Proposal Strengths:

- Application was well-written and followed section guidelines. Presented a well-thought out and sustainable program.
- Clear and concise writing; your narrative stayed focused on your program priority, STEAM
- Clear need for programming activities in the area. Strong partnership with school corporation

Proposal Weaknesses:

- Formal assessment recommended to identify community needs; make sure assessments include youth voice
- Not enough detail on how STEAM activities will take place, at points it looks like Purdue Extension will be a key player in coming up with those but there is no MOU. The curriculum selected for STEAM is out of date (NASA Ignite, Versa Tiles)
