Indiana Teacher Compensation Report

Indiana Code (IC) 20-28-9-28 requires the Indiana Department of Education (IDOE) to annually report information concerning teacher compensation.

As reported by Indiana schools, the information included in this report outlines the percentage of schools meeting the requirements set forth in IC 20-28-9-28, which includes:

- The percent and amount that each school corporation expended and the statewide total expended for teacher compensation;
- The percent and amount that each school corporation expended and the statewide total expended for teacher benefits, including health, dental, life insurance, and pension benefits; and
- Whether the school corporation met the teacher compensation requirement.

This report outlines educator salaries and benefits expended at all 290 traditional public school corporations between July 1, 2025, and June 30, 2026.

Key Definitions

Form 9 is the financial data that is required to be submitted twice per year to IDOE. For the period from January to June, Form 9 is due on July 31, and for the period from July to December, Form 9 is due on January 31. Specific information regarding Form 9 reporting codes can be found in Appendix E: FY 2025 Form 9 Financial Data.

Teacher Compensation includes the following pursuant to IC 20-28-9-28:

- Adjunct teachers
- Supplemental pay for teachers
- Stipends
- Teacher benefits collected on Form 9
- Proportionate share of expenditures for teacher compensation made by a cooperative
- Drop-out recovery services for at-risk students provided by an eligible school

Full-Time Teacher means an individual licensed under IC 20-28-5 who has entered into a regular teacher's contract under IC 20-28-6-5 with a school corporation and whose primary responsibility is the instruction of students. An individual's primary responsibility is the instruction of students if the individual provides instruction to students in a classroom setting for at least 50% of the individual's work day. The individual's workday is the number of hours the individual is expected to work each day under the terms of the individual's contract with the school corporation.

Student Counts used in the report are the average of the fall and spring Average Daily Membership (ADM) counts taken on October 1 and February 1, respectively.

Large Size School equates to the top quartile of schools based on student count.

Mid Size School equates to the middle two quartiles of schools based on student count.

Small Size School equates to the bottom quartile of schools based on student count.

Tuition Support Amount includes the Basic Grant, the Special Education Grant, the Career and Technical Education Grant, the Academic Performance Grant, and the Non-English Speaking Grant.[1]

Teacher Compensation includes salary, retirement benefits, insurance benefits, tuition reimbursement, and food service meals.

Virtual Adjustment is the amount of tuition support generated by students who are receiving 100% of their instruction virtually from a third-party provider. Pursuant to IC 20-28-9-28(b) this amount should be subtracted from the tuition support amount used as the denominator.

Data Used

For purposes of the 2025-2026 Teacher Compensation Report, IDOE used three main data sets:

1. FY 2026 (July 1, 2025, through June 30, 2026) expenditures for teacher compensation as reported on Form 9
2. FY 2026 tuition support amount (as found on the June 2026 Form 54)
3. 2025-2026 Membership data

School corporations are classified as metropolitan, rural, suburban, or town, as reflected in the U.S. Census.

Fiscal Year 2026 Data

Total Compensation

For the first time in the 2025-2026 school year, school corporations were expected to spend at least 65% of the tuition support received on teacher compensation. Previously, the expectation was 62%. Teacher compensation includes the following employer-paid categories:

- Salaries
- Retirement benefits
    - Social Security
    - Public Employees Retirement Fund (PERF)
    - Teacher Retirement Fund (TRF)
    - Local retirement plans

[1] Since state tuition support for Indianapolis Public Schools and South Bend Community School Corporation includes innovation network charter schools whose Form 9 financial data is reported separately, the amount of state tuition support was reduced proportionately for Indianapolis Public Schools and South Bend Community School Corporation.

- Insurance benefits
    - Insurance (health, dental, vision, life, disability, workers compensation, unemployment, etc.)
    - Health Savings Accounts
- Other benefits
    - Tuition Reimbursement

In fiscal year 2026, Form 9 expenditure data show that traditional public schools spent a combined $5,562,190,198.45 on teacher compensation, which was 68.61% of the tuition support distributed to schools.

Table 1 shows the breakdown of the teacher compensation.

