

Thank you for making us your only stop for meals!

We love serving our community and we want to ensure all families wishing to receive meals have the opportunity to do so.

Meals are available for children and youth in your household 18 years old and younger. While the opportunity might exist to get more than your household's allotted share of meals, we highly encourage that you visit only one distribution site. This helps us ensure that there are enough meals to go around to all children. Thank you for your cooperation.

This institution is an equal opportunity provider.
