## Design Memorandum No. 10-23 Technical Advisory

October 5, 2010

**TO:** All Design, Operations, and District Personnel, and Consultants

**FROM:** /s/ David Boruff  
David Boruff  
Traffic Administration Section Supervisor  
Traffic Support Division

**SUBJECT:** Pavement-Marking Materials

**REVISES:** *Indiana Design Manual Section 76-3.0*

**EFFECTIVE:** January 12, 2011, Letting

Due to current raw-material shortages with thermoplastic marking material, thermoplastic pavement markings should not be specified for contracts to be let through the July, 13, 2011, letting. Paint or epoxy markings should be specified for such work, as described in *Indiana Design Manual Section 76-3.0*.
