

INDIANA DEPARTMENT OF TRANSPORTATION

Driving Indiana's Economic Growth

Design Memorandum No. 09-02 Technical Advisory

January 13, 2009

TO: All Design, Operations, and District Personnel, and Consultants

FROM: /s/ Anthony L. Uremovich

Anthony L. Uremovich

Design Resources Engineer

Production Management Division

SUBJECT: Superelevation Runoff Length

REVISES: Indiana Design Manual Sections 43-3.03(01) and 43-3.03(02)

EFFECTIVE: Notice to Proceed with Design beginning January 20, 2009

If the calculated superelevation runoff length is less than the value of L_r shown in AASHTO *Policy on Geometric Design of Highways and Streets* Exhibit 3-32, use the value shown in the Exhibit.

For a site-specific situation, the Exhibit 3-32 value of L_r may not be attainable. If so, a Level One design exception request should be submitted for approval.
