Re: Notice Pursuant to Federal Worker Adjustment and Restraining Notification Act

Dear Sir/Madam:

On October 31, 2013, we provided you with notice regarding a layoff affecting the Viking Mine facility. At that time, we notified you that the Viking Mine would cease production as early as the end of December 31, 2013. The anticipated reduction in workforce needs for production, reclamation and recovery work were not as extensive as initially anticipated. As of January 1, 2014, approximately 80 employees will remain working at the mine. A number of employees have already been placed at other Peabody mines in the Midwest. However, due to continuing business needs during the closure process, the mine now anticipates that all remaining employees will be placed at other Peabody mines in the Midwest or laid off on or about January 31, 2014.

Please do not hesitate to contact the designated reference in our prior correspondence should you have any questions.

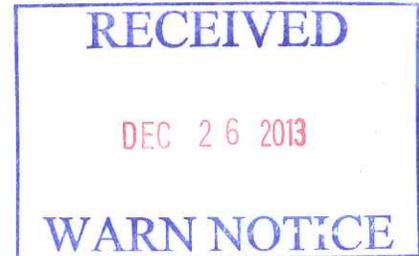

Sincerely,

A handwritten signature in black ink, appearing to read "Gene Koch".

Gene Koch
