

METHODOLOGIES - a set of methods, principles, and rules for regulating a given discipline, as in the arts and science.

Page 4 Rule 4. Sec 1. (A) The department shall institute those procedures and methodologies? consistent with this rule in administering the application process.

(b) The department shall report

MISSING DOES NOT DIRECT DEPT TO PROVIDE DENIED APPLICATIONS TO COMMISSION FOR REVIEW - PURPOSE OF DOING SO IS TO EDUCATE COMMISSION ABOUT DENIALS SO IC CAN BE CHANGED OR COMMISSION CAN DIRECT CHANGES IN PROCESS.

Page 5 top of page. item (5) IF the applicant is deemed eligible, the department shall effect prompt payment to the applicant, etc

No indication that payment to individual SHOULD BE RARE AND LAST COURSE TAKEN. ALSO NO INDICATION WHOSE INFO REQUIRED TO MAKE PAYMENT TO THEM.

(8) ~~REQUIRE~~ Denial LETTER. (Suggest copy go to Commission with application)

PAGE 5 Rule 5 Sec. 10X (3) Proof includes "the dependent of a Qualified service member"...

This is wrong. - Dependents should NOT have this Right - only service member or their legal representative as identifier in Ins Code. i.e. & power of ATTORNEY.

* (2) Proof of IN RESIDENCY. (What is proof)

~~(1) Spouse Name should NOT be required~~
~~the no address~~

(3) cont. (3)(A)(i) that the applicant is currently serving or ~~has served on~~ active duty was previously a member of the armed forces of the United States or national guard.

Should there be an AND after this to include (A)(ii) or a requirement also there should be an AND after A(ii) to include (A)(iii)?

Page 5. Rule 5 Sec 1 (4)

Documentation of and a statement explaining the need for short term.

→ Need to define "Short Term"

~~Need to also know what other criteria~~
~~and what other criteria for the organization~~
~~has been brought~~

Page 7. Eligibility criteria Sec. 2(b)

(2) the term of qualifying military service is less than 12 mos.

NOTE: Recommend adding: the 12 months MUST include period of service on Active duty during one of the approved conflicts above but ~~does~~ NOT req 12 months. AND the 12 months of service can be a combination of Active & Active Reserve Duty. Inactive Reserve service should NOT count (IRA or NR). The ~~#~~ 12 months of service do NOT need to be consecutive.

Reg 8 Hardship Criteria Sec 4(a)(1)

The hardship incurred by the applicant must: (1) be a reasonable and logical consequence of the applicant's service in the armed forces or the national guard;

Who decides what is & is not?

Why is this considered?

What value does this provide?

Where in IC does it say this is required?

~~that~~ What is the time frame for this requirement from service to emergency need?

(2) ~~to~~ directly impact the applicant's most central and basic living needs.

~~Can~~ this be explained?

What is considered "most central" and "basic"?

I do not consider education workforce or employment; and childcare or ~~essential~~ most central or basic

Page 8 NEED DETERMINATION Considerations
Sec 5 (c)

The department may, in lieu of making an award directly to the applicant.

I recommend changing to Required
DEPARTMENT TO Pay Vendors
AND ONLY APPLICANTS AS AN EXCEPTION !!

(d) If the department determines,
the Commission will make
appropriate efforts to expedite
that application.

Should be "DEPARTMENT" and
not Commission.

Page 9 Amount of Assistance (b)
THE COMMISSION . . .

Recommend also considering THE
Fund in the MRF and NOT
the M Trust Fund. The more you
give to 1 person the less there could
be for someone else later.
