1115 Annual Report

Healthy Indiana Plan (HIP)

Substance Use Disorder (SUD) — Seriously Mentally Ill (SMI)

Holly Cunningham Piggott,
Director of Care Programs, OMPP

CMS 1115 Demonstration Waiver

- Allows states to test new, innovative ideas in Medicaid programs.
  - Different ways to deliver care
  - Expand health coverage
  - Change service rules
- States can use federal Medicaid funds in ways that are not otherwise allowed.
- Per CFR 42 CFR 431.420(c): Once implemented, the state is required to report on the progress of the demonstration waiver.

Agenda

- HIP Demonstration Update
  - Eligibility Overview
  - Enrollment
  - Utilization
- SUD and SMI Demonstration Update
  - Overview
  - Facilities Update
  - Utilization

HIP demonstration update

HIP overview

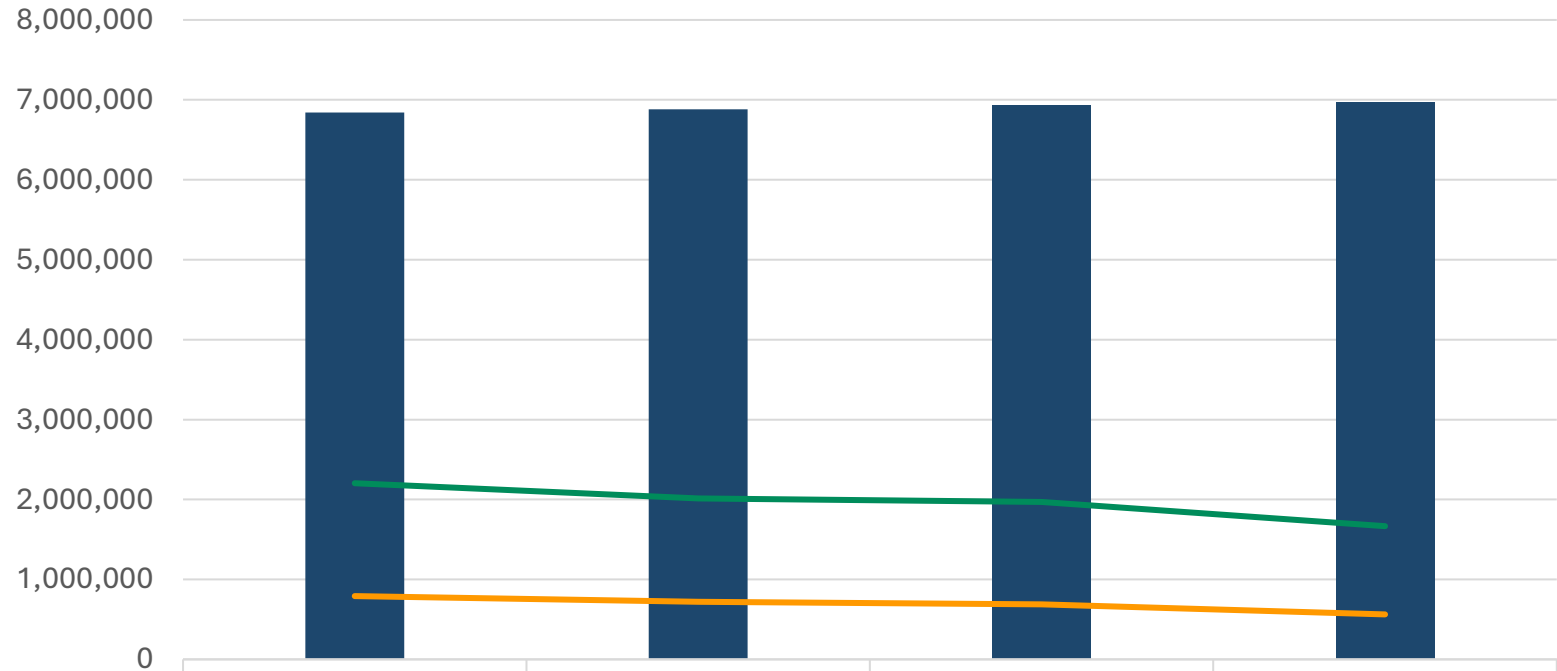

Who is eligible?

- Indiana residents
- Ages 19–64
- Income under 138% of the federal poverty level (FPL)
- Not eligible for Medicare or any other Medicaid category
- Includes adult expansion population, low-income caretakers, maternity, and medically frail

Program Goals

- Expand coverage to reduce the number of uninsured
- Improve access so low-income residents can receive medical services
- Promote prevention and encourage healthy behaviors and early intervention

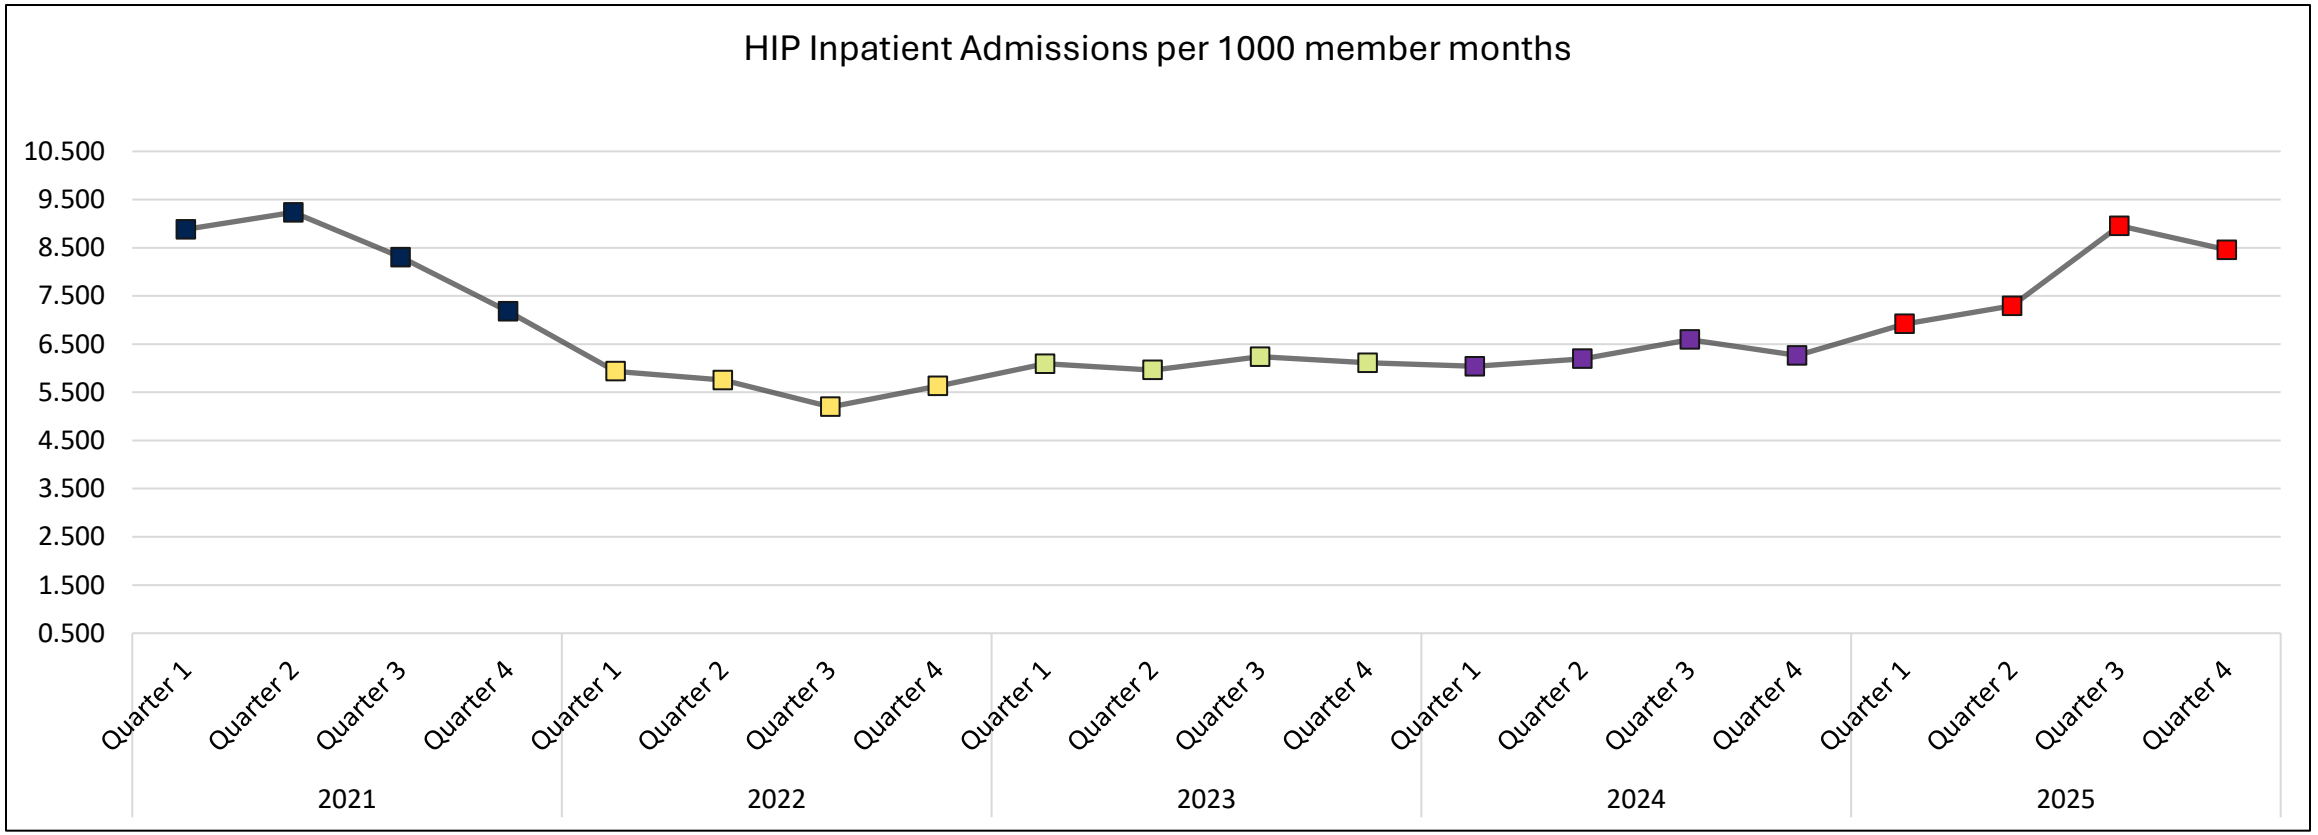

HIP Enrollment Compared to Indiana Population per STATS Indiana and FSSA Enrollment Dashboard

	2022	2023	2024	2025
Indiana Population	6,841,491	6,881,373	6,934,754	6,973,333
Total Indiana Medicaid Members	2,203,436	2,012,389	1,969,829	1,666,337
Total HIP Members	791,752	718,952	686,364	562,425

HIP inpatient admissions

HIP Emergency Department

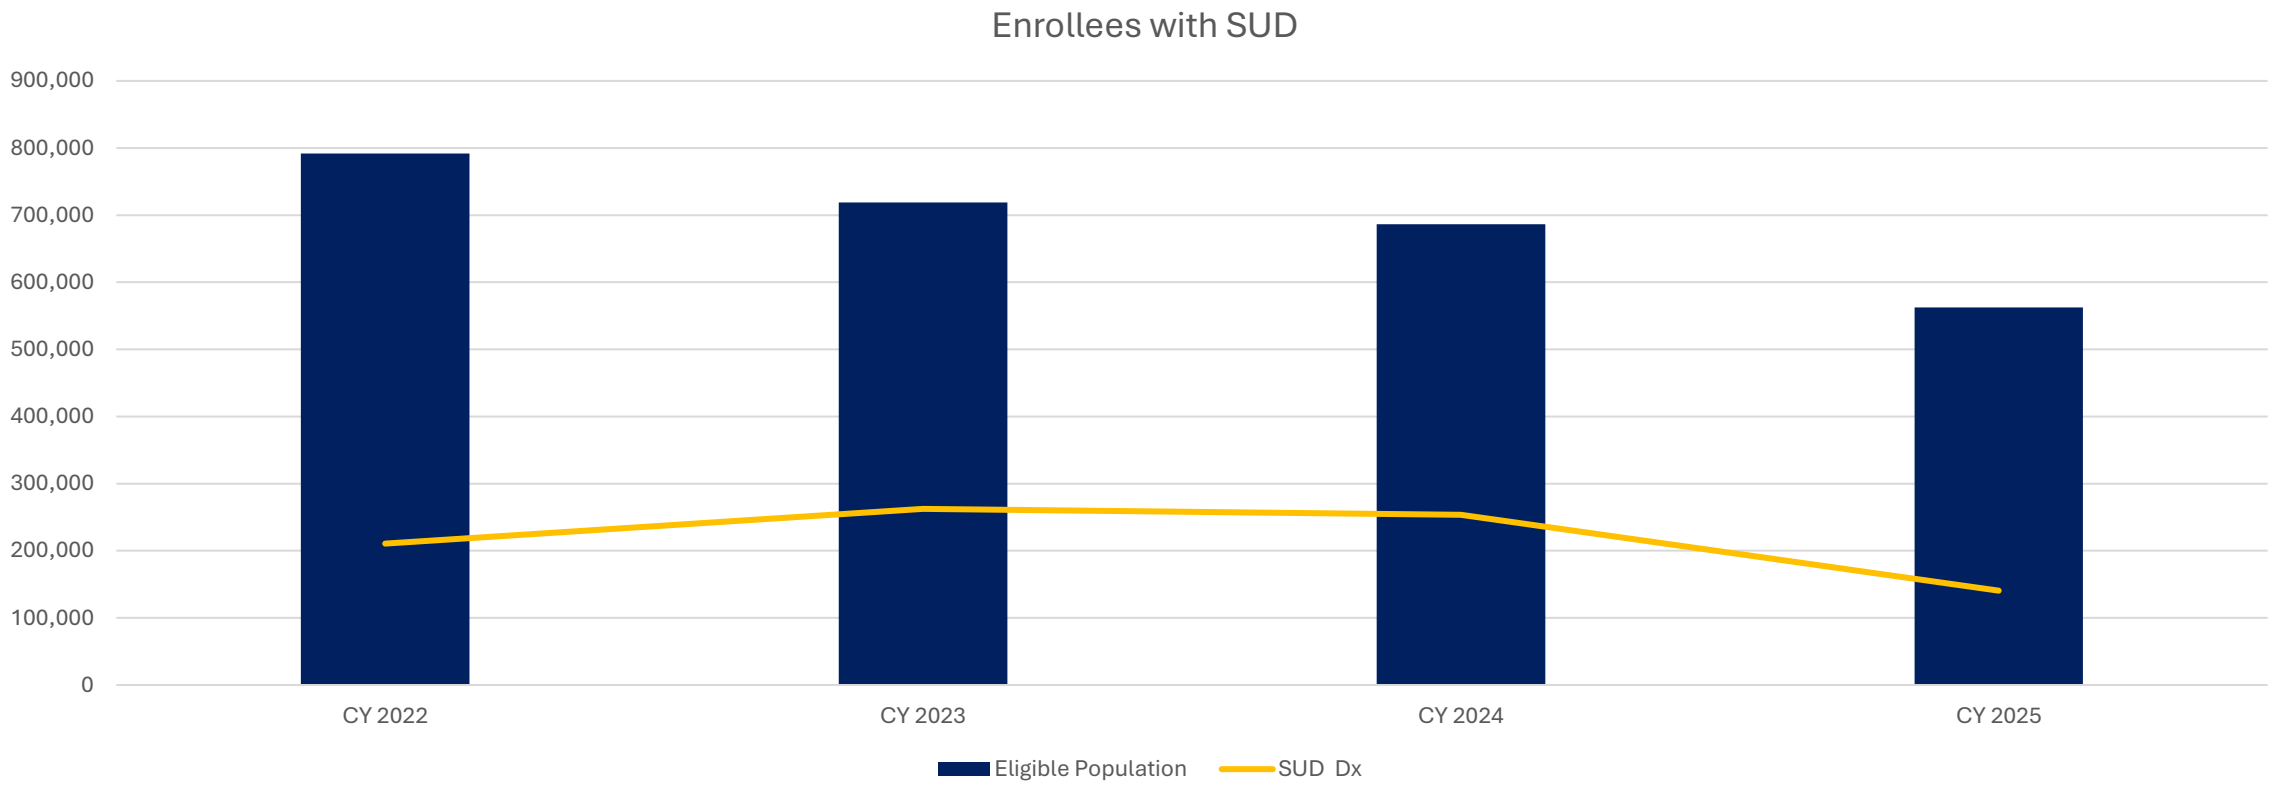

Substance Use Disorder (SUD) and Serious Mental Illness (SMI) demonstration update

SUD and SMI Waiver overview

- 1115 SUD Waiver
  - Short-term inpatient and residential stays for individuals aged 21-64 with substance use disorder
  - Indiana commits to continued progress towards waiver goals and milestones
    - Increase adherence to and retention in treatment
    - Reduce utilization of emergency department and inpatient settings
    - Reduce preventable readmissions
- 1115 SMI Waiver
  - Short-term inpatient stays for individuals aged 21-64 with a serious mental illness
  - Indiana commits to continued progress towards waiver goals and milestones
    - Reduce utilization and length of stay in emergency departments
    - Reduce preventable readmissions
    - Improve care coordination and continuity of care in the community
- Waiver approved through Dec. 31, 2026

