Course Description:

Why is inflation important? Why should I care about the GDP? By the way, what is the GDP? Be the one in the know about Economics and get ahead in the world. AP Macroeconomics gives you the tools to not only understand the news but make it. As the world becomes more complex, and competition for the best jobs comes from across the world rather than just across the street, you need to be ready. AP Macroeconomics gives you the tools to be leader in the world of finance.
