

## 2016 Mental Health Summit “Sustaining our Joint Commitment to Improve Access to Mental Health Care of Veterans and Their Families”

August 4, 2016

Dear Collaborative Partner:

On behalf of VA Northern Indiana Health Care System, I would like to invite you to participate in our 2016 Mental Health Summit.

The purpose of the Mental Health Summit is to enhance the mental health and well-being of Veterans and their family members through increased collaboration between the VA and the community. Our goal is to engage in active dialogue on how we as a community can address the mental healthcare needs of Veterans and their families.

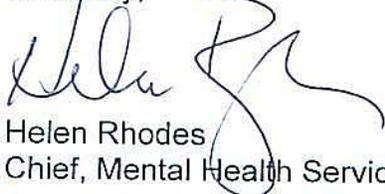

Family members are important in developing a comprehensive plan of care and should be included in each Veteran's total plan of care. Providing care and support to family members is equally important to each Veteran's comprehensive plan of care.

The objectives/topics of this year's discussion at the MH Summits will be focused on access and suicide prevention. We will additionally continue conversations from previous years to build upon the collaborations created.

Registration information, location, and directions are listed on the following page. Continuing Education Units (CEUs) will be earned for attendance. We look forward to seeing you there.

A special thank you to Parkview Behavioral Health for their collaboration in planning our 2016 Mental Health Summit and their generosity in allowing us to use the Mirro Center.

Sincerely,

Helen Rhodes  
Chief, Mental Health Service

\*Please do not bring any food into the Mirro Center.

Enclosed: Registration; Information Sheet; Map of Nearby Restaurants
