

Think About It?

1. Based on the map, is the cervical cancer rate for West Virginia higher or lower than the national average? Why?
2. Why do you think Kanawha County has one of the higher death rates from cervical cancer in the state?
3. The annual mortality rate from cervical cancer is 2.4 per 100,000. Is West Virginia higher or lower than this rate? Why?
4. How does Kanawha County compare to the national and state mortality rates? Why?
