DESIGN MEMORANDUM No. 05-32
TECHNICAL ADVISORY

TO: All Design, Operations, District Personnel, and Consultants

FROM: */s/ Anthony L. Uremovich*
Anthony L. Uremovich
Design Policy Engineer
Contracts and Construction Division

SUBJECT: New Estimator Software Pay Item List

EFFECTIVE: Immediately

The new pay item list for Estimator (06 year) presently does not show all of the pay items from the previous list (93 year). The Contracts Section decided not to copy all of the pay items into the new list, since there were so many items that were only used once, and that some items were not under the correct Standard Specifications section reference. The 06 item list is being updated almost daily. If you do not see a pay item that you know was in the 93 item list, contact John E. Healy at 317-233-3519 or e-mail him at jhealy@indot.state.in.us to request a pay item be added to the 06 list. The new pay item list will be published monthly on the Department's website to keep it as up to date as is practical. Note that some of the pay item names have changed effective with the 2006 Standard Specifications.
