

# Advance Women in Technology

## with Fully Funded Internships This Summer.

To increase the number of women in technology careers, grow the local economy and train skilled talent in central Indiana, Ivy Tech Community College has partnered with Indy Women in Tech to create the IvyWorks-IWiT internship program.

### INTERN TRAINING/EDUCATION

- Cyber Security
- Information Technology Support
- Informatics
- Software Development
- Database Management
- Network Infrastructure
- Server Administration

### PROGRAM BENEFITS

- Utilize free interns
- Build an IT pipeline for your business
- Fill jobs in the near future with vetted and tested employees
- Onboarding, HR and Accounting handled by Ivy Works personnel

The program will cover tuition, books and fees, as well as provide supplementary funding for childcare, transportation and other needs for women enrolled. This support drastically improves retention and success rates among students.

*“By opening up their doors to interns, employers are helping our students gain real-world experience, and in return, we are helping form a skilled pipeline for the tech industry in Indiana.”*

**DR. KATHLEEN LEE**

Chancellor of Ivy Tech, Indianapolis

Participating Partners

## IVYWORKS – INDY WOMEN IN TECH (IWIT)

IvyWorks is a program at Ivy Tech Community College that gives you support, professional development and networking opportunities while you earn a degree or certificate in one of Indiana's fastest-growing fields.

### INDY WOMEN IN TECH (IWIT)

Indiana needs more women in technology. That's why Ivy Tech Community College and Indy Women in Tech partnered to create the IvyWorks - IWIT program. Women in the program are provided with wraparound support and resources while pursuing a career in technology.

As Indianapolis becomes one of the fastest growing technology hubs in the country, tech companies are relocating and expanding here, providing thousands of career opportunities. Ivy Tech can help you acquire the skills and knowledge you need to land one of these in-demand jobs, as well as connect you with employers who are hiring right here in Indiana.

### PROGRAM BENEFITS

- Paid internships with local companies
- Professional development
- Business networking and supportive services
- Links for participants with female mentors
- Professional groups

In addition, participants may be eligible for scholarships to help cover costs and wraparound services to address financial barriers.

## WHY SUPPLY CHAIN MANAGEMENT/LOGISTICS?

### WHY IVYWORKS?

IvyWorks at Ivy Tech Community College gives adult learners like you the support you need to earn industry-backed credentials in some of Indiana's fastest-growing fields. The program is designed to meet the needs of adult learners to balance school, work and family obligations. Participants gain access to customized employability training, business networking and supportive services, all at no additional cost.

### WHY SUPPLY CHAIN MANAGEMENT/LOGISTICS?

Indiana is recognized as a global leader in logistics. Ivy Tech's Supply Chain Management/Logistics (SCML) program prepares students to enter the workforce with the skills demanded in this industry. Logistics refers to the movement and storage of raw materials, work-in-process inventory, analysis and finished goods. Students study and become familiar with the technologies and information systems used to track goods and increase efficiencies.

In the program, students will earn industry-backed certificates and/or an associate degree. The curriculum was developed with input from the Conexus Indiana Logistics Council, which represents some of Indiana's largest SCML employers.

### ASSOCIATE DEGREE PROGRAM OPTIONS

- Associate of Science (on campus or online)
- 60 credit hours
- Optional bachelor's degree transfer partnerships. Franklin University of Ohio even offers an onsite transfer partnership in Indianapolis!

### SHORT-TERM CERTIFICATE PROGRAM OPTIONS

- Certificates (on campus or online)
- 21 credit hours
- Students will be prepared to take the national Certified Logistics Associate (CLA) and Certified Logistics Technician (CLT) certification exams. Both tests are administered by the National Manufacturing Skills Standards Council (MSSC) and are separate from Ivy Tech Community College degrees and certificates. Additional fees may apply.

### CAREER PATHWAY – TRANSPORTATION MANAGEMENT

- CLA/CLT Certificate: \$16.69/hour
- Associate degree: \$25.26/hour
- Bachelor's degree: at \$39.10/hour

### OTHER LOGISTICS CAREERS

- Industrial Production Managers: \$42.27/hour median salary
- Purchasing Managers: \$43.15/hour median salary

*Data is specific to Indiana and taken from EMSI April 2017.*