SUD-related treatment

SUD residential growth
ASAM 3.1 and 3.5 facilities/beds

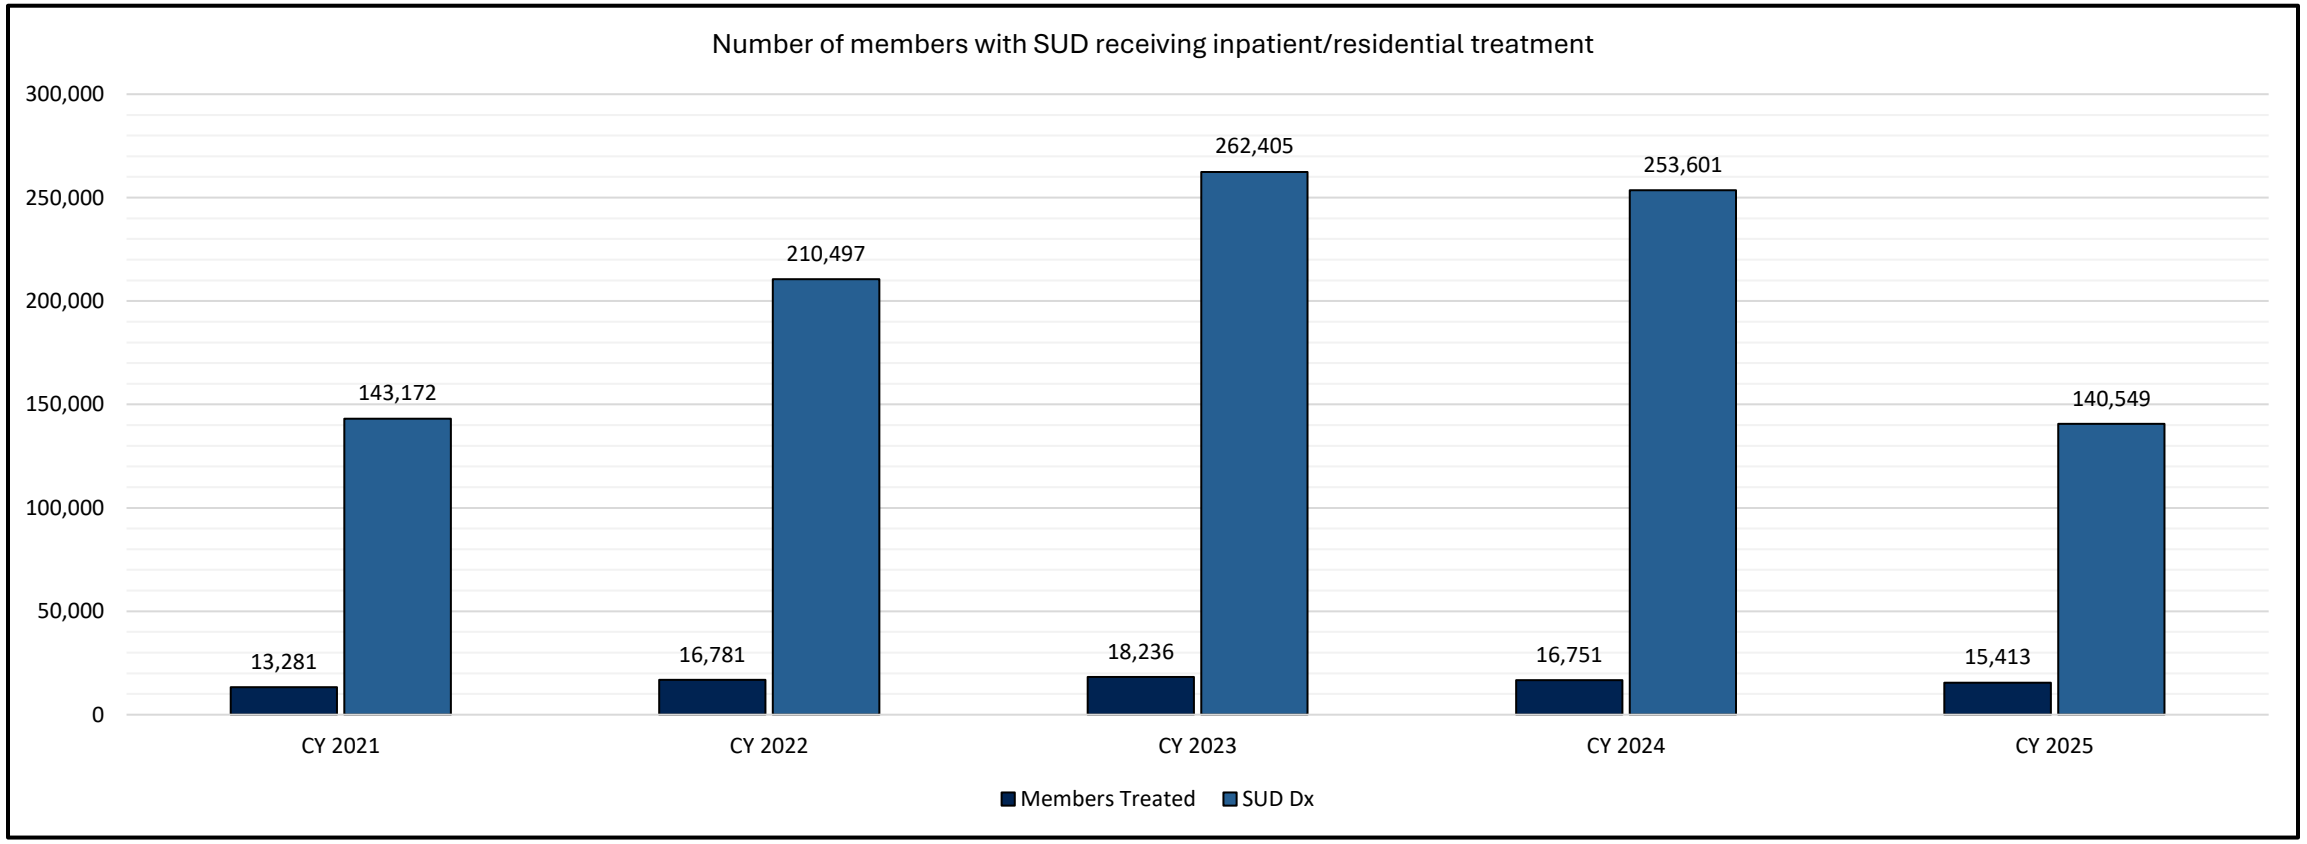

ASAM Level	Facilities	Beds
Low-Intensity Residential Services (ASAM 3.1)	7	178
High-Intensity Residential Services (ASAM 3.5)	60	2921
Low and High -Intensity Residential Services (ASAM 3.1 and 3.5)	15	740

Year	Total Facilities	Total Beds
2022 (June)	68	2509
2023 (December)	79	2997
2024 (August)	87	3474
2026 (July)	82	3839

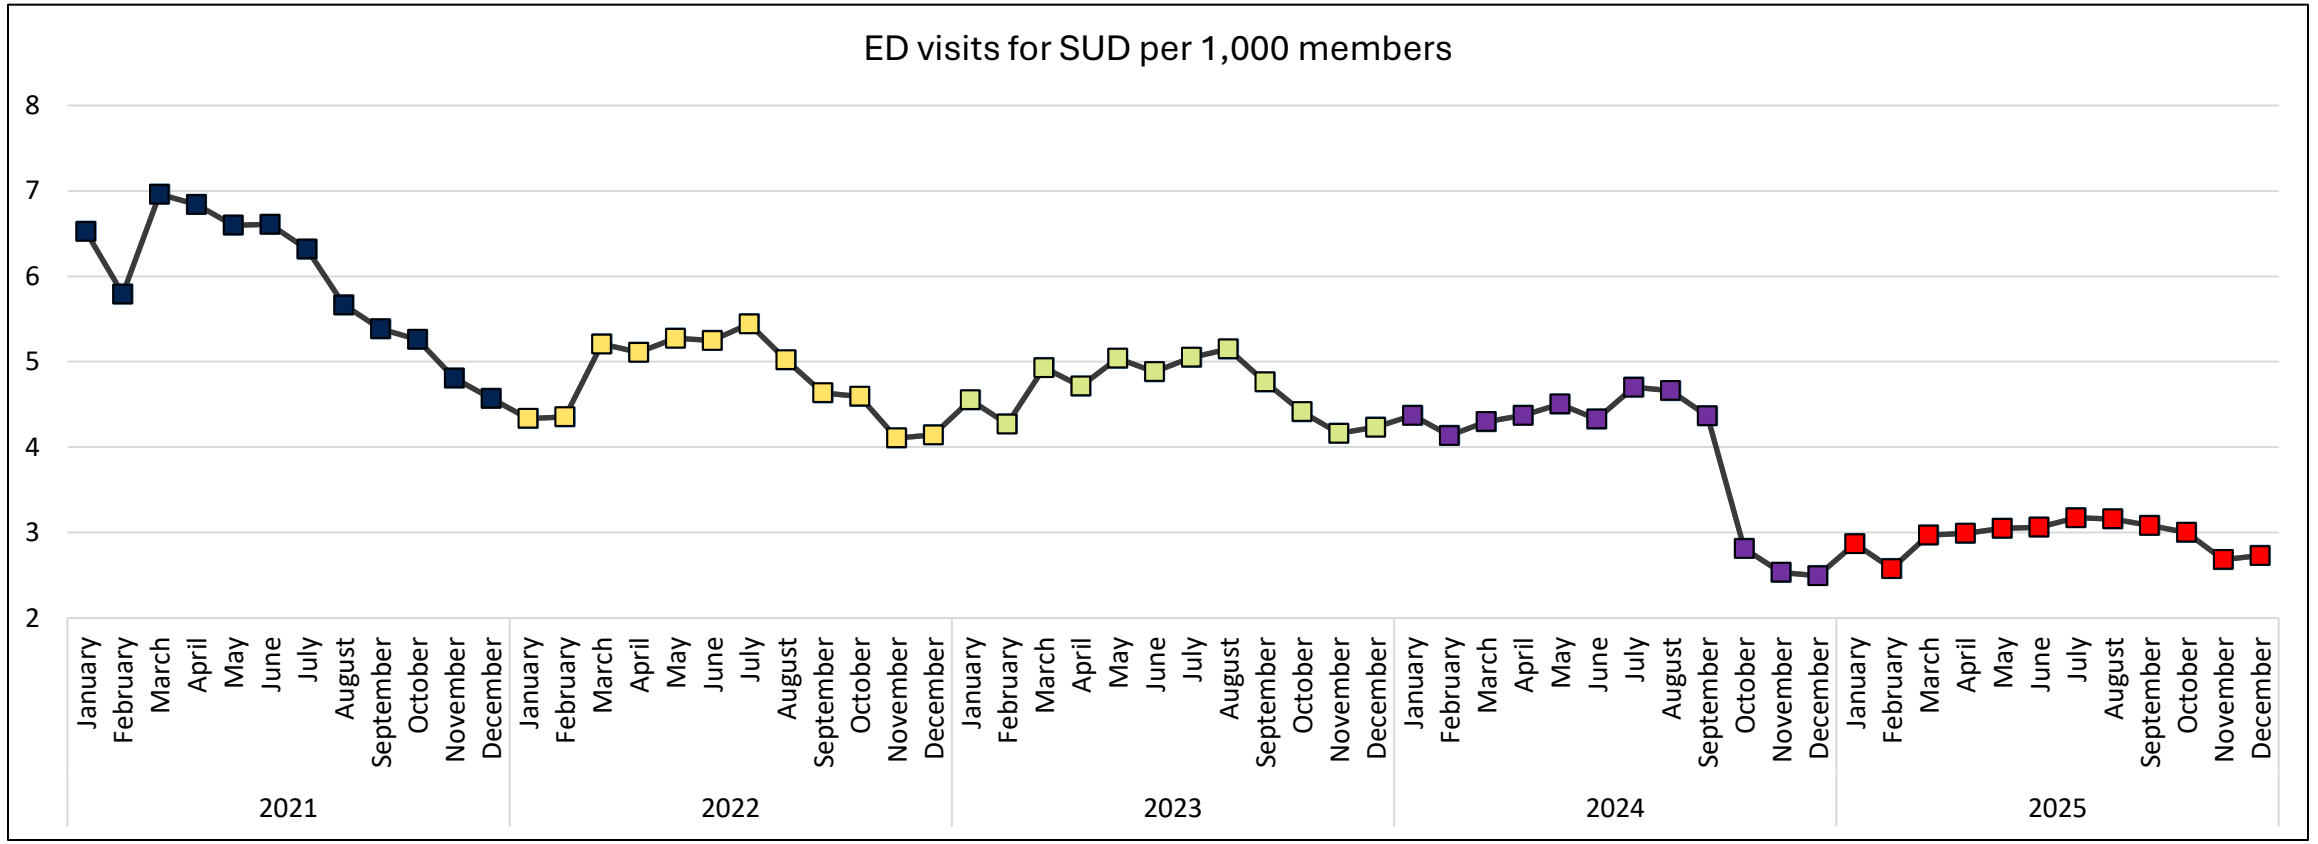

Note:

- ASAM (American Society of Addiction Medicine) established treatment criteria for addictive, substance-related and co-occurring conditions.
- Within this criteria, individuals are assessed for their level of care at their initial intake.

