

STANDARD DRAWING E 601-MGSA

SHEET	EFF. DATE	BY	REVISION
05	09/01/19	EP	<u>EDITORIAL</u> -Changed dashed lines to solid lines on right side of elevation view of MGS W-beam quarter post spacing, 1'-6 ¾." Deleted extraneous space in MGS W-beam half post spacing, 3'-1 ½."
09	09/01/19	EP	<u>EDITORIAL</u> -On the typical section at CRT post added a circle at the intersection of the slope and the face of MGS long-span and made the broken line at the top of the post a solid line. On structure headwall projection less than or equal to 2" made all of the post lines dashed.
11	09/01/19	EP	<u>EDITORIAL</u> -Changed dimension points of MGS Guardrail transition. Revised dimension, callouts and note #6. Added guardrail end treatment option beyond post #17. Removed W-Beam section length.
12	09/01/19	EP	<u>EDITORIAL</u> - Changed dimension points of MGS Guardrail transition. Revised dimension, callouts, and note #5. Added guardrail end treatment option beyond post #17. Removed W-Beam section length.
13	09/01/19	EP	<u>EDITORIAL</u> -Changed line scales so that center lines more accurately reflect center lines. In lap detail at bridge railing transition plan views added s to detail and removed s from views.
14	09/01/19	EP	<u>EDITORIAL</u> -Changed 2'-7" dimensions to 2'-7 ¾" on posts. Removed s from posts 12 as it is singular. Separated side view and front view titles.
15	09/01/19	EP	<u>EDITORIAL</u> -Removed the word finish from finish shoulder callout.
01-23	09/01/18	EWP	<u>NEW</u> -New series added. Approved by Standards Committee May 2017. Revised November 2017.
