### **SIRS Inc. Recertified in Indiana's Workplace Safety and Health Excellence Program**

**INDIANAPOLIS** (March 23, 2017) – Southern Indiana Resource Solutions Incorporated (SIRS Inc.), of Boonville, Indiana, received consecutive certification as a participating organization in the Indiana Safety and Health Recognition Program (INSHARP). INSHARP sites are small Hoosier companies with exemplary workplace safety and health culture and achievement.

SIRS Inc., provides supportive services for adults and children with disabilities. Services offered include community rehabilitation, residential habilitation, facility group rehabilitation, employment services, and transportation services. The facility includes two residential homes and also leases office space to Women, Infant, and Children (WIC) and a daycare. The Booneville location houses the company's headquarters, while operations are also carried out at four other Indiana locations: Troy, Jasper, Tell City, and Ferdinand.

“SIRS Inc. not only provides important services to citizens across the state but also supports a culture of workplace safety and health for its employees,” said Commissioner of Labor Rick J. Ruble. “The Indiana Department of Labor is proud to recertify SIRS Inc. for outstanding achievement in occupational safety and health.”

The site's three-year workplace injury and illness rate is approximately 35 percent lower than the national industry average of 5.7.

#### **About the Indiana Department of Labor:**