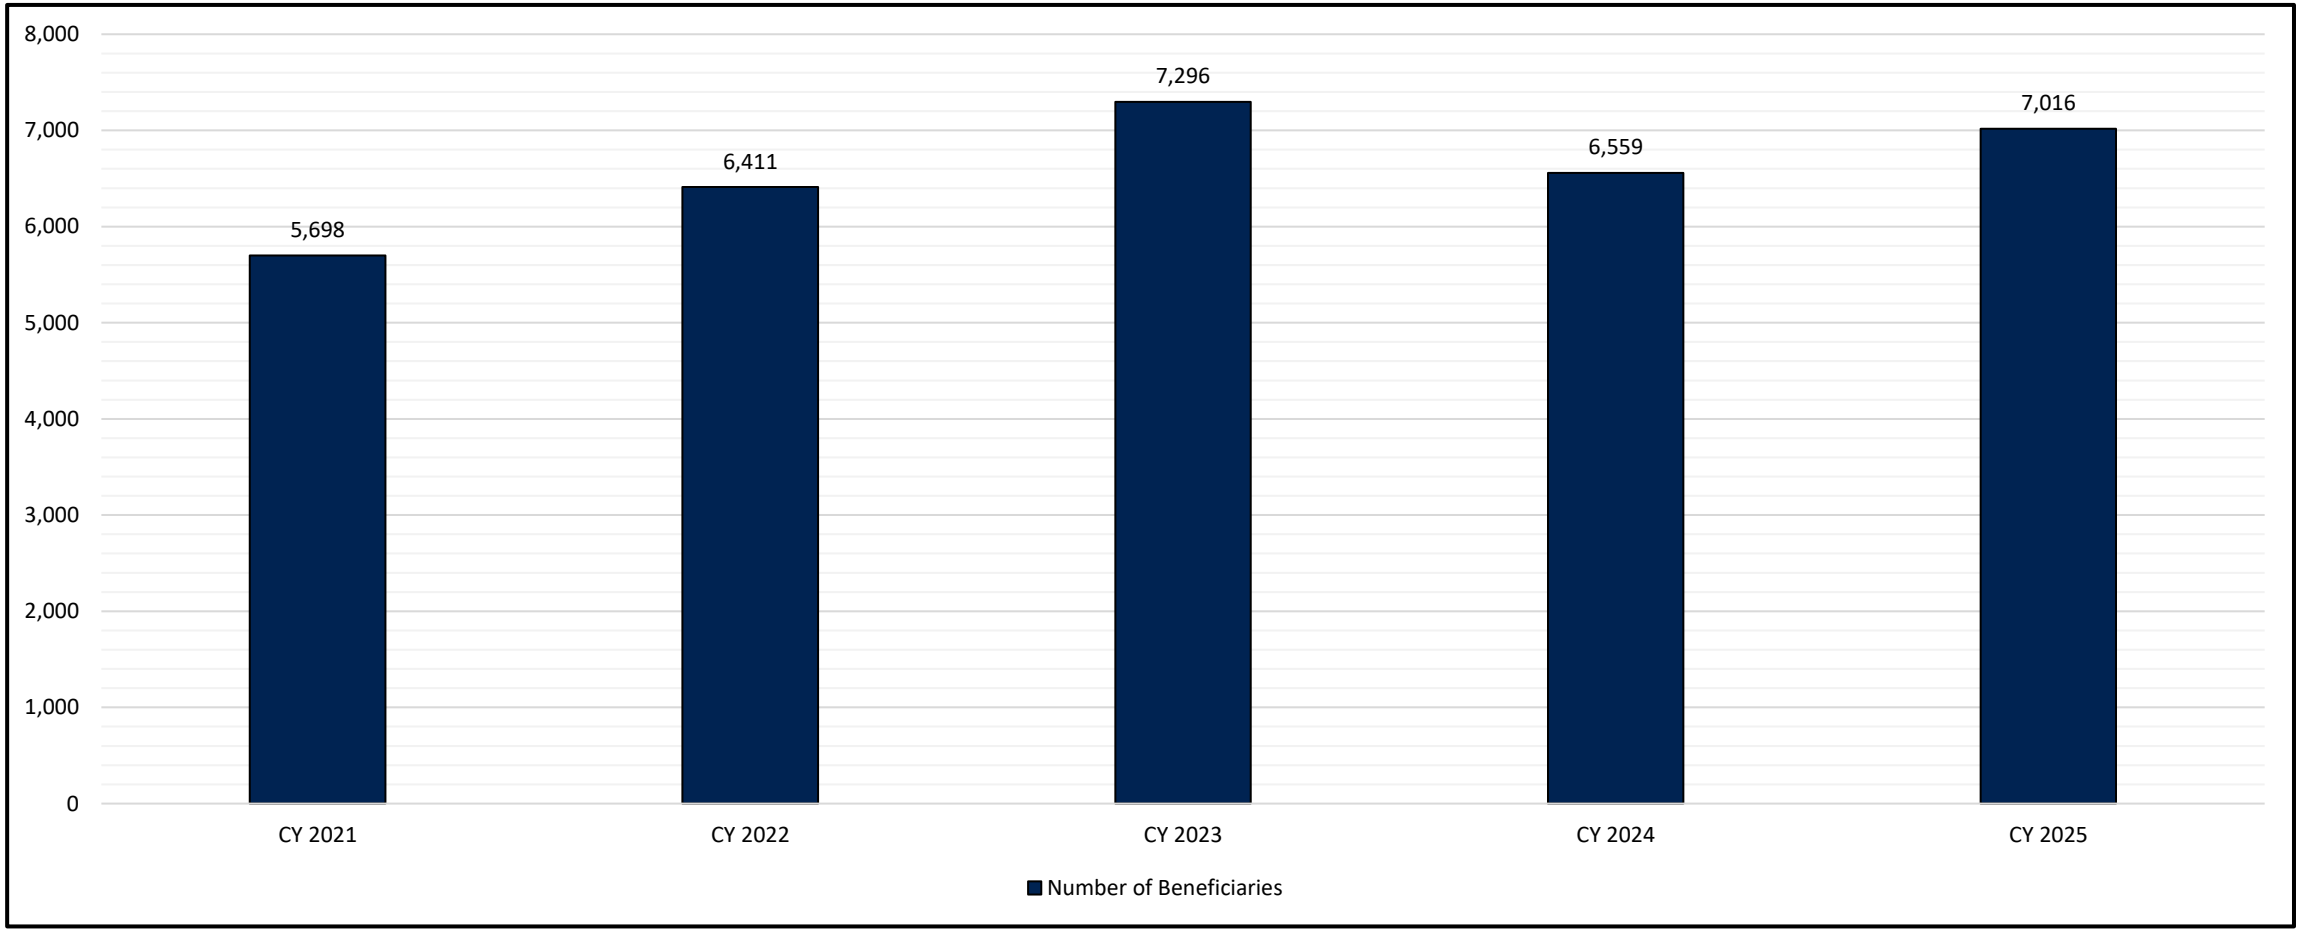

SUD treatment in inpatient and residential settings

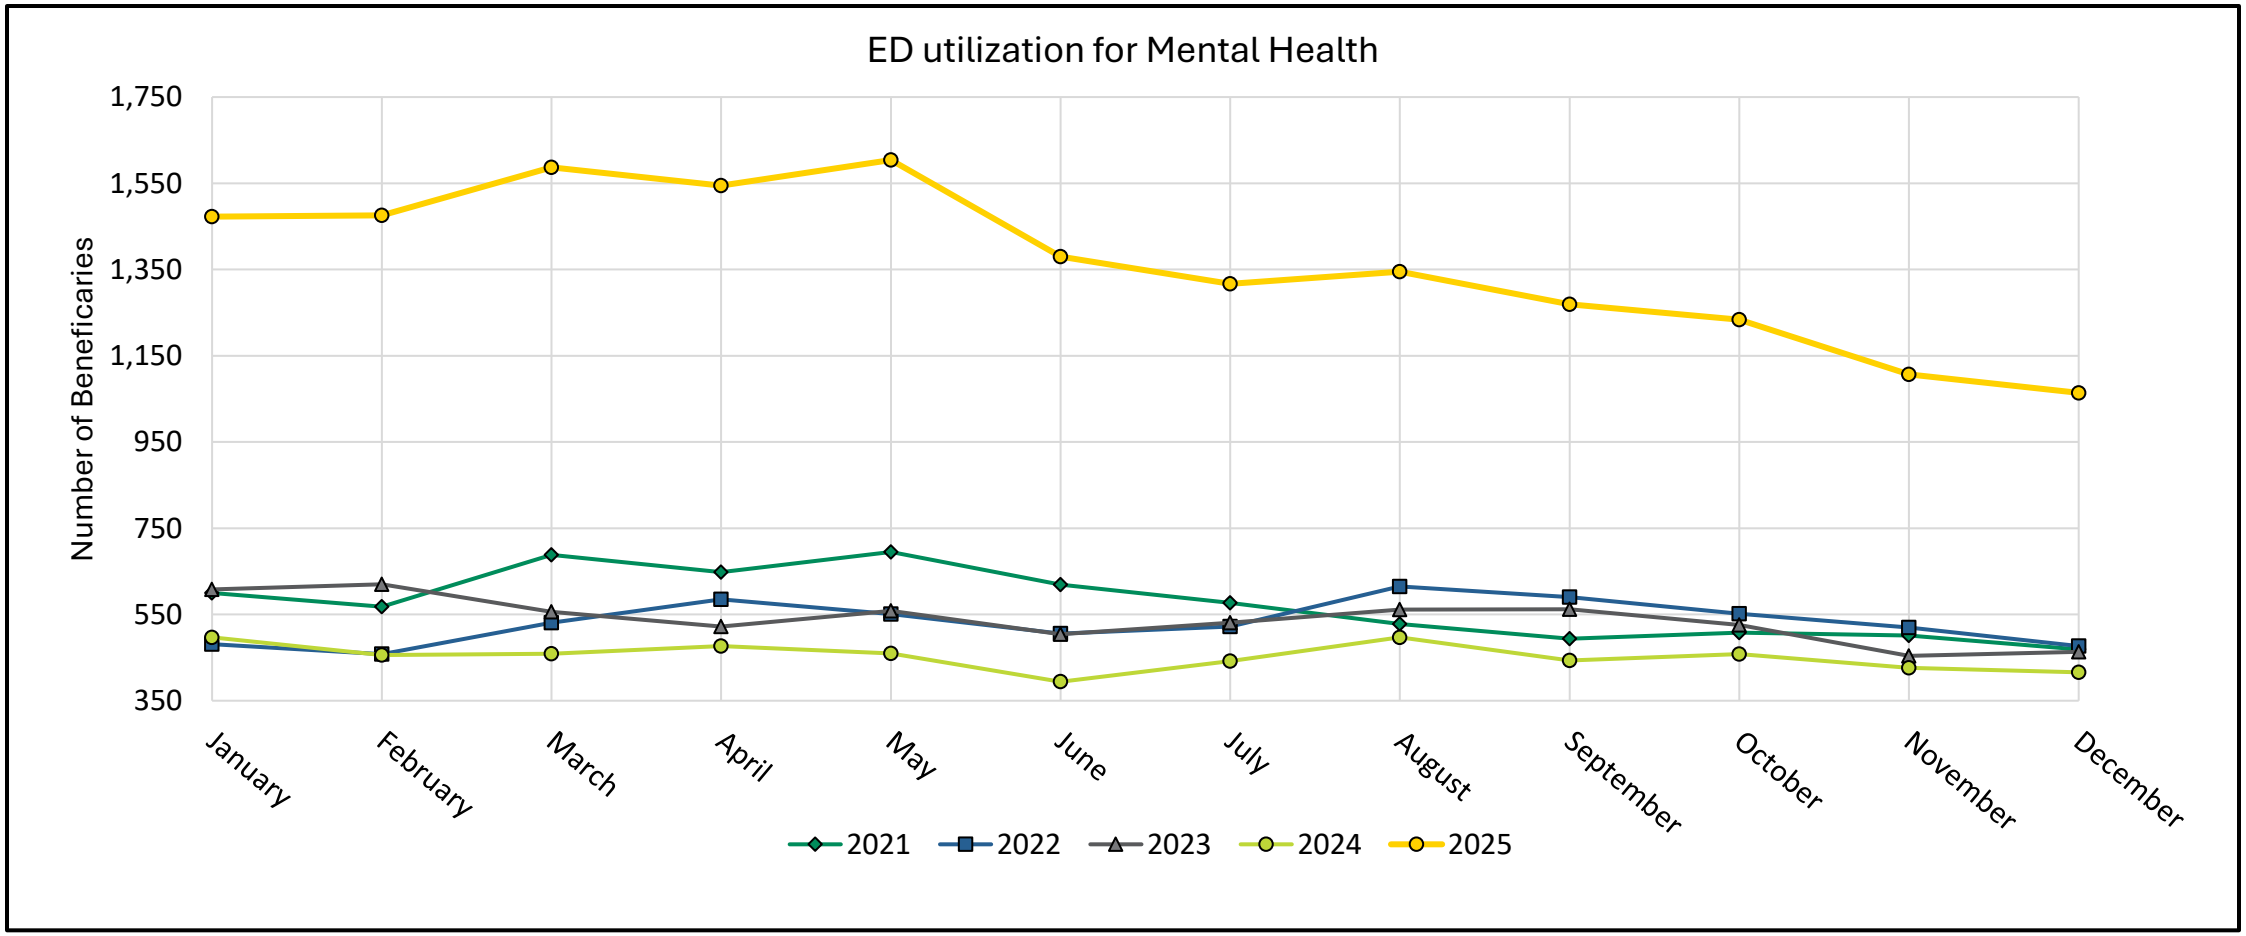

Number of Emergency Department visits for SUD

SMI members treated in inpatient

SMI ED utilization

Public comment – HIP Annual Update

- In-person: Duration of comments will be limited to three minutes per individual.
- Via email:
- Spacomment@fssa.IN.gov
- Please include “COMMENTS FOR HIP ANNUAL UPDATE” in the subject line.
- Via post:
    - Office of Medicaid Policy and Planning, FSSA
    - 402 W. Washington St., Room W374, MS07
    - Indianapolis, IN 46204

SFY27 Q1
Quarterly Financial Review

Division of Family Resources

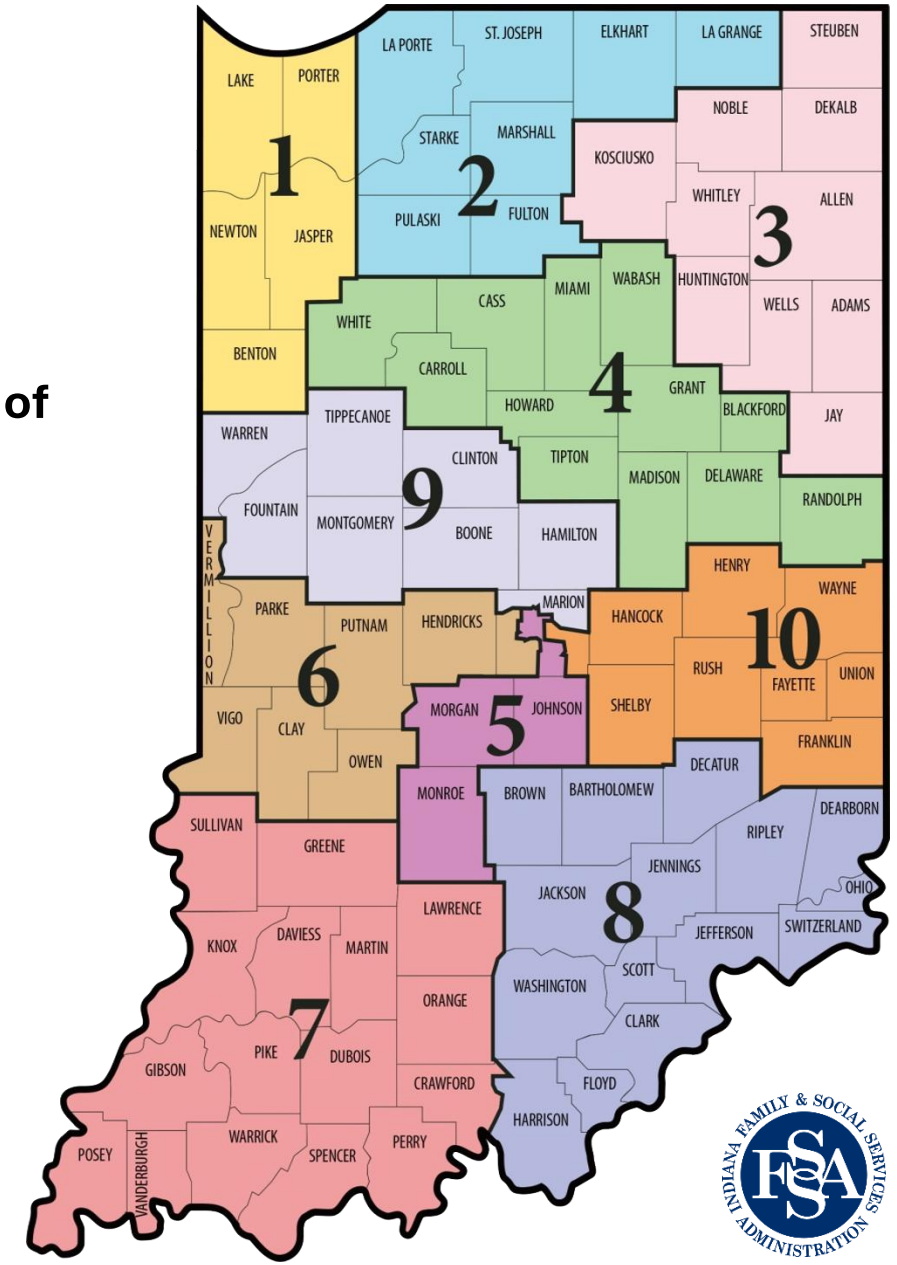

Presented Oct. 27, 2026

What is the Division of Family Resources?

- The Division of Family Resources (DFR) is the public assistance and eligibility division of the Indiana Family and Social Services Administration (FSSA).
- Primary responsibility: determining financial eligibility for three of Indiana's largest safety-net programs; Medicaid, SNAP and TANF.

DFR has 102 local offices and 10 Regional Change Centers across the 10 DFR Regions. DFR leases ~846,000 square feet of office space across the State.

Region 1: Lake
Region 2: St. Joseph
Region 3: Allen
Region 4: Grant
Region 5: Marion
Region 6: Vigo
Region 7: Vanderburgh
Region 8: Clark
Region 9: Tippecanoe
Region 10: Wayne

DFR staffing

Staffing Count

April 2026	May 2026	June 2026	July 2026	Aug 2026	Sept 2026
1,325	1,462	1,556	1,562	1,625	1621

Vacancy Count

April 2026	May 2026	June 2026	July 2026	Aug 2026	Sept 2026
480	330	239	229	166	170

DFR programs

- **Medicaid**, which provides health coverage for eligible children, families, older adults and individuals with disabilities.
- **Supplemental Nutrition Assistance Program (SNAP)**, which helps low-income individuals and families purchase food.
- **Temporary Assistance for Needy Families (TANF)**, which provides cash assistance and employment-related supports for eligible families with children and pregnant women.

Other DFR programs

- **IMPACT**: Indiana Manpower Placement and Comprehensive Training
  - IMPACT provides employment resources and support to Hoosiers receiving SNAP or TANF. Support provided includes job skills trainings, referrals to adult education classes and certified training programs.
- **Burial Assistance**
  - DFR provides financial payments to funeral homes and cemeteries to help with burial costs for those who are on specific Medicaid categories when they pass away.

Other DFR programs

- **Refugee Assistance**
  - Indiana Refugee Services ensures that Refugees are provided assistance and services that enable them to become employed and economically self-sufficient as soon as possible after their arrival in the United States. Refugee Services works closely with the Resettlement Agencies to ensure compliance with federal and state regulations governing the delivery of refugee services.
- **Repatriation Services**
  - Repatriation services are a little-known but important public assistance function that helps U.S. citizens and their dependents who are returning to the United States from a foreign country because of a crisis and lack the resources to meet their immediate needs.

DFR operational metrics
Quarter 1 SFY 2027

Totals across Medicaid, SNAP and TANF

	Applications Received	Renewals/ Redeterminations Processed	Appeals Requested	Walk-ins	Calls
September 2025	111,173	131,616	1,938	107,465	270,461
July 2026	108,499	120,010	2,140	113,734	288,564
August 2026	102,152	117,117	2,481	113,562	293,259
September 2026	99,745	97,185	2,367	112,569	312,886

Medicaid enrollment

Period	HHW	HCC	HIP	Pathways	FFS	Total
September 2019	599,063	90,348	418,477		321,738	1,429,626
September 2025	677,782	79,692	643,423	116,501	233,616	1,751,014
July 2026	579,368	80,149	499,185	115,447	211,092	1,485,241
August 2026	569,581	80,153	487,900	115,131	212,537	1,465,302
September 2026	561,658	80,278	474,521	114,938	208,866	1,440,261

Medicaid enrollment decline

- Medicaid enrollment has declined by approximately **18%** from September 2025 to September 2026.
- Peak Medicaid enrollment was in **May 2023:** enrollment was at **2,219,518** due to the CMS mandated continuous enrollment due to the public health emergency.
- Since peak enrollment, the Medicaid population in Indiana has declined by more than 779,000 members, a 35% reduction.

Why is Indiana's Medicaid enrollment declining?

- Members exceeding income and asset limits making them no longer eligible
- Members not completing renewal forms
- Members not turning in required verifications

HIP WORK REQUIREMENTS
HIP
HEALTHY INDIANA PLAN
INDIANA FAMILY & SOCIAL SERVICES ADMINISTRATION
FSSA
Indiana Family and Social Services Administration

What are HIP Work Requirements?

