Reporting Requirements

In accordance with Indiana Code (IC) 20-30-16-12, the Indiana Department of Education (IDOE) is submitting the following report to the Interim Study Committee on Education regarding the [Indiana Course Access Portal \(iCAP\)](#). This report includes:

- The number of authorized course providers;
- The number of approved course access program courses and the number of students enrolled in each course;
- The number of approved course access program courses available by subject matter;
- The number of approved course access program courses each participating student is taking; and
- Student outcome data, including: (1) course access program course completion data; (2) student growth, performance, and growth to proficiency; and (3) student performance on state- or nationally-accepted assessments by subject area for each course provider. (Note: there is no growth or assessment data for the iCAP courses.)

Introduction

The Indiana Course Access Portal (iCAP) provides students in Indiana with options for taking online courses from a collection of offerings maintained by IDOE, in partnership with authorized course providers. Indiana school corporations can use these virtual opportunities in a variety of situations, including:

- Supplementing student schedules with desired courses;
- Addressing staffing challenges that may otherwise limit the range of courses a school can offer; or
- Expanding the range of courses offered at the local corporation or non-public school.

Schools and iCAP course providers are encouraged to work together for the success of enrolled students, as this collaboration is key to students' successful course completion. During the 2024-2025 school year, there were 7,465 course enrollments by 4,565 unique students. There were 205 unique courses offered by seven providers available for student enrollment. These students represent the 163 Indiana school corporations outlined in Table 1.

Authorized Course Providers in iCAP

During the 2024-2025 enrollment period, there were seven authorized course providers in the iCAP catalog. These providers are listed below in Table 2 with the number of courses each provider offers. The average cost per high school course (one credit) is \$280.64. The average cost per dual enrollment course is \$682.08.

In accordance with IC 20-30-16-14, IDOE is actively working to partner with additional higher education institutions to become iCAP course providers and expand iCAP's Indiana College Core course offerings.
