

Provider:

Trine University

Course Code:

3020, 3090

Content Area:

Science

Course Delivery:

Online

Enrollment Type:

Continuous

Course Description:

Five basic topics are discussed in some detail: biological chemistry, cell biology, metabolism, genetics, and animal organization and homeostasis. Laboratory exercises designed to introduce the student to scientific investigation and the structure and function of biological systems are an essential part of the course.

Credit:

4

Credit Type:

Dual Enrollment

NCAA Approved:

No