- The Healthy Indiana Plan (HIP) Work Requirements are eligibility requirements that apply to many adult HIP members. To maintain HIP health coverage, affected members must regularly participate in qualifying work-related activities.
- **Qualifying Activities: 80 hours a month**
  - Work
  - School, at least half-time
  - Job training programs
  - Volunteer work/community service
  - Activities can be combined to meet the 80-hour-a-month requirement
  - Have income of at least $580 a month

HIP member enrollment – Work Requirements

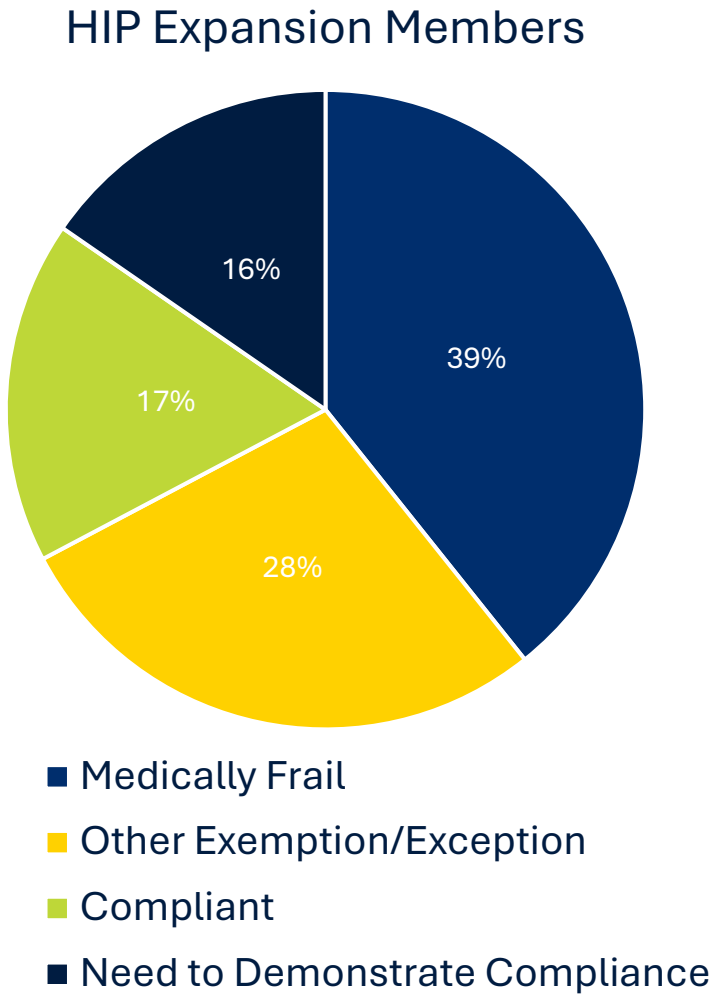

Total HIP members: 474,521

HIP Expansion members: 354,606

- Medically Frail: 139,301
- Other Exemption/Exception: 99,218
- Compliant with work requirements: 61,557
- Need to demonstrate compliance: 54,530

➢ Only expansion members are subject to work requirements

➢ Counts are of unique members, but members may meet more than one exemption/exception category

Data as of 9/30/26

Exemptions for HIP Work Requirements

- Care for a child under 13
- Care for a person with a disability
- Have a serious health condition
- Are incarcerated or recently released
- Are veterans with disabilities
- Participate in a substance abuse treatment program

HIP Work Requirement outreach

- Direct member communications started July 1, 2026
  - Initial notices were mailed to over 500,000 HIP members
  - Text messages were also sent out
- Digital and public awareness campaign
  - Benefits Portal awareness campaign launched in June
  - Multiple statewide email and listserv announcements were distributed
  - Public FAQs and short “explainer videos”
- Media and public information efforts
  - Press releases and media advisories were distributed statewide
  - FSSA leadership hosted a media availability session

HIP Work Requirement outreach

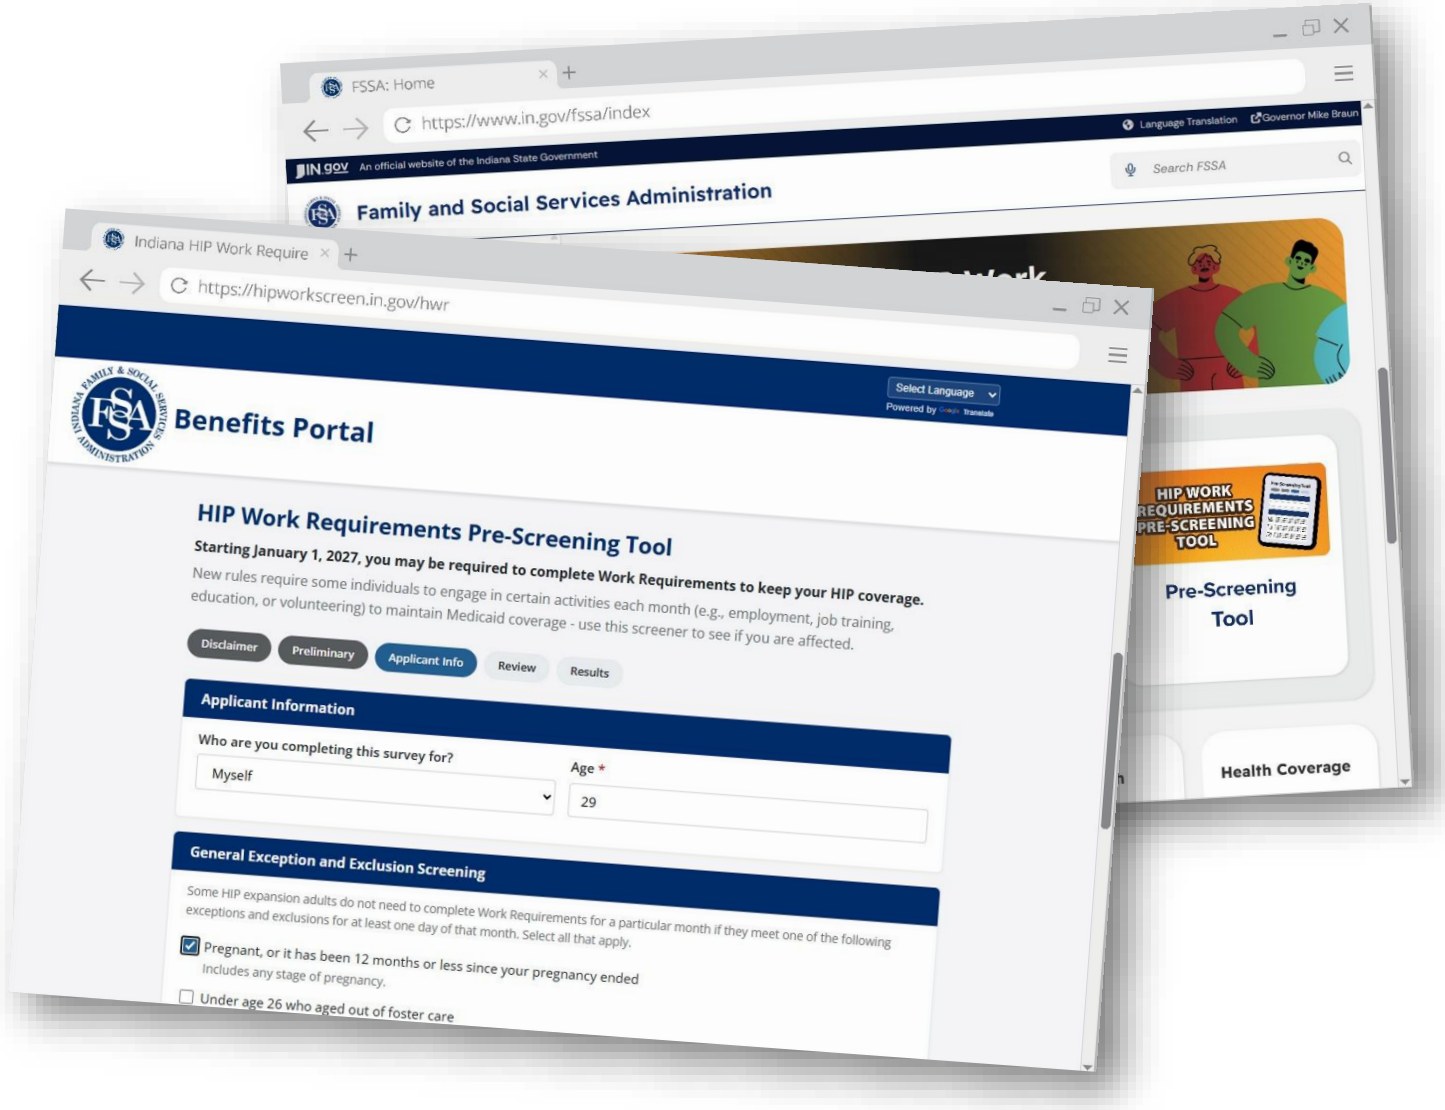

- Community and stakeholder engagement
  - Educational materials and the partner toolkit were shared with health care providers, community organizations and advocacy partners.
  - Partners included: Indiana Pharmacy Association, RecycleForce, the Indiana Department of Veteran's Affairs and Shepherd Community Center, Indiana Council of Community Mental Health Centers
- Legislative outreach
  - Presentations were provided to House and Senate Republican and Democratic caucuses in August.

HIP Work Requirement outreach

- Workforce outreach
  - FSSA presented to the Department of Workforce Development
  - FSSA presented at 2026 Indiana Workforce Summit
- Public Town Halls
  - 13 public town halls were held across the state, including events in Elkhart, Fort Wayne, Muncie, Terre Haute, Indianapolis, South Bend, Sellersburg, Valparaiso, Bloomington, Logansport, Richmond, Evansville and Kokomo

HIP Work Requirements Pre-Screening Tool

The HIP Work Requirements Pre-Screening Tool may be found at **myfssa.in.gov** and the **FSSA Benefits Portal**. It allows individuals to fill out a form to see if they might be subject to or exempt from HIP Work Requirements.

HIP Work Requirements Partner Tool Kit

The partner toolkit, at **myfssa.in.gov,** includes social and print materials, FAQs, informational videos and more. FSSA is asking that our partners please share these materials through their networks to help inform HIP members of these changes.

HIP redetermination dates

- Effective Jan. 1, 2027, some Medicaid members will be required to complete a redetermination every six months.
  - This applies to most HIP members.
  - Members whose redetermination date is changing will receive a notice and can also find the date of their redetermination in the FSSA Benefits Portal.

HIP redetermination dates

These redetermination dates are not changing!

	If your last eligibility period began…	…then your current redetermination date is…	…and your new redetermination due date will be…	Your first look-back period is now…
Redetermination date	January 2026	Dec. 31, 2026	Dec. 31, 2026	N/A

SNAP

SNAP is the federal aid program that is overseen by the USDA Food and Nutrition Administration that provides food assistance to low-income families. DFR administers the SNAP program in Indiana.

Eligibility for SNAP is based on:

- Household size
- Household income (gross income below 130% FPL)
- Household assets ($3,000/$4,500)
- Expenses and deductions
- Citizenship and qualified immigration status

SNAP enrollment overview

	Households	Recipients	Applications	Redeterminations
SFY16 Monthly Avg.	328,662	741,661		
SFY21 Monthly Avg.	299,846	643,616	30,946	18,599
SFY25 Monthly Avg.	288,449	600,295	38,993	15,515
SFY26 Monthly Avg.	260,937	538,532	38,993	13,589
July 2026	232,594	472,846	35,018	14,976
August 2026	227,503	461,360	36,709	14,431
September 2026	225,885	457,134	39,486	12,465

SNAP benefit issuance overview

	Issuance	Avg Issuance Per Person	Avg Issuance Per Household
SFY16 Monthly Avg	$89,401,965	$120.54	$272.18
SFY21 Monthly Avg	$138,300,660	$214.93	$461.34
SFY25 Monthly Avg	$119,131,766	$198.46	$415.89
SFY26 Monthly Avg	$106,138,158	$197.09	$406.76
July 2026	$93,079,032	$196.85	$400.18
August 2026	$91,236,759	$197.76	$401.04
September 2026	$94,221,216	$206.11	$417.12

Key SNAP changes under HR 1/SEA 1

Policy Area	Before HR 1/SEA 1	After HR 1/SEA 1
ABAWD Age Range	Work requirement applied to able-bodied adults without dependents ages **18-54**.	Work requirement applies to able-bodied adults without dependents ages **18-64**.
Caregiver Exemption for ABAWD	Exempt if responsible for child under age 18.	Exempt if responsible for child age 13 or younger.
Veteran, Homeless, Former Foster Care Exemptions for ABAWD	ABAWD exemptions for these populations.	Exemptions removed
Asset Test	Indiana used Broad-Based Categorical Eligibility allowing a higher asset limit	Restored federal asset limits: **$3,000** for most households and **$4,500** for households with an elderly or disabled member.
Smart SNAP	No restrictions on purchasing candy and sugary drinks with SNAP benefits	Codified EO 25-55 restricting purchase of sugary drinks and candy with SNAP benefits

More key SNAP changes under HR 1/SEA 1

- **SNAP Administrative Cost Share**
  - **Beginning in 10/1/2026, that state share of SNAP Administration costs went from 50% to 75%. We anticipate this to increase our SNAP administration costs by ~$31m a year.**
- **State Liability for SNAP Error Rates**
  - **Beginning 10/1/2027, states will be required to pay a percentage of SNAP benefits if their SNAP Quality Control Payment Error Rate (PER) is above 6%.**
    - **For states with a PER below 6%: 0% state match**
    - **For states with a PER 6-7.99%: 5% state match (~ $55 M/Year for Indiana)**
    - **For states with a PER 8-9.99%: 10% state match (~ $110 M/Year)**
    - **For states with a PER at 10% or higher: 15% state match (~ $165M/Year)**

SNAP Payment Error Rate

SNAP PER (Payment Error Rate) is calculated by the USDA Food and Nutrition Administration (FNA) as a measure of how accurately SNAP eligibility and benefit amounts are determined. It includes both overpayments and underpayments, as well as certain client-caused errors. It is not a measure of fraud within the program.

DFR's quality control unit pulls approximately 100 randomly selected cases per month for review. Those reviews are submitted to FNA, and a subset is reviewed by FNA to validate the state's results.

The PER incorporates

- **Overpayments**
- **Under payments**
- **Client caused errors**

How is the SNAP PER calculated?

- **Example:**

Case	Benefits Issued	Correct Benefit	Error
1	$500	$450	$50 overpayment
2	$400	$450	$50 underpayment
3	$600	$600	$0
4	$700	$500	$200 overpayment
5	$800	$800	$0

$$PER = \frac{Total\ Error\ Dollars}{Total\ Benefits\ Received} \text{ X } 100$$

$$PER = \frac{300}{3000} \text{ X } 100$$

$$PER = 10\%$$

SNAP PER Russian Roulette

- Monthly sample is small so one large dollar error can make a significant impact.

For example:

$$PER = \frac{500}{3000} \text{ X } 100 \qquad \boldsymbol{PER = 20\%}$$

An additional $200 in errors changes the error rate by 10%.

What has DFR done to address the PER?

- DFR has **initiated pre-authorization reviews** of all SNAP cases to prevent the approval/denial of cases with errors 65 staff were added to assist with these reviews.
- Updated training and messaging to help staff understand and avoid common errors.
- State staff are conducting quality reviews on approximately 2,000 additional cases per month prior to benefits being authorized, which continues to be effective.
- DFR implemented an error prone profiling functionality within our eligibility system that alerts workers to areas where errors regularly occur prior to benefit authorization activity. Examples of error prone areas include changes to income, shelter expenses, etc.

Temporary Assistance for Needy Families (TANF)

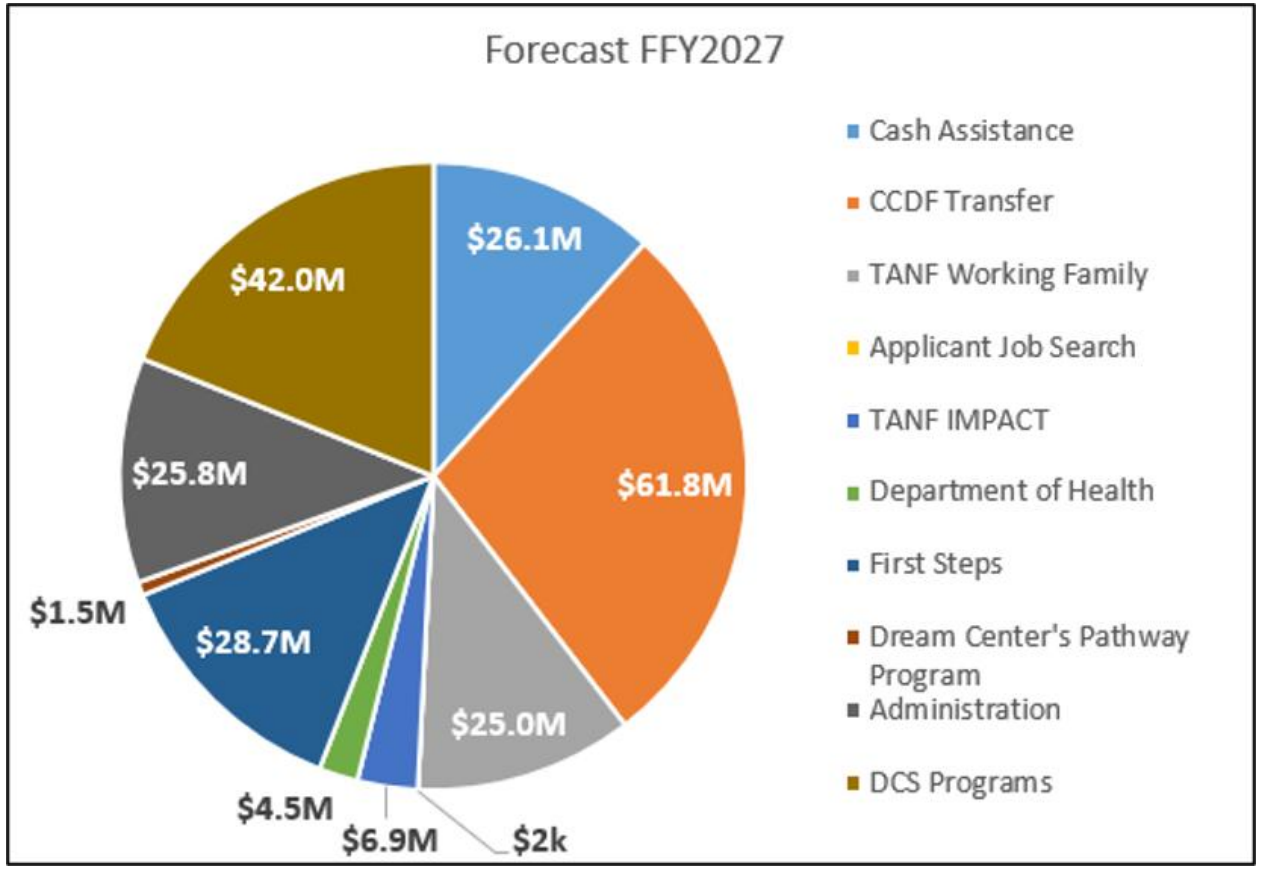

- Provides cash assistance and supportive services to assist families with children under 18 and pregnant women.
- The goal of the TANF program is to help individuals achieve or return to economic self-sufficiency.
- As a condition of eligibility for TANF, adult applicants are required to complete Applicant Job Search activities. Failure to complete these activities will result in a denial of the TANF application.
- TANF is funded through the TANF Block Grant. In addition to funding cash assistance the TANF Block Grant funds additional programs across the state.