Table 1: Fiscal Year 2026 Teacher Compensation Breakdown

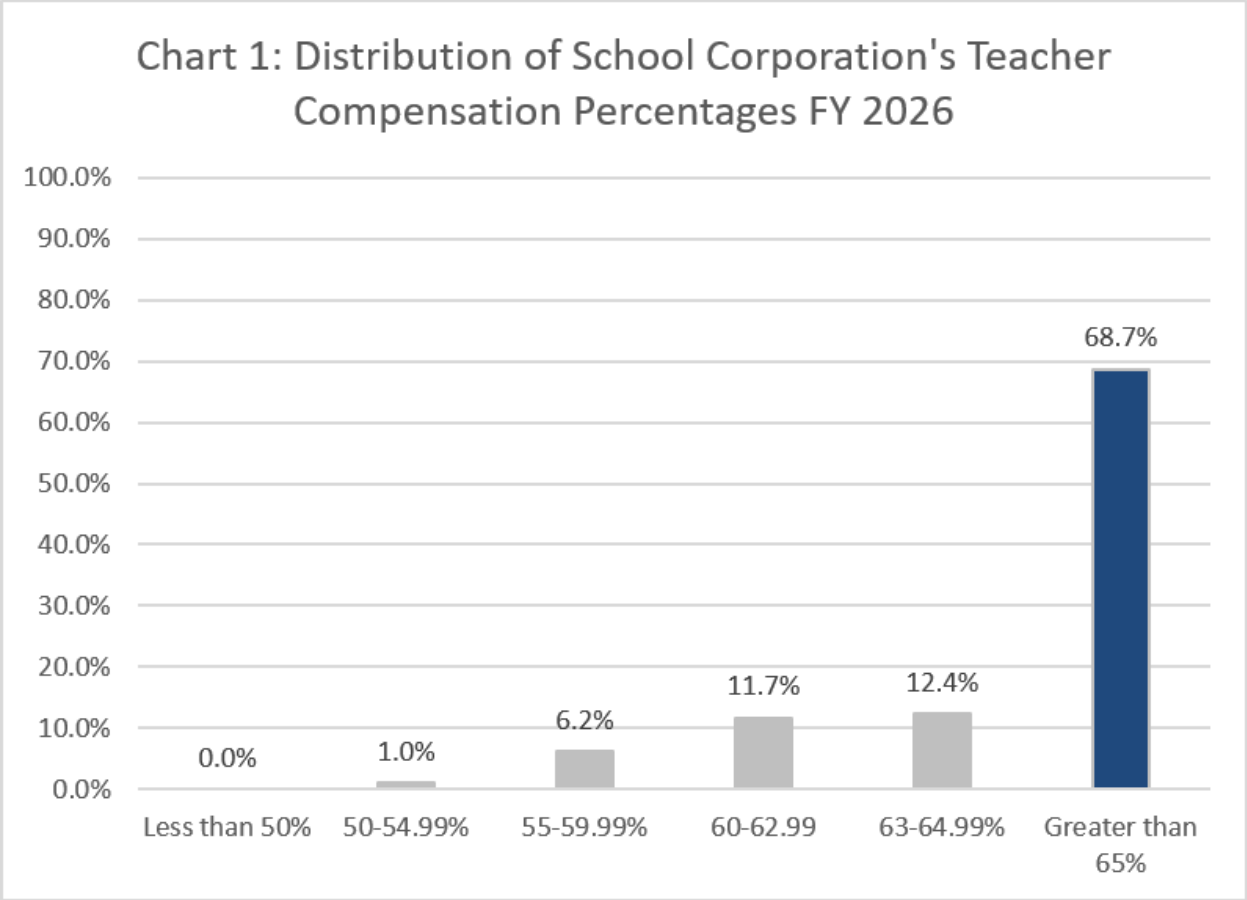

Cost Category	Expenditures All Funds	Percentage of Total Compensation	Percentage of Net Tuition Support[2] ($8,106,772,670)
Salary	$4,129,975,711.58	74.25%	50.94%
Retirement Benefits	$732,474,595.03	13.17%	9.03%
Insurance Benefits	$693,238,567.36	12.46%	8.55%
Other Benefits	$6,501,324.48	0.12%	0.08%
Total Compensation	$5,562,190,198.45		68.61%

Zero school corporations had a teacher compensation percentage less than 50%, a significant improvement from eight schools in 2024-2025. Furthermore, the lowest teacher compensation percentage was 51.56%, this is much higher than 2024-2025 school year's lowest of 29.88%.

