

Everyday Safety Hero Award Application

The Everyday Safety Hero award provides Hoosier employers with the opportunity to nominate an individual who has championed workplace safety and health excellence in their respective workplace. The nominee is not required to be a safety or health professional. In fact, this award was developed to acknowledge and recognize the contributions, participation, and impact that a front-line employee plays in Hoosier workplace safety and health excellence. Recipients of the award will be honored at the Governor's Workplace Safety Award Luncheon during the Indiana Safety and Health Conference and Expo.

Please describe the individual's achievements, contributions, or impact in workplace safety and health. Please consider contribution(s) in one or more of the following areas:

- **Safety and Health Leadership** - Leadership in advocacy of worker safety and health initiatives which are above and beyond the traditional scope of one's position.
- **Innovation in Safety and Health** - Development of innovative practices and procedures that reduce occupational hazards or risk.
- **Promotion of Teamwork** - Encouragement of team safety awareness, communications, and advocacy of safe and healthy workplace.
- **Hazard Identification and Correction** - Encouragement of improved safety self-audits, incident reporting, and other practices which lead to hazard reduction.