Indiana Manpower and Placement and Comprehensive Training (IMPACT) program

- IMPACT aims to help participants achieve economic self-sufficiency through a combination of education, training and employment supportive services.
- Services available include job skills training, assistance with resume writing, interview preparation, access to local job fairs and employment opportunities.
- The IMPACT program is available to SNAP and TANF recipients.

Refugee program

- Indiana Refugee Services provides assistance and services to refugees, asylees, certain Amerasian, Afghan and Ukrainian immigrants, Cuban and Haitian entrants, and victims of human trafficking (referred to collectively as “refugees”).
- All individuals served by Indiana Refugee Services have legally entered the United States through applicable Federal programs.
- The refugee program was paused in early 2025 but was restarted in November 2025.
- Indiana has received 162 refugees from November 2025 through September 2026.

Burial program overview

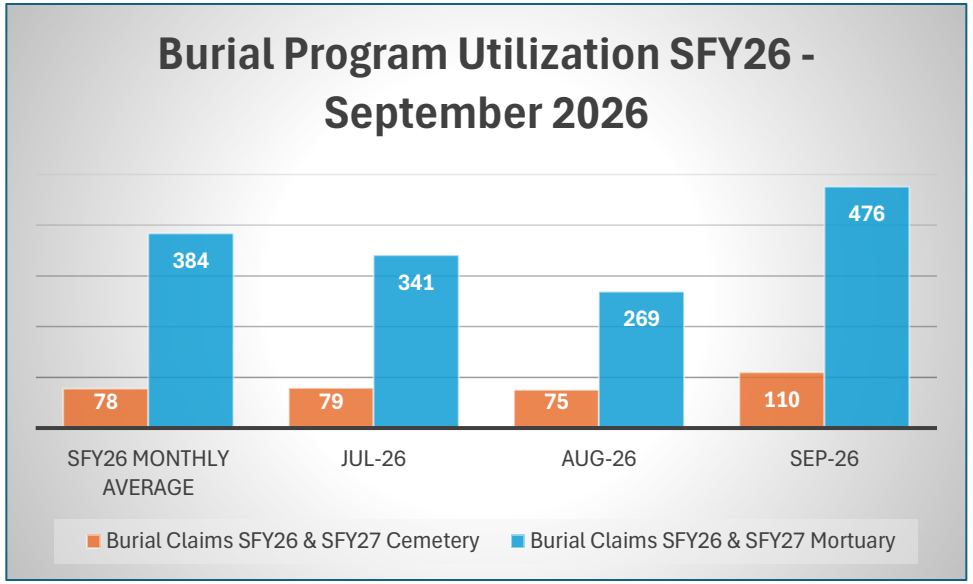

The Burial Assistance Program was established by the state of Indiana to help with burial costs for those who are eligible in specific categories of Medicaid.

Burial Assistance Eligibility Categories	
MA A	Medicaid for the Aged
MA D	Medicaid for the Disabled
MA DW	Medicaid for the Disabled Working
MA B	Medicaid for the Blind
MA SI	Medicaid for the SSI
MA R	Medicaid for Room / Board Nursing Home

Maximum Benefit Amounts	
Funeral	$1,200
Cemetery	$800
Rates were last updated in 2013. Previously $600 for funeral & $400 for cemetery.

SFY27 Q1
Quarterly Financial Review

Office of Medicaid Policy and Planning

Presented Oct. 27, 2026

Medicaid Quarterly Financial Review

1.	Welcome	Audrey Frenzel, Medicaid Director
2.	Medicaid Assistance	Kathy Leonard, Director of Reimbursement and Actuarial Services Leslie Melton, Controller
3.	PathWays Quality	Katrina Etter, Chief Clinical Officer
4.	HIP Work Requirements and Medical Frailty	Lindsey Lux, Chief Operating Officer Katrina Etter, Chief Clinical Officer
5.	Medicaid Administration	Lindsey Lux, Chief Operating Officer

Monthly Financial Review: Medicaid assistance outline

- Overall Results
- Medicaid Enrollment Compared to Forecast
- Medicaid Expenditures Compared to Forecast
- Watch Areas – PathWays for Aging
- Funding Summary

Medicaid assistance overview

September 2026 YTD Financial Results

Basis for Comparison

- Actual enrollment and expenditures for July 2026 – September 2026 are being compared to the enrollment and expenditures shown for the same period in the **December 2025 Medicaid Forecast**

Overall Results — Enrollment

- Reported September 2026 Average YTD Medicaid Enrollment of 1,490,677 was **298,187 (16.7%) less** than forecast
- Managed Care average enrollment was **15.1%** below forecast and Fee-for-Service average enrollment was 23.4% below forecast

Overall Results — Expenditures

- September 2026 YTD Medicaid expenditures of $5,470.4M were **$251.1M (4.8%) more** than forecast
- If adjusted for large supplemental payments that were not included in the forecast, the September YTD expenditures would be $1.2B (23.1%) better than forecast

Medicaid Managed Care enrollment – actual vs. forecast

September 2026 YTD

Enrollment	SFY 2027 Average Monthly Enrollment YTD - Actual	SFY 2027 Average Monthly Enrollment YTD - Dec 2025 Forecast	Variance Average Monthly Enrollment YTD

	(3,516,443)	(551,122)	2,965,321	2,965,321
	(210,445,779)	(98,459,194)	111,986,585	111,986,585
Medicaid Expenditures Sub-total	5,470,374,835	5,219,272,396	(251,102,439)	1,203,993,894

- Medicaid Expenditures for September 2026 YTD were **$251.1M (4.8%) more** than forecast
- Managed Care Expenditures are higher than forecast due to $747M of payments made through the new Hospital State Directed Payment program.
- Manual Expenditures are higher than forecast due to $707.8M of “catch-up” payments for nursing facility supplemental payments that were forecast to be paid in SFY 2026.
- If adjusted for the supplemental payments described above, the quarterly results would show a **$1,204.0M (23.1%)** positive variance to forecast.

Medicaid spending compared to forecast
Managed care

Sep 2026 YTD	SFY 2027 Year to Date		Variance ($)	Adjusted Variance ($)
	Actual Spent	December 2025 Forecast	Actuals YTD to Dec 2025 Forecast	Actuals YTD to Dec 2025 Forecast
Expenditures				
Managed Care	$ 3,799,641,542	$ 3,558,252,635	$ (241,388,907)	$ 505,942,807
Healthy Indiana Plan	1,557,246,221	1,337,098,487	(220,147,733)	263,797,419
Hoosier Care Connect	462,212,517	378,189,437	(84,023,081)	10,972,378
Hoosier Healthwise	742,697,369	653,189,067	(89,508,302)	78,882,801
PathWays for Aging	1,037,485,435	1,189,775,644	152,290,209	152,290,209

- The December 2025 Forecast for Managed Care Expenditures did not include the Hospital State Directed Payment program that CMS approved 5/1/2026. There were $747M of SDP payments made in Q1 SFY 27 and the September YTD results show expenditures **$241.4M (6.8%)** higher than forecast due to those payments.
- An adjusted variance column has been added to this report to show the financial results without the SDP program payments. The September YTD results without the SDP payments would show expenditures as being **$505.9M (14.2%)** better than forecast.
- No adjustments were made to the PathWays results as the PathWays program was not part of the new SDP program.

Medicaid spending compared to forecast
Fee-for-service

Sep 2026 YTD	*SFY 2027 Year to Date*		Variance ($)
	Actual Spent	December 2025 Forecast	Actuals YTD to Dec 2025 Forecast
Expenditures			
Fee-for-service Total	**$1,399,972,386**	**$1,380,490,106**	**($19,482,280)**
Long-Term Institutional Care	**219,886,718**	**216,853,172**	**(3,033,546)**
1915(c) HCBS Waiver Services	**558,096,933**	**555,073,635**	**(3,023,298)**
MFP Demonstration Grant	1,899,468	5,558,656	3,659,188
Traumatic Brain Injury Waiver	3,476,431	3,656,592	180,161
Family Supports Waiver	96,740,804	87,789,327	(8,951,477)
CIH Waiver	260,044,069	263,822,636	3,778,567
Health and Wellness Waiver	195,936,162	194,246,424	(1,689,738)
1915(i) Case Management/State Plan HCBS	**7,085,486**	**6,252,574**	**(832,912)**
PACE Capitation Payments	**19,177,082**	**18,766,521**	**(410,560)**
NEMT Program	**3,804,843**	**4,161,258**	**356,415**
State Plan Services FFS	**591,921,325**	**579,382,945**	**(12,538,380)**

- Total fee-for-service expenditures were $19.5 (1.4%) more than forecast for the quarter
- Long-Term Institutional Care expenditures were higher than forecast due to billing delays for Small Group Homes. Payments that would normally have been made in SFY 26 were delayed to SFY 27 due to changes in ownership.
- Waiver Services expenditures were higher than forecast for Family Support Waiver and the Wellness Waiver.
- The State Plan FFS negative variance was is seen across most service categories and is tied to payment seasonality was not reflected in the December 2025 forecast.

Medicaid spending compared to forecast
Other expenditures and collections

September 2026 YTD	SFY 2027 Year to Date		Variance ($)
	Actual Spent	December 2025 Forecast	Actuals YTD to Dec 2025 Forecast
Expenditures			
Other Expenditures and Collections	**($216,672,471)**	**($180,982,432)**	**$35,690,039**
Medicare Buy-in Payments	157,342,042	161,690,026	4,347,984

PathWays quality

- Measurement Year (MY) 2025
  - PathWays Quality Introduction
  - PathWays Medicaid HEDIS Performance
  - Member Experience (CAHPS)
  - Medicaid STARS Ratings
  - Key Takeaways

PathWays quality introduction

HEDIS measures clinical performance, CAHPS captures member experience, and both contribute to NCQA Health Plan Ratings.

HEDIS: Clinical Quality

Healthcare Effectiveness Data and Information Set

NCQA = National Committee for Quality Assurance

What it is	Standardized measures of preventive care, chronic condition management, access, utilization and other care domains.
Who maintains it	NCQA develops and maintains HEDIS through evidence review, expert panels and public comment.
Plan submission	Plans calculate audited results and submit non-survey HEDIS data to NCQA through IDSS. MY2025 submissions were due June 15, 2026.
Benchmarks	NCQA uses submitted results to produce national statistics and benchmarks used for comparative reporting.

CAHPS: Member Experience

Consumer Assessment of Healthcare Providers and Systems

Developed by the Agency for Healthcare Research and Quality (AHRQ)

What it measures	Standardized member-reported experience, including access, timeliness, customer service and coordination of care.
How collected	A sample of members receives a standardized survey administered under CAHPS protocols, commonly by mail with telephone or other approved follow-up.
How submitted	NCQA-certified survey vendors submit Medicaid CAHPS member-level files to NCQA; results are incorporated into HEDIS reporting.
Why it matters	CAHPS complements claims and clinical data by measuring the experience of receiving care.

NCQA Health Plan Ratings

Overall plan-level view on a 0–5 scale

Separate from CMS Medicare Star Ratings

Method	NCQA combines weighted HEDIS and CAHPS measure ratings and adds accreditation bonus points when applicable.
Release cycle	For 2026, plans submitted HEDIS and CAHPS by June 15; NCQA released Health Plan Ratings on September 15, 2026.
Medicare timing	Existing CMS Medicare Star Ratings reflect the plans' broader Medicare contracts, not PathWays-specific performance. The newer PathWays-aligned D-SNPs are building the necessary reporting history, with PathWays-specific NCQA Medicare results expected no earlier than September 2027.

PathWays Medicaid HEDIS performance summary: MY2025

PathWays Medicaid MY2025: Percentile Distribution

Most Benchmarkable PathWays Medicaid Results Met or Exceeded the National Median

Plan	Below 10th	10th–24th	25th–49th	50th–74th	75th–89th	90th+	Total
Anthem	6	5	8	26	20	12	77
Humana	12	2	8	12	15	28	77
UHC	7	13	10	17	14	17	78
Total plan-measure results	**25**	**20**	**26**	**55**	**49**	**57**	**232**

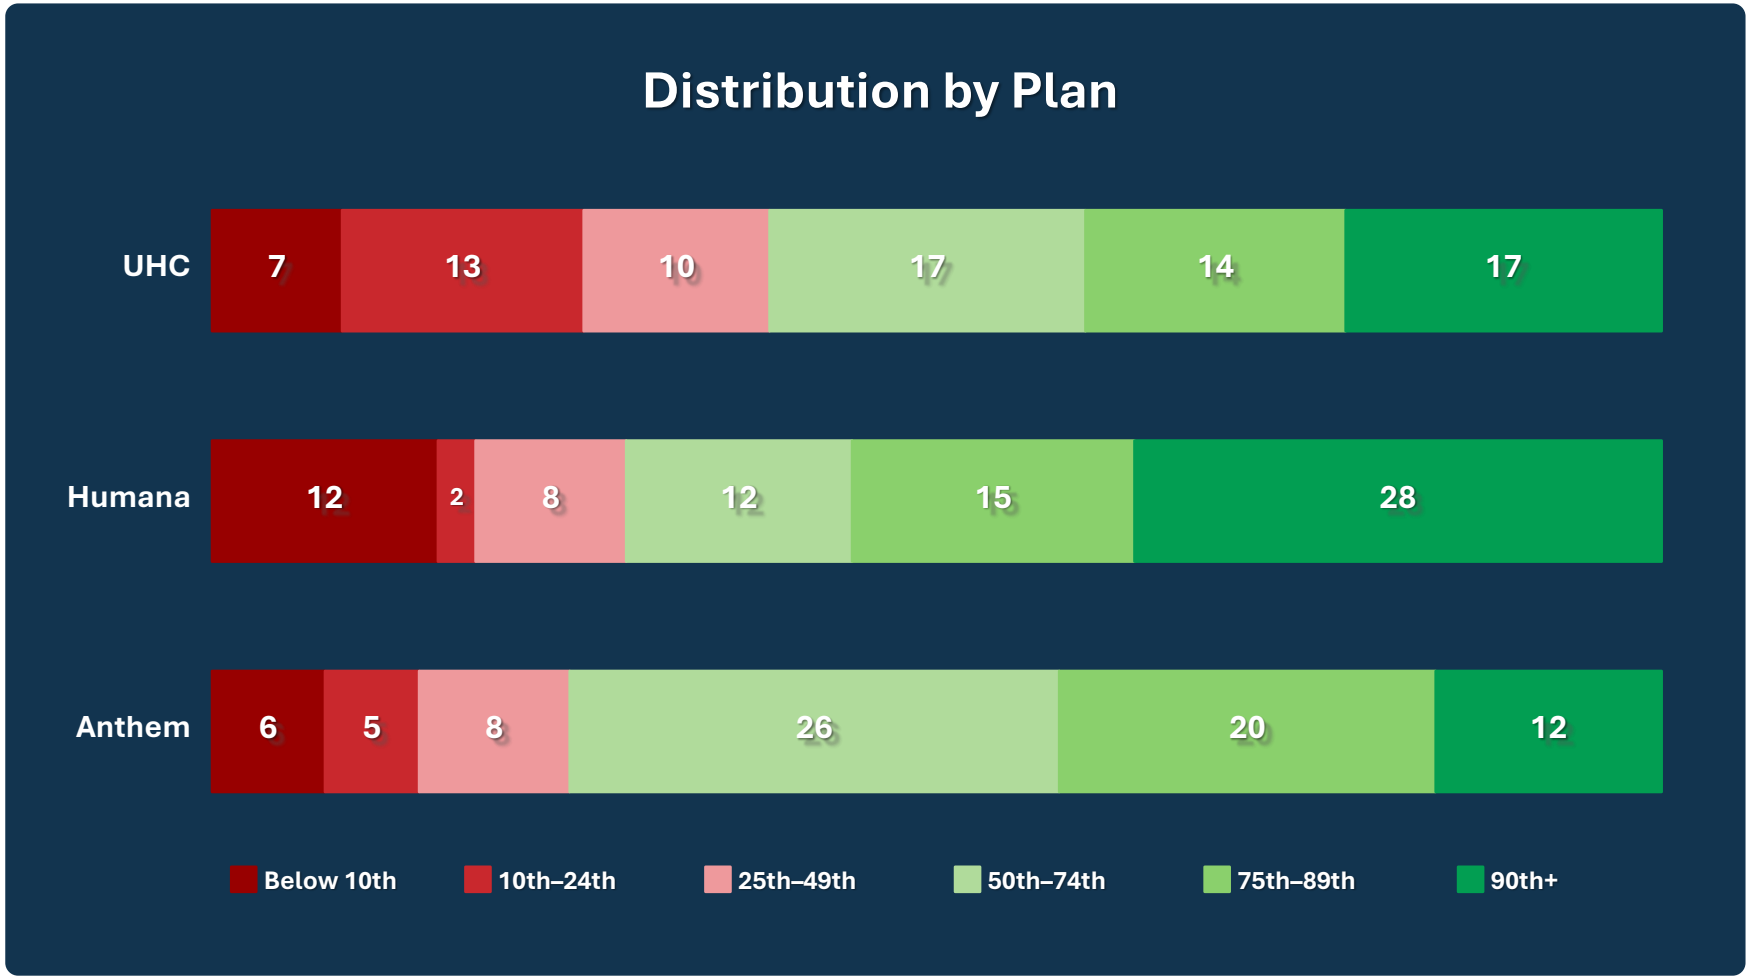

Key Callout

161 of 232 benchmarkable plan-measure results, or 69%, were at or above the 50th percentile.

