DISCLAIMER: Information bulletins are intended to provide nontechnical assistance to the general public. Every attempt is made to provide information that is consistent with the appropriate statutes, rules, and court decisions. Any information that is not consistent with the law, regulations, or court decisions is not binding on either the department or the taxpayer. Therefore, the information provided herein should serve only as a foundation for the further investigation and study of the current law and procedures related to the subject matter covered herein.

SUMMARY OF CHANGES
Aside from nonsubstantive, technical changes, this bulletin is changed to reflect increased amounts for the civil service annuity deduction from $2,000 to $8,000 for 2015 and a further increase to $16,000 for 2016 and thereafter.

CIVIL SERVICE ANNUITY ADJUSTMENT
IC 6-3-2-3.7 allows a deduction for a portion of a federal civil service annuity. To qualify for the civil service annuity adjustment, the taxpayer must be at least 62 years old at the close of the tax year and received a civil service annuity included in adjusted gross income while a resident of Indiana. The individual’s surviving spouse also qualifies for the deduction but does not have to be age 62 or older to qualify.

The allowable adjustment is equal to the federal civil service annuity received up to a maximum of $8,000 for 2015 and $16,000 for 2016 and thereafter, minus the total amount of Social Security and tier 1 and tier 2 railroad retirement benefits received while a resident of Indiana.
Example. During 2015 a full-year Indiana resident who was 66 years old received a civil service annuity of $17,000. This person also received Social Security retirement benefits of $1,300. The taxpayer received no other income during the year.

The taxpayer would be entitled to a civil service annuity adjustment of $6,700, computed by subtracting the $1,300 Social Security retirement benefits from the first $8,000 of civil service annuity received.

MILITARY SERVICE DEDUCTION FOR MILITARY RETIREMENT OR SURVIVOR’S BENEFITS

IC 6-3-2-4 allows a deduction for military retirement pay or survivor’s benefits received as a result of the individual’s active or reserve service in the armed services.

To qualify for the military service deduction for military retirement or survivor’s benefits, the taxpayer or surviving spouse must be at least 60 years of age on the last day of the tax year and have received military retirement or survivor’s benefits while a resident of Indiana. The allowable adjustment is the amount of military or survivor’s benefits received while a resident of Indiana and included in adjusted gross income. For taxable years beginning after Dec. 31, 2007, the maximum allowable deduction is $5,000.
