Seed mixture CV was deleted from the INDOT Standard Specifications effective with the September 1, 2004, Supplementals. The pay item Seed Mixture, CV, with code no. 621-06548, should no longer be specified. The seed mixtures that are otherwise required should be specified for an area where seed mixture CV was applicable.

For such an area requiring erosion control prevention measures, the designer should also see *Indiana Design Manual* Sections 45-3.03 and 55-4.05(10) for guidance. If slopes of 2:1 or steeper are required, the designer should contact the Design Division's landscape architect.