Notes:

1. Includes PathWays Medicaid-only results. PathWays Dual and PathWays LTSS are excluded.
2. Each plan-measure/submeasure result is counted separately. Results are not enrollment-weighted.
3. Includes 232 benchmarkable results based on the Quality Director's approved summary methodology.
4. For lower-is-better measures, percentile assignment is reversed so that better performance maps to a higher percentile band.

PathWays Medicaid HEDIS performance summary: MY2025

- ☑ **25%** At or above the 90th percentile
- ☑ **46%** In the top quartile (at or above 75th percentile)
- ☑ **69%** At or above the median (50th percentile)

Only 19% fell below the 25th percentile.

PathWays Medicaid HEDIS results: MY2025

Measure	Anthem	Humana	UHC	National Avg.
Influenza	31.2%	34%	28.7%	17.65%
Tdap	41.6%	22.7%	31.1%	46.68%

Member Rating of Health Plan	95th	75th	75th
Getting Needed Care	95th	75th	95th
Getting Care Quickly	75th	95th	90th
Customer Service	75th	67th	50th
Coordination of Care	67th	50th	90th

*National percentile

Key takeaways

Strong overall experience

Across PathWays, 11 of 15 results were at or above the 75th percentile, and all results were at or above the national median.

Consistent access

All three plans performed at or above the 75th percentile for both Getting Needed Care and Getting Care Quickly.

Positive plan experience

All three plans were at or above the 75th percentile for Member Rating of Health Plan.

PathWays health plans earn strong NCQA Medicaid ratings

2026 health plan ratings for MY 2025 reflect consistently strong performance across the PathWays program.

Anthem	Humana	UHC
4.0	4.0	4.0
★★★★☆	★★★★☆	★★★★☆
NCQA Medicaid Health Plan Rating	NCQA Medicaid Health Plan Rating	NCQA Medicaid Health Plan Rating

All three PathWays health plans earned 4.0 ratings, demonstrating consistent quality across the program.

NCQA health plan ratings use a 0–5 scale and reflect performance across quality of care, member experience and accreditation.

Key takeaways

- **Strong overall quality performance:** Almost 70% of Medicaid-only results were at or above the national median, including a quarter at or above the 90th percentile.
- **Positive member experience:** All 15 reported CAHPS results were at or above the national median and 11 were at or above the 75th percentile.
- **Consistent access to care:** All three PathWays plans performed at or above the 75th percentile for Getting Needed Care, Getting Care Quickly and Member Rating of Health Plan.
- **External recognition of program quality:** Anthem, Humana and UHC each earned a 4.0 NCQA Medicaid Health Plan Rating for 2026.

HIP Work Requirements and Medical Frailty

- Work Requirement
- Work Requirement Exceptions/Exemptions
- HIP Member Work Requirement Status
- Medical Frailty Definition
- Medical Frailty Process
- Tiered Approach
- Tier 1 Conditions
- Medical Frailty Clinical Profile and Population Analysis

What is the work requirement?

A HIP Expansion member must:

- Demonstrate work with a monthly income of $580 (equivalent to 80 hours at the federal minimum wage).

OR

- Demonstrate 80 hours per month of one or more of the following activities:
  - Work
  - Participation in a work program
  - Enrollment in an educational program (half-time student enrollment satisfies 80 hours)
  - Community service

Work Requirement exemptions/exclusions

1. Under the age of 19
2. Over age 64
3. Entitled to or enrolled in Medicare Part A or enrolled in Medicare Part B
4. Inmates of a public institution
5. Former foster care children under age 26
6. American Indians and Alaska Natives
7. Parent, guardian of a dependent child under the age of 14
8. Medically frail
9. Complying with TANF work requirements
10. Receiving SNAP benefits and not exempt from SNAP work requirements
11. Participants in certain drug and alcohol treatment programs
12. Pregnant women
13. Women entitled to postpartum medical assistance
14. Veterans with a total disability rating

HIP member Work Requirement status

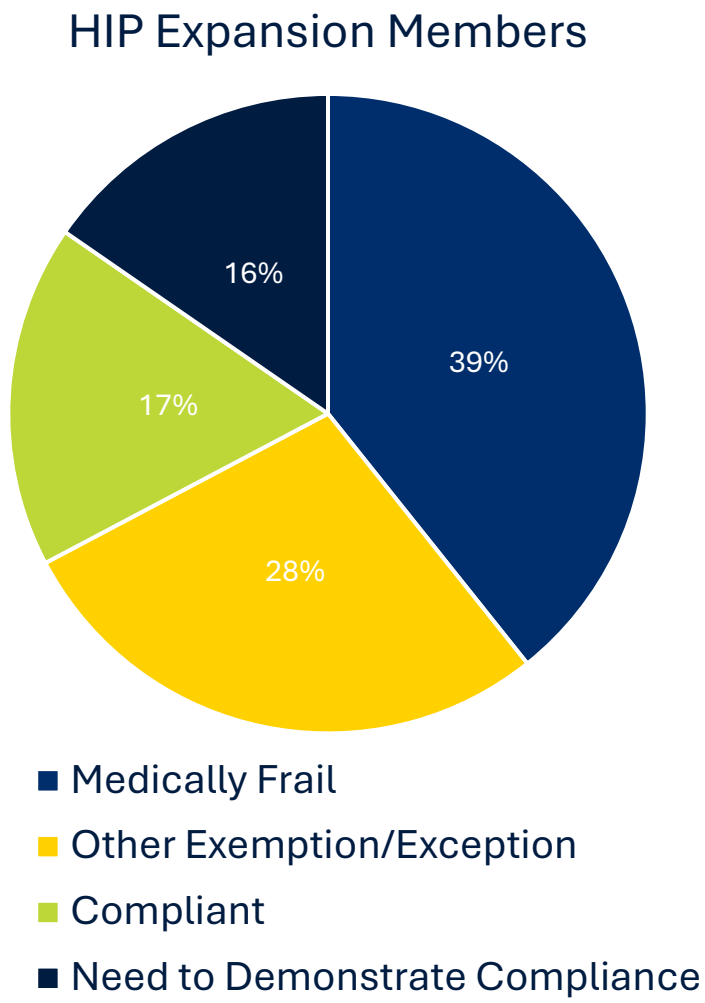

Total HIP members: 474,521

HIP Expansion members: 354,606

- Medically Frail: 139,301
- Other Exemption/Exception: 99,218
- Compliant with work requirements: 61,557
- Need to demonstrate compliance: 54,530

➢ Only expansion members are subject to work requirements

➢ Counts are of unique members, but members may meet more than one exemption/exception category

Data as of 9/30/26

New federal Medical Frailty definition

The 2027 federal framework narrows medical frailty to five statutory categories and adds a functional-impairment standard.

Five Federal Categories

1	**Blind or Disabled**	As defined under section 1614 of the Social Security Act
2	**Disabling Mental Disorder**	Condition must meet the federal medical-frailty standard
3	**Physical, Intellectual or Developmental Disability**	Significantly impairs one or more activities of daily living
4	**Substance Use Disorder**	Includes individuals in early and sustained recovery of less than five years
5	**Serious or Complex Medical Condition**	Condition must significantly impair community engagement

Key Change: Functional Impairment

A person in one of the five categories is medically frail only when the condition significantly impairs the ability to satisfy community engagement requirements.

No expansion beyond the statute	States may not add populations outside the five federal categories.
Different purpose than today	Indiana's current ABP medical-frailty definition determines benefit-plan placement through December 31, 2026.
Beginning January 1, 2027	In 2027 and moving forward, medical frailty instead determines exclusion from community engagement.

Medical Frailty process: What changes in 2027

MUGs

THROUGH 2026

MCO-administered process

Purpose: determine access to the broader HIP State Plan benefit package.

TOOL	Milliman Underwriting Guidelines, an older underwriting methodology not designed for community-engagement limitations.
IDENTIFICATION	MCOs used claims and supporting information to identify members under the existing criteria.
DECISION	MCOs made the initial determination, subject to State oversight and appeal.
OUTCOME	Confirmed members received the State Plan ABP instead of HIP Basic or HIP Plus.

JAN. 1, 2027

MARA

BEGINNING JANUARY 1, 2027

State-administered process

Purpose: determine exclusion from federal community engagement requirements.

TOOL	MARA, tailored by Indiana to align claims evidence with the new federal definition.
IDENTIFICATION	MCO and fee-for-service claims run through MARA; clinical documentation may supplement claims.
DECISION	The State makes the final determination. MCOs, providers and members may recommend review.
OUTCOME	All HIP members receive State Plan benefits; confirmed frailty excludes the member for six months.

Indiana's three-tiered Medical Frailty approach

Claims-based identification where possible, followed by increasingly individualized clinical review when additional evidence is needed.

1 Diagnosis-Based

MARA identifies members from the State's published diagnosis list.

- Member meets a Tier 1 diagnosis criterion.
- MARA reviews diagnosis information and produces an indication of medical frailty.
- Member is deemed medically frail when the published criterion is met.

2 Evidence-Based

MARA evaluates qualifying conditions together with treatment, services or supports.

- May require a condition plus treatment, support or multiple qualifying services.
- MARA reviews diagnoses, service settings, devices, procedure codes, DME and pharmacy claims.
- Member is deemed medically frail when the State's evidence-based criteria are met.

3 Individual Clinical Review

State clinical staff make the final determination using supporting documentation.

- Referral or recommendation may come from the member, provider, MCO or State staff.
- Evidence may include medical records, treatment or progress notes, discharge records, medication lists, labs and diagnostic results.
- State staff may also review IHIE data and documentation submitted through the member portal.
- The State makes the determination regardless of who submits the recommendation.

MARA supports automated identification in Tiers 1 and 2; Tier 3 adds individualized state clinical review when claims data alone are insufficient.

Conditions that may qualify based on diagnosis alone

Tier 1 uses selected ICD-10 diagnoses that independently meet Indiana's medical frailty criteria.

1

Blindness or Disability

- Severe vision loss or blindness
- Severe or permanent hearing loss
- Aphasia following stroke or brain bleeding

2

Physical, Intellectual or Developmental Disability

- Intellectual or developmental disabilities
- Cerebral palsy, paralysis or functional quadriplegia
- Selected severe congenital, progressive or irreversible disabling conditions

3

Substance Use Disorder

- Alcohol, opioid, cocaine, or stimulant-related disorders
- Sedative, hallucinogen, inhalant and other substance-related disorders

4

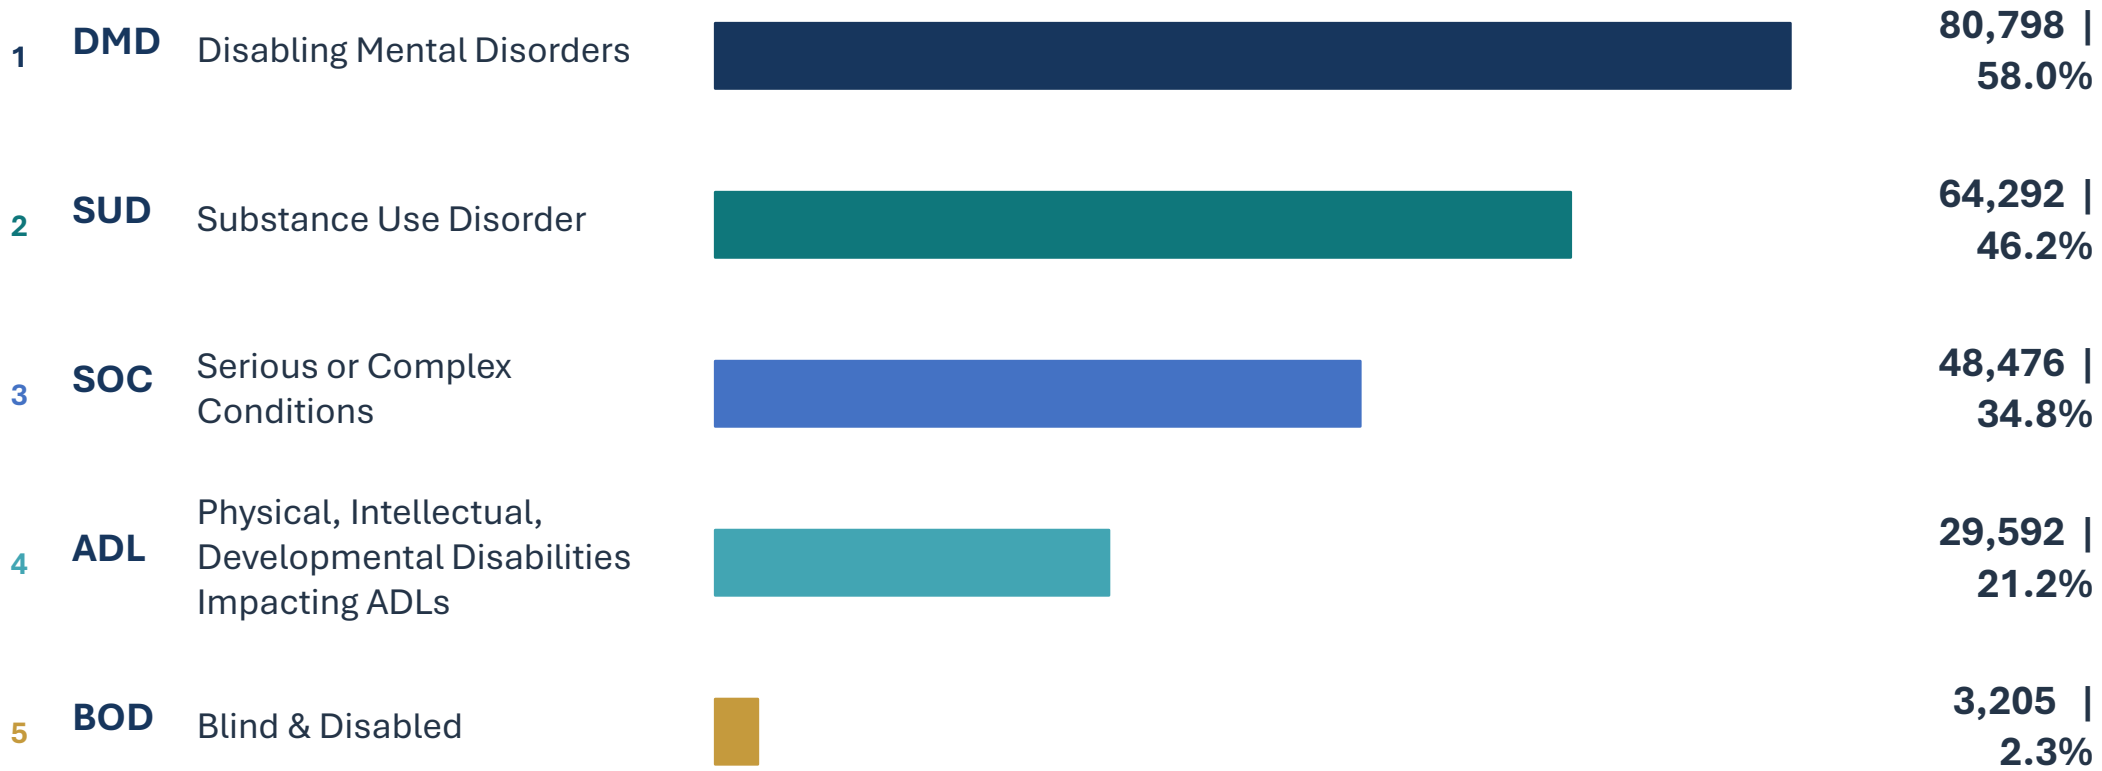

Serious or Complex Medical Conditions

- Cancer and serious blood or immune disorders
- Severe major-organ, neurologic or congenital disease
- Other selected persistent, progressive, life-threatening or medically complex conditions

Important: Disabling mental disorders do not qualify from diagnosis alone. Indiana requires supporting claims evidence under Tier 2 or individualized clinical review under Tier 3.

