Expansion of Technical Assistance through TABs

Content

The purpose of Technical Assistance Bulletins is to provide formal, additional guidance to the Regional Operators, the Workforce Investment Board Director, Indiana Department of Workforce Development (DWD) staff, service provider staff, and other interested workforce development individuals. DWD believes policies often address issues at a very high level and contain very little operational direction. These bulletins are intended to address specific issues not fully covered in DWD policies. They are to provide technical assistance and be user friendly and helpful to all. The bulletins fall under the DWD heading of a "Formal Communication", issued under the signature of the Director of Program Policy, and be considered official communication to the workforce development system.

As Indiana's workforce development system implements and embraces integration, these bulletins will be a major source of technical assistance to the field on Workforce Investment Act, Wagner-Peyser, Veterans, Trade Adjustment Assistance, and Unemployment Insurance programs. Recipients of the bulletins are to ensure that all staff affected by the guidance receives the guidance in a timely manner.

Questions may be directed to Jennifer Biddle of the Policy Unit at 317/232-7459 or by email at jbiddle@dwd.in.gov.