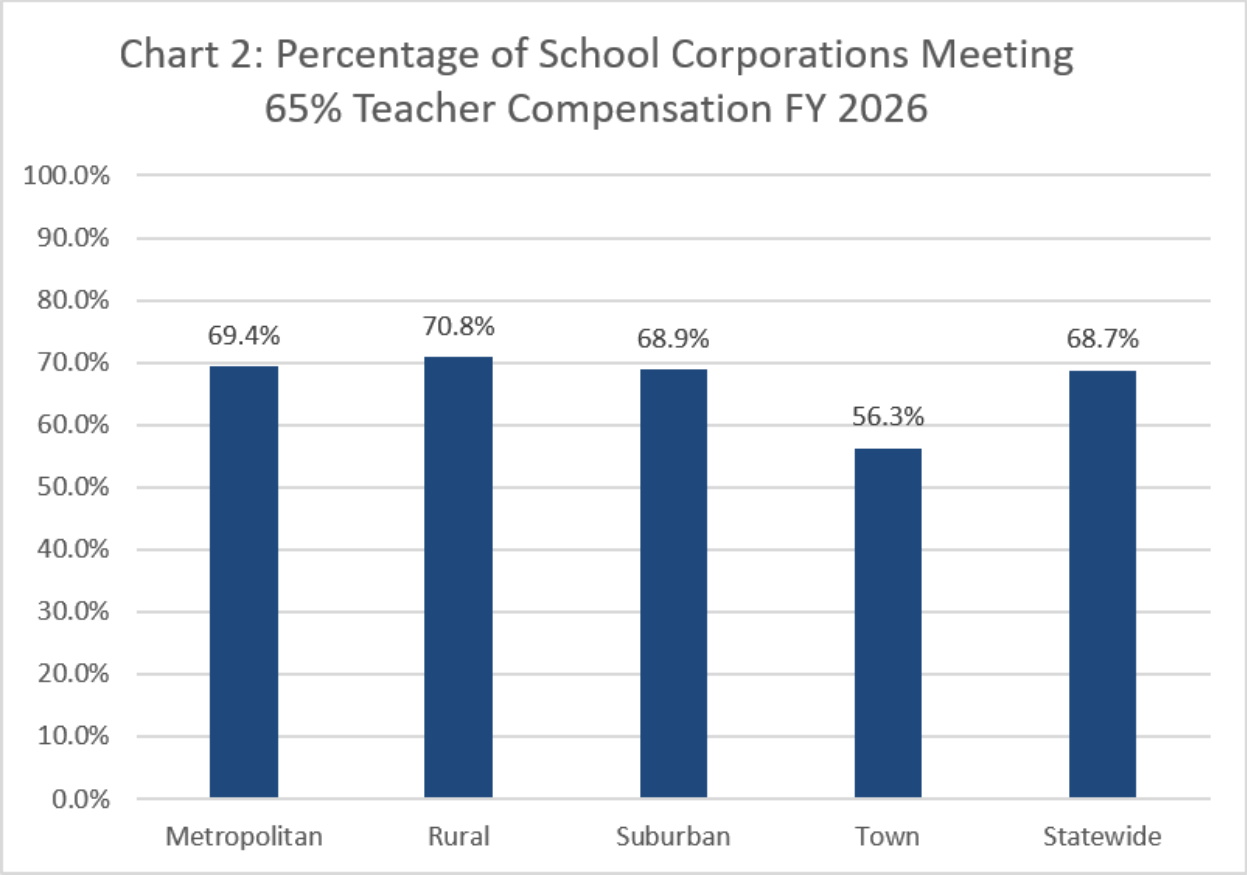

For the 2025-2026 school year, expenditures by school corporations on behalf of other school corporations are now only included in the school corporations those expenditures were on behalf of.

