

INTIME User Guide for Electronic Cigarette Tax Registration

Effective June 2022

Last revised: June 2023

Welcome to INTIME

New Indiana state legislation (Indiana Code 6-7-4) was passed in early 2021 imposing an Electronic Cigarette Tax to be collected by retailers on the sale of open system containers and vapor products. Information Bulletin #206 will be updated (June 2022) to include information on the new e-cigarette tax and available at dor.in.gov/files/reference/gb206.pdf.

This state legislation requires retailers to apply for an Electronic Cigarette Retail Dealer's Certificate (ECG-1A) with the Indiana Department of Revenue (DOR). Retailers can register for the new tax and submit an application for the ECG-1A certificate via DOR's new e-services portal, the Indiana Taxpayer Information Management Engine (INTIME), at intime.dor.in.gov.

This guide provides instruction on how to register for the new electronic cigarette (e-cigarette) tax and apply for the ECG-1A certificate and serves as an additional resource to the [INTIME User Guide for Business Customers](#). All INTIME guides are available at dor.in.gov/online-services/intime-tax-center.

As an alternative to registering online for the new tax, an application form is available at dor.in.gov/business-tax/cigarette-and-other-tobacco-products-tax.

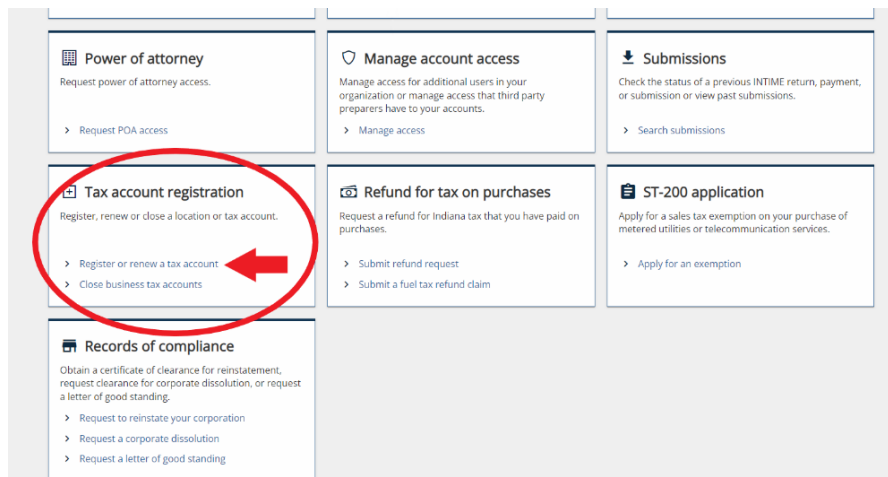

Note: Electronic return filing of the new e-cigarette tax is required, however, paper forms with instructions are available so that tax customers can see what is required.

How to Apply via INTIME

Retailers can register for the new e-cigarette tax license at intime.dor.in.gov, with or without logging in to INTIME.
