**RE: Policy and processes changes for the CMHW program**

The CMHW team announces the following policy and procedure changes to the Child Mental Health Wraparound program. These changes will become effective on July 1, 2025.

- To provide support and ongoing coaching by the DMHA Site Coach, upon request Wraparound Facilitation agencies will make available their CFT schedule and/or submit recordings of CFTs to the DMHA site coach for review. When available and/or if requested, the DMHA Site Coach can observe and provide support to supervisors and facilitators during CFTs.
- Supervisors are required to participate in monthly check-ins with DMHA Site Coaches
- Supervisors must provide skill-based 1:1 supervision to Wraparound Facilitators a minimum of twice a month. Supervisors are required to document each supervision episode, using the approved DMHA tool. This documentation should be submitted to the DMHA Site coach monthly on the 5th business day of the month following supervision. The DMHA Site coach will discuss and provide feedback during regularly scheduled coaching sessions with the wraparound supervisor.
- Discontinue use of all tools and materials affiliated with the National Wraparound Implementation Center (NWIC)
- All new Wraparound Facilitators will be required to participate in the Wraparound Basics training