Of the 290 school corporations, 200 or nearly 70% met the requirement to expend at least 65% of the fiscal year 2026 state tuition support on teacher compensation. Chart 1 shows the distribution of school corporations' teacher compensation percentages. The blue bars indicate school corporations with a teacher compensation percentage greater than the 65% threshold. Chart 1 also shows that 12.4% of school corporations were within two percentage points of hitting the 65% teacher compensation threshold.

[2] Net Tuition Support is Tuition Support minus the Virtual Adjustment

As Chart 2 below shows, 69.4% of metropolitan school corporations met the requirement, while 70.8% of the rural school corporations met the requirement.

Demographics

As represented in Chart 3, the statewide median of teacher compensation per student was $5,858.18 for all funds. Metropolitan school corporations had the highest median teacher compensation per student at $6,232.50 in FY 2026. This only includes students who were not educated virtually by a third-party provider.

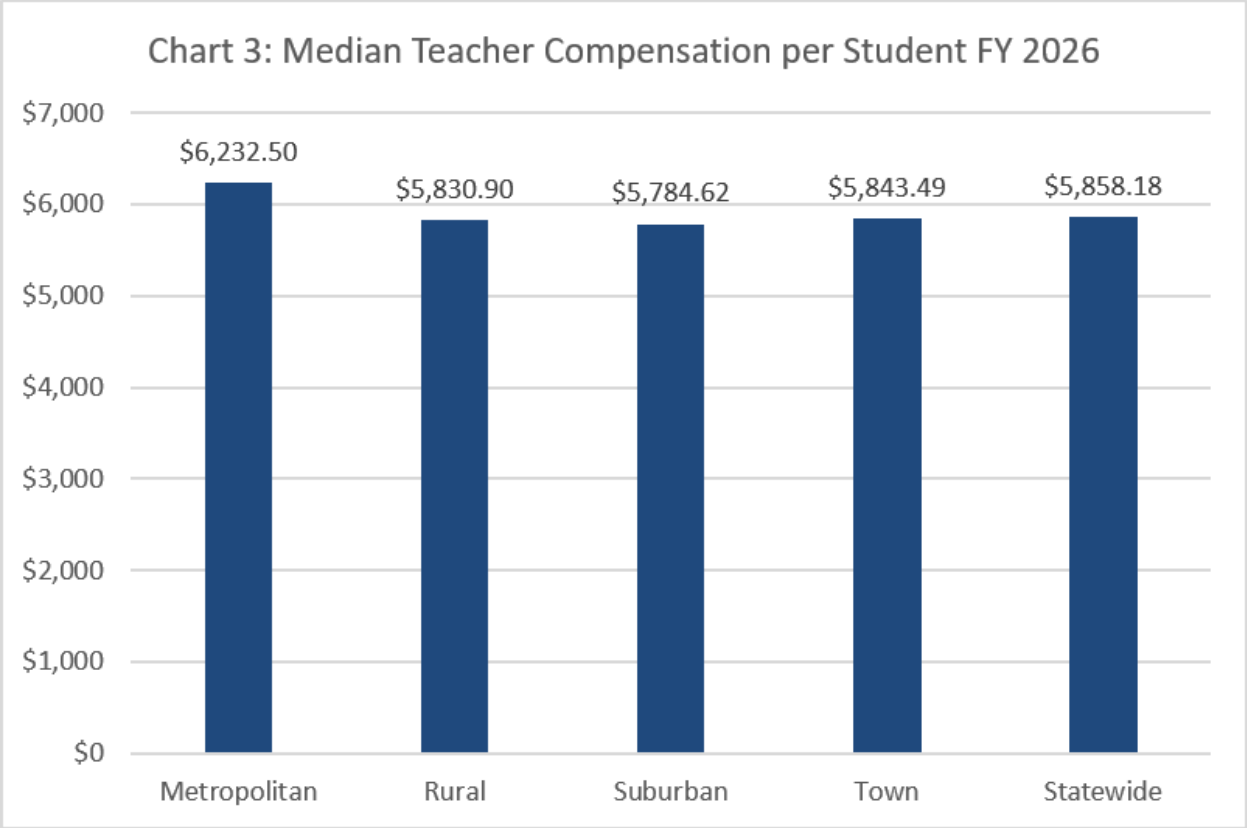

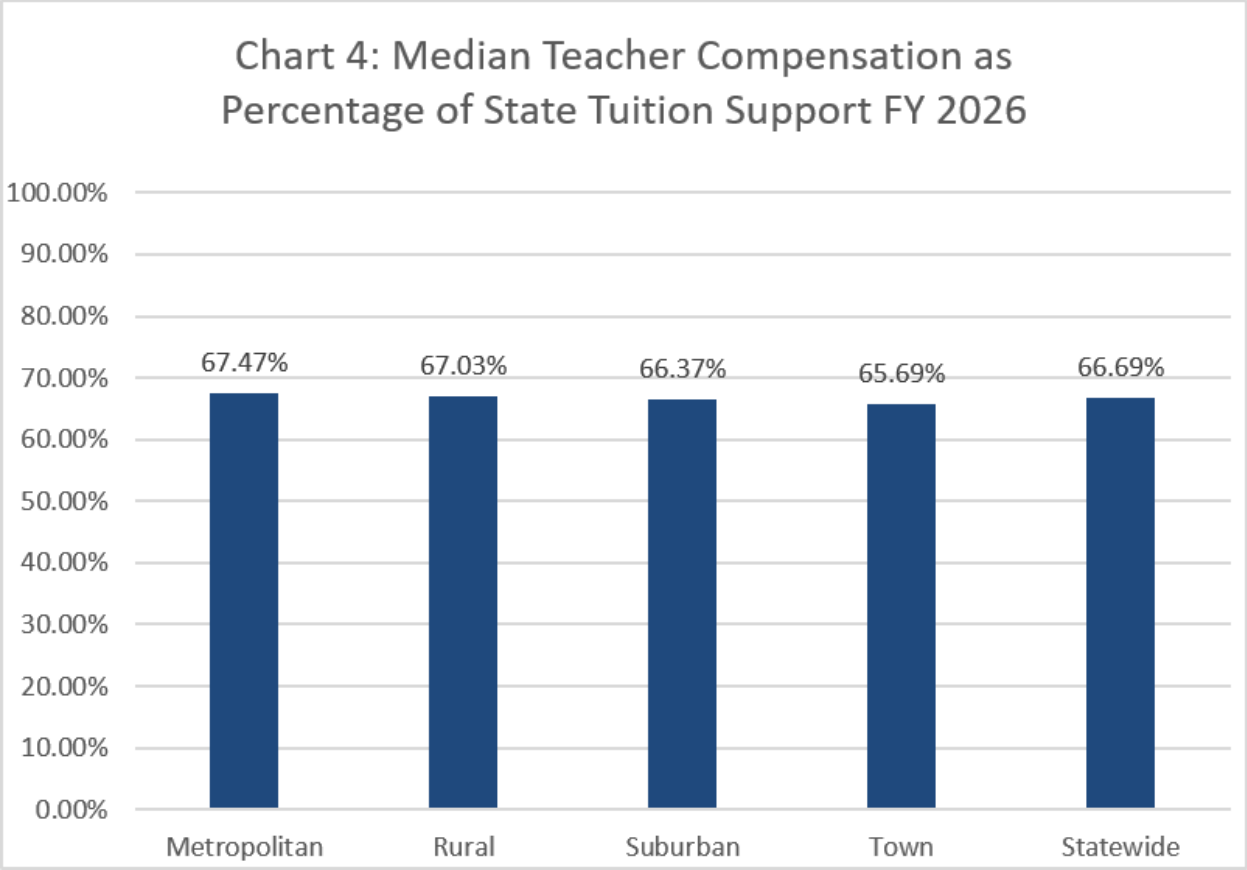

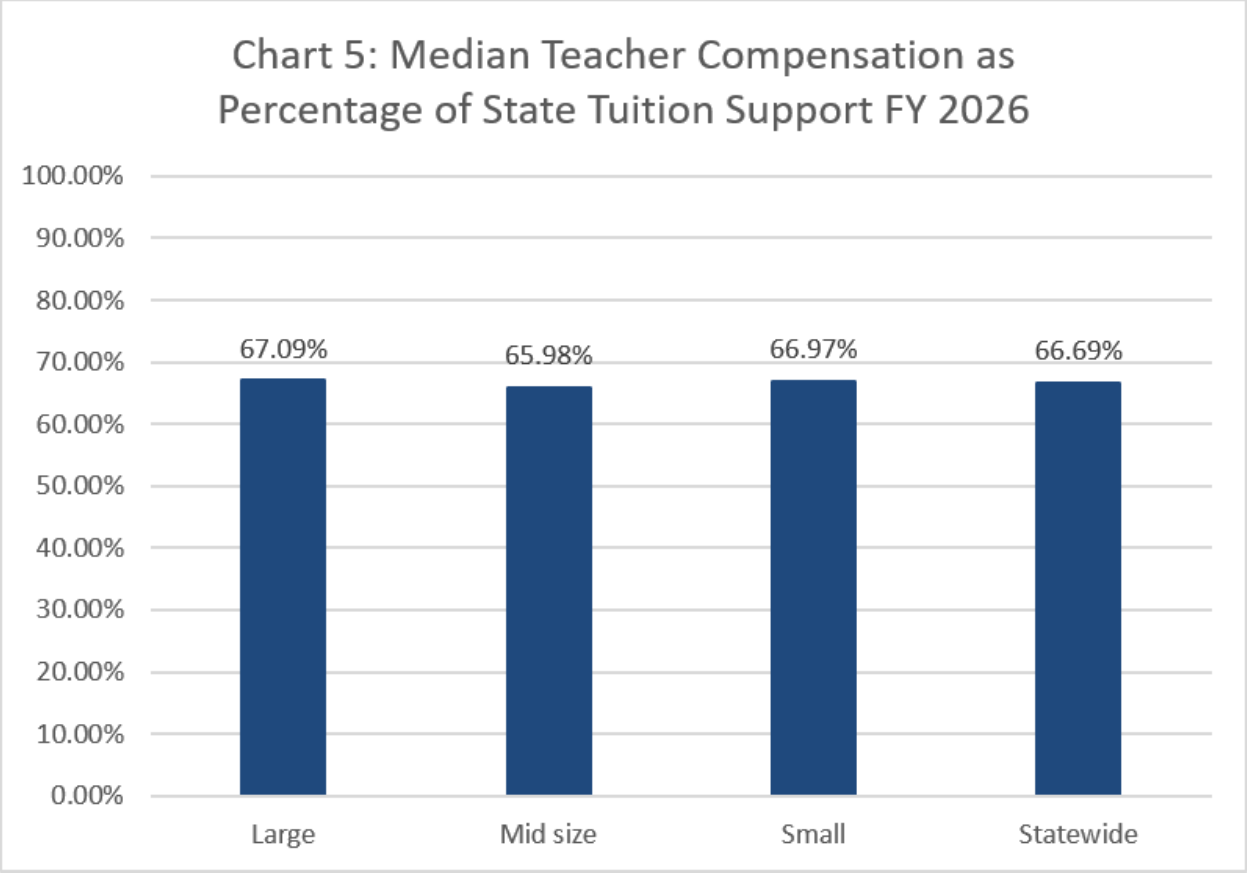

Chart 4 below shows the median teacher compensation as a percentage of state tuition support. The statewide median for teacher compensation as a percentage of state tuition support was 66.69% for FY 2026.

Size

Chart 5 below shows that large size school corporations had the highest median teacher compensation as a percentage of state tuition support at 67.09% in FY 2026.

Appendix E: FY 2025 Form 9 Financial Data

To complete Form 9, school officials file financial data, which includes, but is not limited to, revenues, expenditures, and cash balances. Data is filed in six-month increments and includes financial information for all state, local, and federal funds. Changes necessary to modify existing or add new object codes were requested by IDOE in summer 2021. In order to accurately track teacher benefits, as well as additional positions included in the definition of teachers, IDOE requested modifications to the chart of accounts again in January 2023.

- Form 9 financial data incorporated the following object codes:
  - 110 Certified Salaries
  - 120 NonCertified Salaries
  - 125 Terminal Leave
