

INDIANA DEPARTMENT OF TRANSPORTATION

Driving Indiana's Economic Growth

Design Memorandum No. 17-12 Technical Advisory

May 30, 2017

TO: All Design, Operations, and District Personnel, and Consultants

FROM: /s/Elizabeth W. Phillips
Elizabeth W. Phillips
Office of Standards and Policy Manager
Bridges Division

SUBJECT: Foundation Review Form Submittal

REVISES: *Indiana Design Manual* Section 14-2.04(06) & 14-2.04(09)

EFFECTIVE: Immediately

Current guidance in the *Indiana Design Manual* (IDM) directs designers to include the Foundation Review Form in Stage 2 Submittal documents. Loads on the Foundation Review Form should be based on Final Design Loads and appropriate Load Factors, and these loads are typically not available until after Stage 2.

The referenced *Indiana Design Manual* (IDM) sections have been revised to move the Foundation Review form submittal from the Stage 2 Review Submission to the Stage 3 Review Submission.

The Foundation Review procedure described in IDM 408-1.06(02) and the Foundation Review form remain unchanged. The Foundation Review form (Figure 408-1B) is available for download from the Department's [Editable Documents](#) webpage, under Bridges.
