbeam trees. In spring, the forest is covered with wildflowers.
