**DESIGN MEMORANDUM No. 00-15**  
**TECHNICAL ADVISORY**

**TO: All Design, Operations, District Personnel, and Consultants**

**FROM: /s/ Anthony L. Uremovich**  
**Anthony L. Uremovich**  
**Acting Design Policy Engineer**  
**Contracts and Construction Division**

**SUBJECT: Design Data Information on Title Sheet**

**EFFECTIVE: Immediately**

The Design Data information block on the Title Sheet for all project plans should conform to the format shown below. Part V of the Indiana Design Manual contains geometric design tables which reflect the scope of project construction. The applicable design criteria in such tables is based not only on traffic volume characteristics, but also on road classification, rural or urban setting, type of terrain, and access control. The information block will have all of these design controls defined in one location. Anyone looking at the plans will immediately know which geometric design table and what design criteria were used in the project development.