Medical Frailty member clinical profile

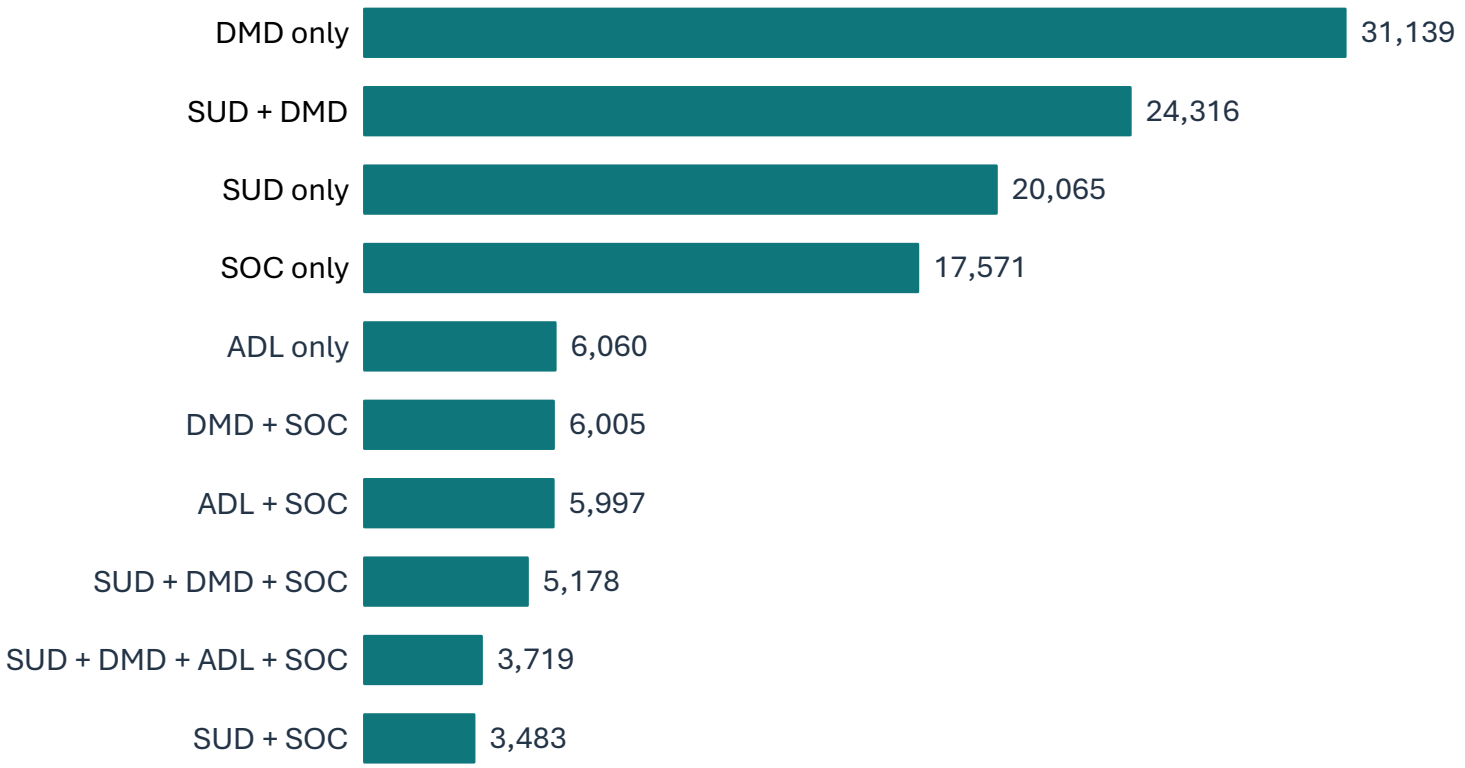

Domain prevalence among 139,301 frail expansion members (members may appear in more than one domain.)

Bottom line: DMD is the leading domain, followed by SUD. Together, these domains define the dominant clinical profile, while BOD is comparatively uncommon.

MARA domain patterns: Top 10 distribution

The total projected frail population: 139,301 HIP expansion members

22.4%

Qualify through DMD alone

17.5%

Qualify through SUD + DMD

14.4%

Qualify through SUD only

15,768 members triggered through other domain pattern distributions.

Medicaid administration federal Medicaid

Medicaid administrative costs represent a relatively small portion of total Medicaid spending (<1% for OMPP).

In general, costs incurred by states in administering the Medicaid program are matched by the federal government at a 50 percent rate. There are, however, some types of administrative functions which are matched at higher rates.

90% Federal Match

SFY27 Q1
Quarterly Financial Review
Division of Mental Health and Addiction

Presented Oct. 27, 2026

Division of Mental Health and Addiction

- Sets **care standards** for the provision of mental health and addiction services to Hoosiers.
- Committed to ensuring that clients have **access to quality services** that promote individual, family, and community resiliency and recovery.
- **Certifies** all community mental health centers and addiction treatment service providers.
- Operates **six psychiatric hospitals.**
- **Provides funding support** for mental health and addiction services to target populations with financial need and administers federal funds earmarked for substance abuse prevention projects.

Individuals served across DMHA-funded provider network

Across DMHA's key programs, our system[1] served:

Population[2]	Total SFY26	Jul-26	Aug-26	Total SFY27
Adult	122,819	54,054	52,357	66,307
Youth	57,026	26,122	27,363	32,201
Total	179,845	80,176	79,720	98,508

1. Data includes both individuals continuing care and new episodes of care; each SFY Total and monthly count represents unique individuals. This data does not represent unique individuals across months (i.e., individuals may be counted in multiple months).
2. Data Source: Data Assessment Registry Mental Health & Addiction (DARMHA)

Community Mental Health Centers overview

Indiana's Community Mental Health Centers (CMHCs) provide a **wide array of behavioral health and addiction services for adults, adolescents, and children.**

Indiana has 22 CMHCs, which are certified by DMHA and must meet the relevant requirements of 440 IAC.

Who CMHCs Serve

CMHCs serve adults with serious mental illness, children and adolescent with serious emotional disturbance, and individuals with chronic addiction.

CMHC Service Delivery

CMHCs must ensure accessible, coordinated services, including coordinated transitions to and from state hospitals.

Seriously Mentally Ill (SMI) and Seriously Emotionally Disturbed (SED) program summary

DMHA funds mental health treatment for individuals with Serious Mental Illness (SMI) or Serious Emotional Disturbance (SED) who are at or below 200% of poverty.

Adult with Serious Mental Illness (SMI)

An individual, 18 years or older, who has been diagnosed with an eligible mental illness diagnosis and experiences significant functional impairment in two (2) of the following areas:

- Activities of daily living.
- Interpersonal functioning.
- Concentration, persistence and pace.
- Adaptation to change.

Youth with Severe Emotional Disturbance (SED)

An individual, under 18 years, who has been diagnosed with an eligible mental illness diagnosis and experiences significant functional impairment in one (1) of the following areas:

- Activities of daily living.
- Interpersonal functioning.
- Concentration, persistence and pace.
- Adaptation to change.

Resilience and Emotional Support Teams

DMHA has collaborated with IDHS to organize **One Stop Shops (OSS)** and provide other community assistance to provide resources and assistance to communities impacted by the disaster, in alignment with the **Governor's initiative**.

Activated REST Districts:

- ✓ District 1 (Northwestern Indiana)
- ✓ District 5 (Central Indiana)
- ✓ District 6 (Eastern Indiana)
- ✓ District 9 (Southeastern Indiana)

DMHA has requested that activated teams fill out a **survey** to provide information on the number of individuals served.

Completed OSS

- Delaware County
- Madison County
- Porter County
- Wayne County
- Marion County
- Henry County
- Fayette County
- Franklin County
- Lake County
- Hamilton County
- LaPorte County

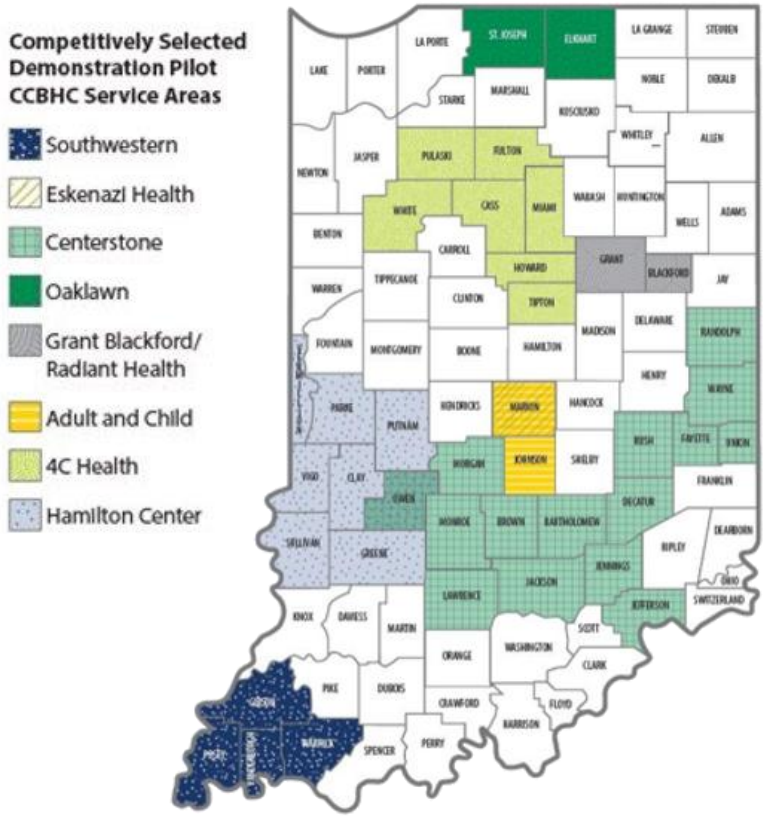

Other Community Assistance

- Wayne County
- Marion County
- Fayette County
- Franklin County

Certified Community Behavioral Health Clinic demonstration

CCBHCs provide a comprehensive range of mental health and addiction services for **anyone** seeking services, **regardless of their diagnosis, insurance, place of residence or age.**

- ✓ Outpatient mental health and substance use services
- ✓ Psychiatric rehabilitation services
- ✓ Community-based mental health care for veterans
- ✓ Screening, diagnosis, and risk assessment
- ✓ Targeted case management
- ✓ Person- and family-centered treatment planning
- ✓ Outpatient primary care screening and monitoring
- ✓ Peer, family support and counselor services
- ✓ Crisis services

21 Required Quality Metrics & Goals

Programmatic, site-specific service mix goals across **9** service categories

Designing a system right for Indiana

988 Indiana – More than a number

Someone to Contact

Individuals connecting to 988 Indiana talk to a trained crisis specialist. Specialists are prepared to help anyone experiencing any form of emotional distress, suicidal thoughts or other mental health or substance use crises.

Someone to Respond

When needed, individuals contacting 988 can receive assistance from a team of trained behavioral health professionals who provide on-site support and connection to appropriate services in their community. Mobile Crisis Teams always include a certified peer support professional, someone with lived experience who is trained to provide support during a behavioral health crisis and another behavioral health professional.

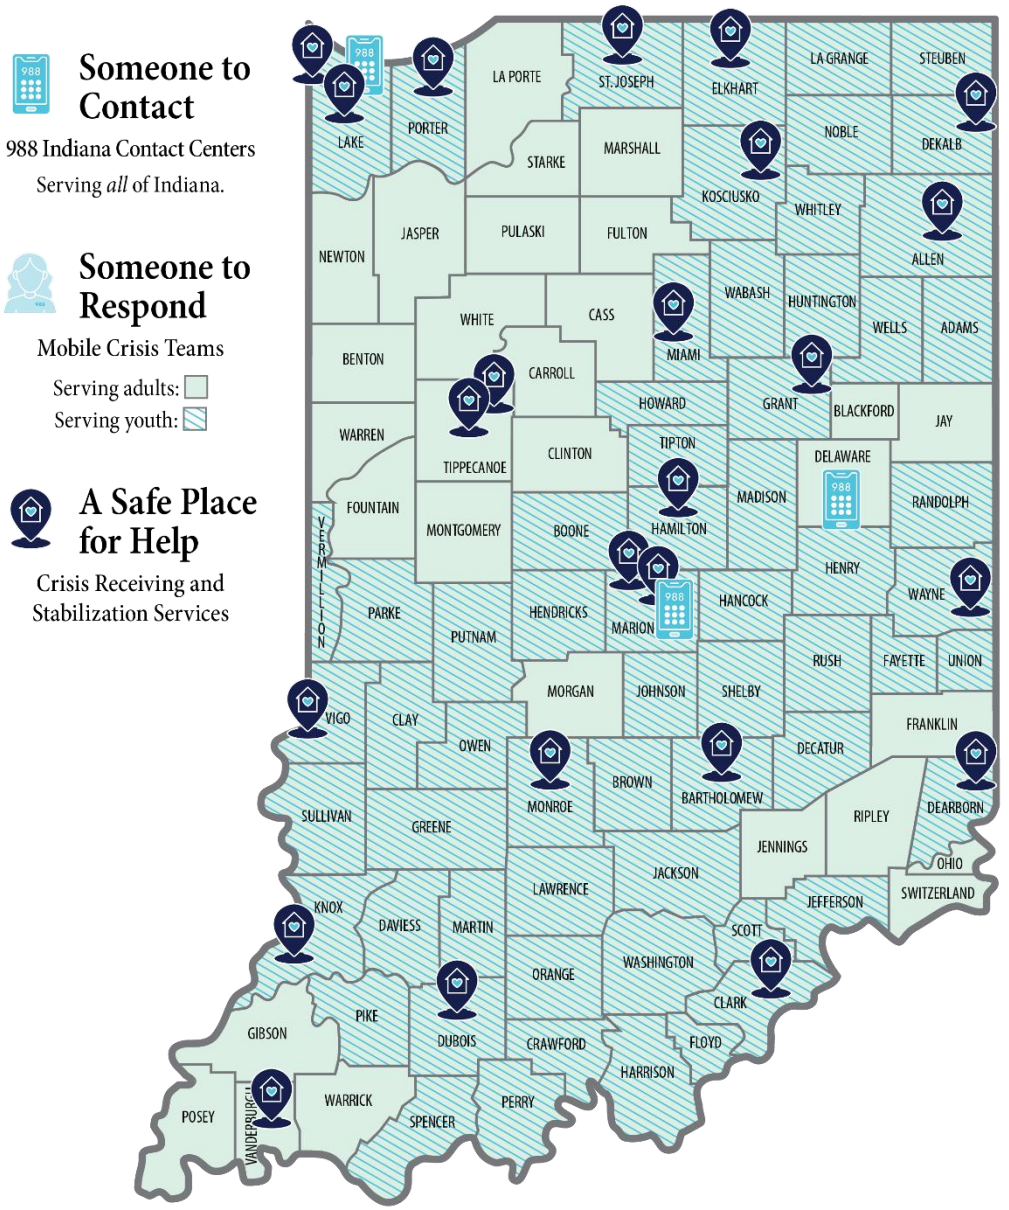

A Safe Place for Help

In some cases, individuals may need additional services and may be referred to a local safe place for short-term support aimed at stabilization and preparing for a return to their community.

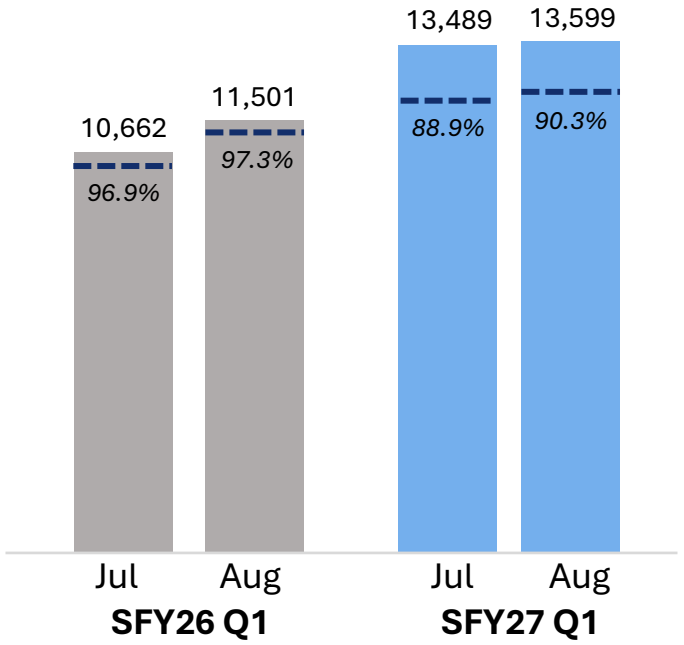

988 Crisis Response System map

https://988indiana.org

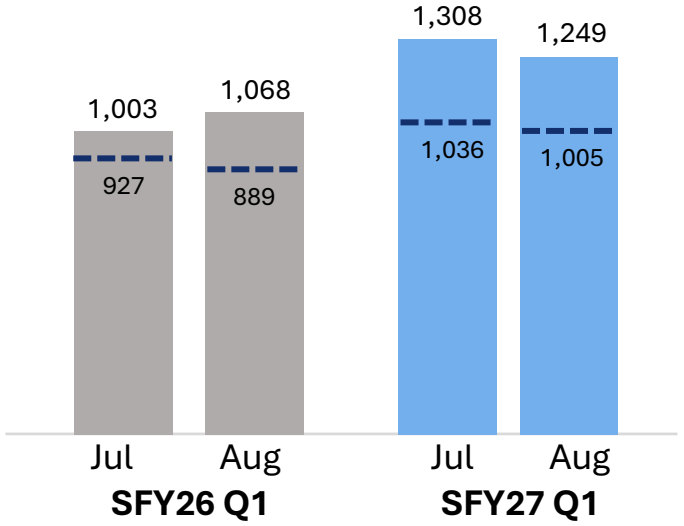

988 comparison data: July and Aug. SFY26 & SFY27

Pillar 1: 988 Calls

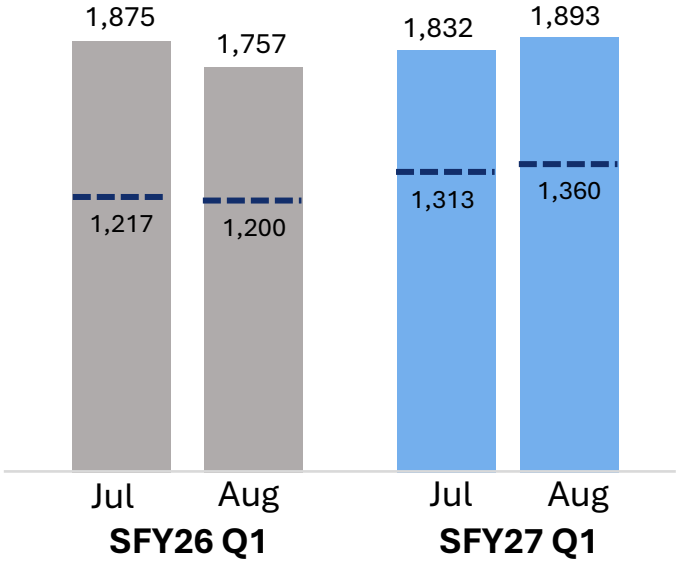

988 Call Volume In State Answer Rate

Pillar 2: Mobile Crisis Responses

Number of Unique Individuals Served by Mobile Crisis Teams

Pillar 3: Crisis Receiving and Stabilization Services

Number of Unique Individuals Served by Crisis Receiving and Stabilization Services

Strengthening 988/911 interoperability

Building the relationships, tools, training, and data infrastructure needed for a coordinated crisis response system.

