

Office of Medicaid Policy and Planning

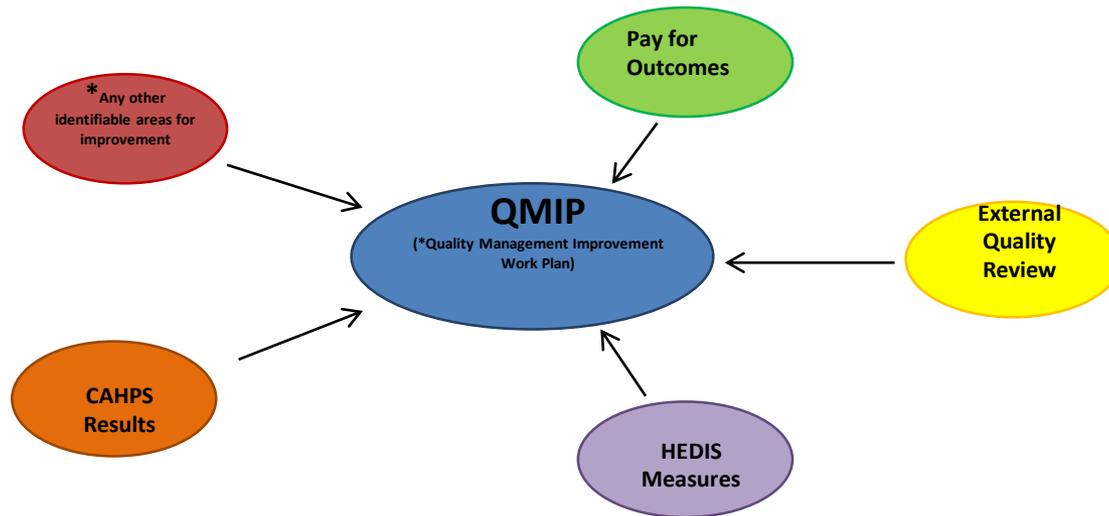

2016 Quality Strategy Plan

Quality Strategy Plan - overview

- 42 CFR 438.020(a) requires states with managed care to develop an annual written strategy for assessing and improving the quality of managed care services.
- Includes history, overview, goals, objectives, methodology, interventions, quality management structure, timelines for measurement and monitoring

Quality Strategy Plan - overview cont.

*All gaps in any of the above areas should be addressed in the QMIP.

*Any additional areas for improvement will be identified by OMPP.

Quality Strategy Plan - overview cont.

*All gaps in any of the above areas should be addressed in the QMIP.