01 STATEWIDE ENGAGEMENT

Conduct structured outreach across Indiana, including 911, first responders, coroners, community corrections, Mobile Crisis Teams (MCT), and Crisis Receiving and Stabilization Services (CRSS).

02 TRAINING & EDUCATION

Expand crisis response education for public safety partners by hosting presentations and conducting trainings like Mental Health First Aid (MHFA) and Counseling on Access to Lethal Means (CALM).

03 SYSTEM INTEGRATION

Strengthen 988/911 integration by operationalizing the DMHA–Statewide 911 Board MOU, expanding use of the 988/911 Diversion Tool, and convening partners to refine shared communication, transfer, and response practices.

04 DATA & IMPROVEMENT

Develop reporting approaches across 988, 911, and MCTs to better understand interoperability and gather stakeholder feedback to assess crisis system utilization, identify gaps, and inform improvements.

Upcoming Workplan

2027	2028	2029	2030
Implement diversion tool and establish reporting	Expand diversion tool utilization and enhance reporting	Expand training for 988, MCT, CRSS, 911, and first responders	Sustain coordination and accessible crisis training

Addiction/State Opioid Response

Mixture of state and federally-funded programs:

State Opioid Response Grant

- Substance Use Disorder (SUD) Treatment and Recovery Residence for patients with Opioid Use Disorder (OUD) or Stimulant Use Disorder (StUD) and no access to third party payer
- Overdose Lifeline purchase and distributes Naloxone to community partners, local health departments, and laypersons across the state

State Treatment Funds

- Regional Recovery Hubs connect Hoosiers with mental health and substance use disorder to treatment and recovery supports through Certified Peer Support Professionals
- Lyft Rides administered through Regional Recovery Hubs to provide people with transportation to treatment and recovery appointments

Substance Use Prevention, Treatment and Recovery Services Block Grant

- Residential Treatment (ASAM 3.1 and 3.5 Levels) for patients below 200% of poverty level, pregnant women or women with dependent children with no access to third party payer or denial from payer

Addiction/State Opioid Response (SOR) program metrics

Addiction/SOR	Total SFY26	SFY27 Q1
# of Lyft rides through Regional Recovery Hubs	19,757	3,935
Unduplicated # of participants in recovery residences within DEBS[1]	606	276
Unduplicated # of participants in substance use disorder treatment within DEBS[1]	1,846	1,136
Amount of Naloxone distributed	317,408	93,005

1. DMHA Electronic Billing System (DEBS)

"These funds gave me an opportunity to battle my addiction head-on... Had it not been for DMHA funding, I wouldn't have had the opportunity to work for Goodwill and be promoted to Manager of Donations."
– Individual in recovery

DMHA Problem Gambling program overview

Funding comes from the admissions / supplemental wagering tax and a portion of sports betting tax revenue that are deposited into the Addiction Services Fund:

- DMHA currently has provider agreements with 14 agencies that offer problem gambling treatment / education services.
- Administer the toll-free Problem Gambling helpline: 1-800-994-8448 (*WITH-IT*)
- Provide oversight of state-wide partners that address problem gambling issues.

Gambling program metrics

Gambling	Total SFY26	SFY27 Q1
# of unique clients served by Problem Gambling Providers[1]	741	352
# of new intakes conducted by Problem Gambling Providers	566	157
# of new Voluntary Exclusion Program participants (allows individuals to self-exclude from all Indiana casinos)	571	171
# of new Internet Self Restriction Program participants (enables individuals to request to be barred from participating in licensed mobile sports wagering in Indiana)	176	43
# of Problem Gambling Help Line Specific Calls	760	169

1. Data includes unique clients served for SFY Totals and each quarterly count.

Opioid settlement

- Indiana is receiving more than $1 billion from the National Opioid Settlement over 18 years
- The Attorney General Website houses all information and financial updates from the National Opioid Settlement
- **IC 4-6-15-4** defines the distribution structure as a 50/50 split between the state and local municipalities who opted in
- Abatement funds are obligated based on Exhibit E – National Settlement Approved Restricted Funds Uses
- Indiana Opioid Settlement updates are posted on the Indiana Opioid Settlement Website

The SFY27-28 Opioid Settlement Plan was approved by State Budget Committee in June 2026

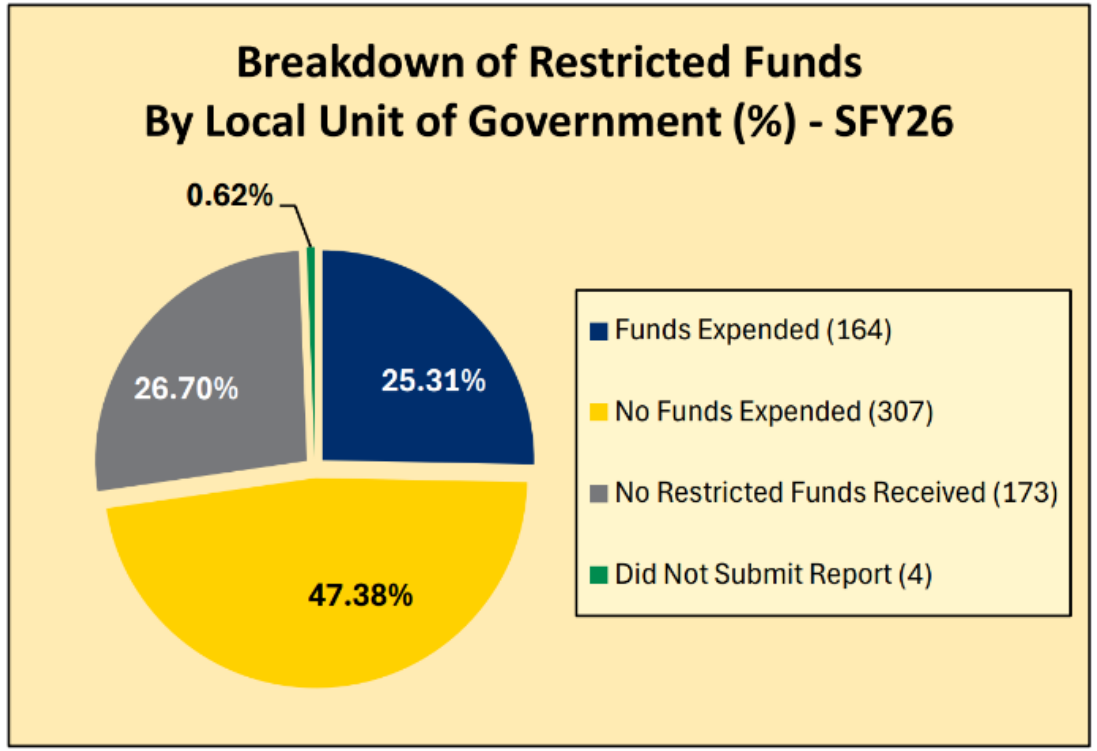

Initiatives will include:

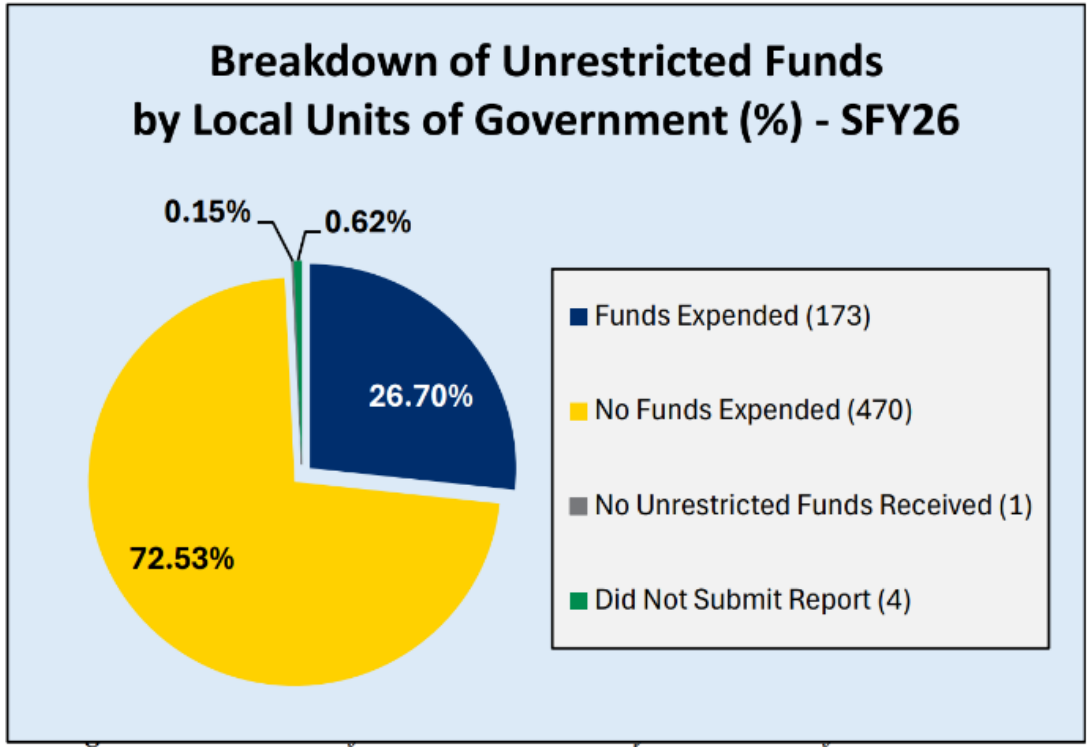

- Prevention
- Treatment
- Recovery
- Workforce
- Enforcement

Partnerships

- Department of Child Services (DCS)
- Indiana Department of Health (IDOH)
- Indiana Housing & Community Development Authority (IHCDA)

Opioid Settlement Fund breakdown – SFY26 local units of government

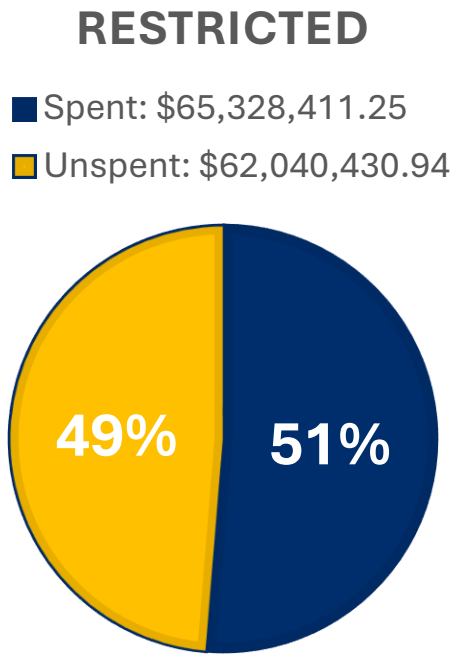

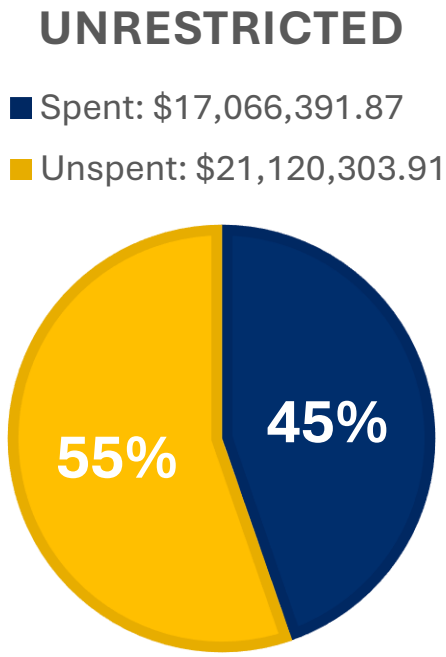

Opioid Settlement Fund breakdown – local units of government spend

Since initial distribution in 2022, Local Units of Government have received

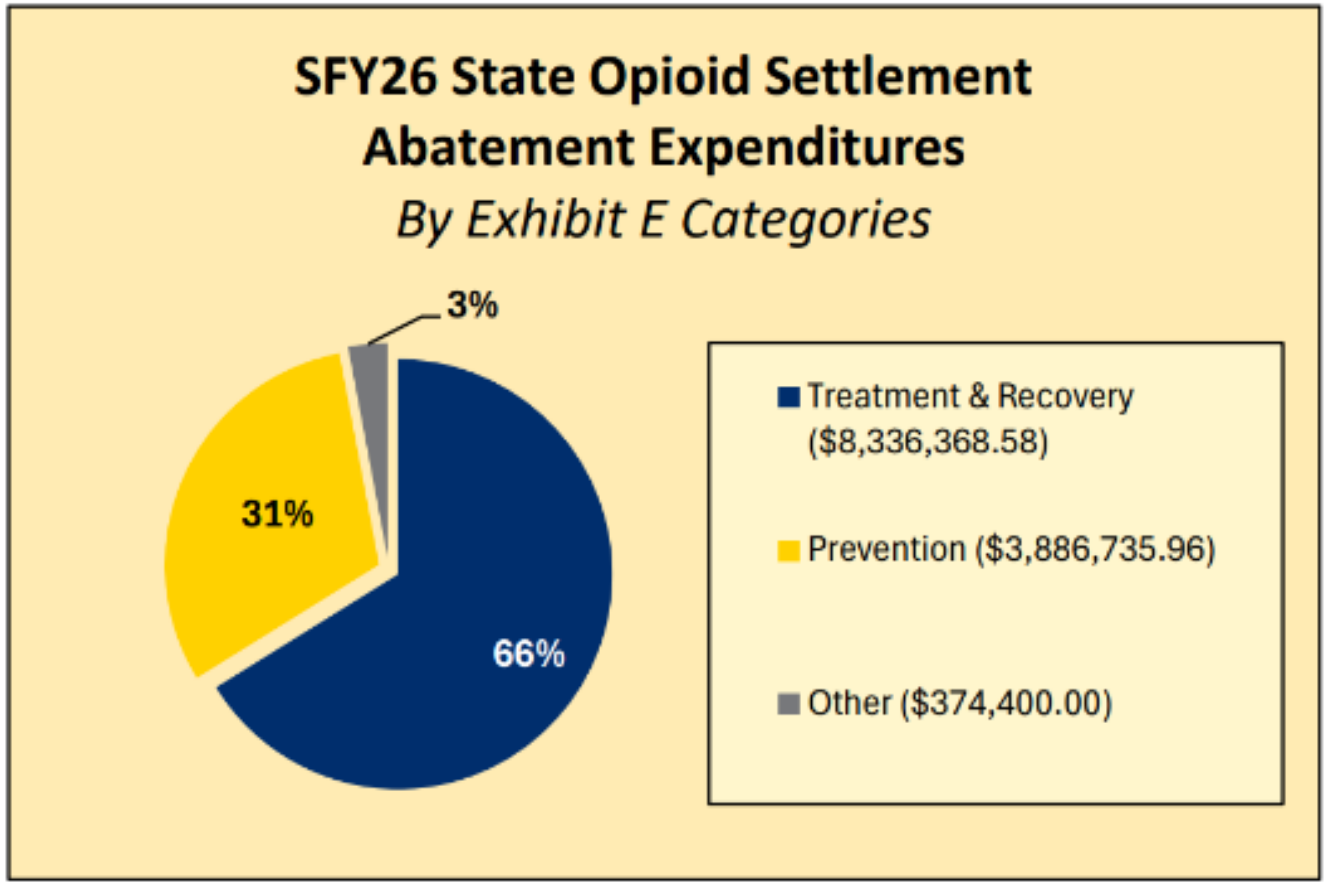

Restricted: $127,368,842.22

Unrestricted: $38,186,695.78

Opioid Settlement Fund breakdown – SFY26 state expenditures

SFY27 Q1
Quarterly Financial Review
Indiana State Psychiatric Hospital Network

Presented Oct. 27, 2026

Quarterly Financial Review outline

1. ISPHN Metrics
2. CCBHC and CMHC Usage
3. ISPHN Staffing and Summary
4. Incompetent to Stand Trial Orders
5. ISPHN Patient Populations
6. Competency Restoration and ISHN Metrics
7. Recovery Works Program
8. ISPHN Financial Summary
9. ISPHN Cross Agency Collaborations

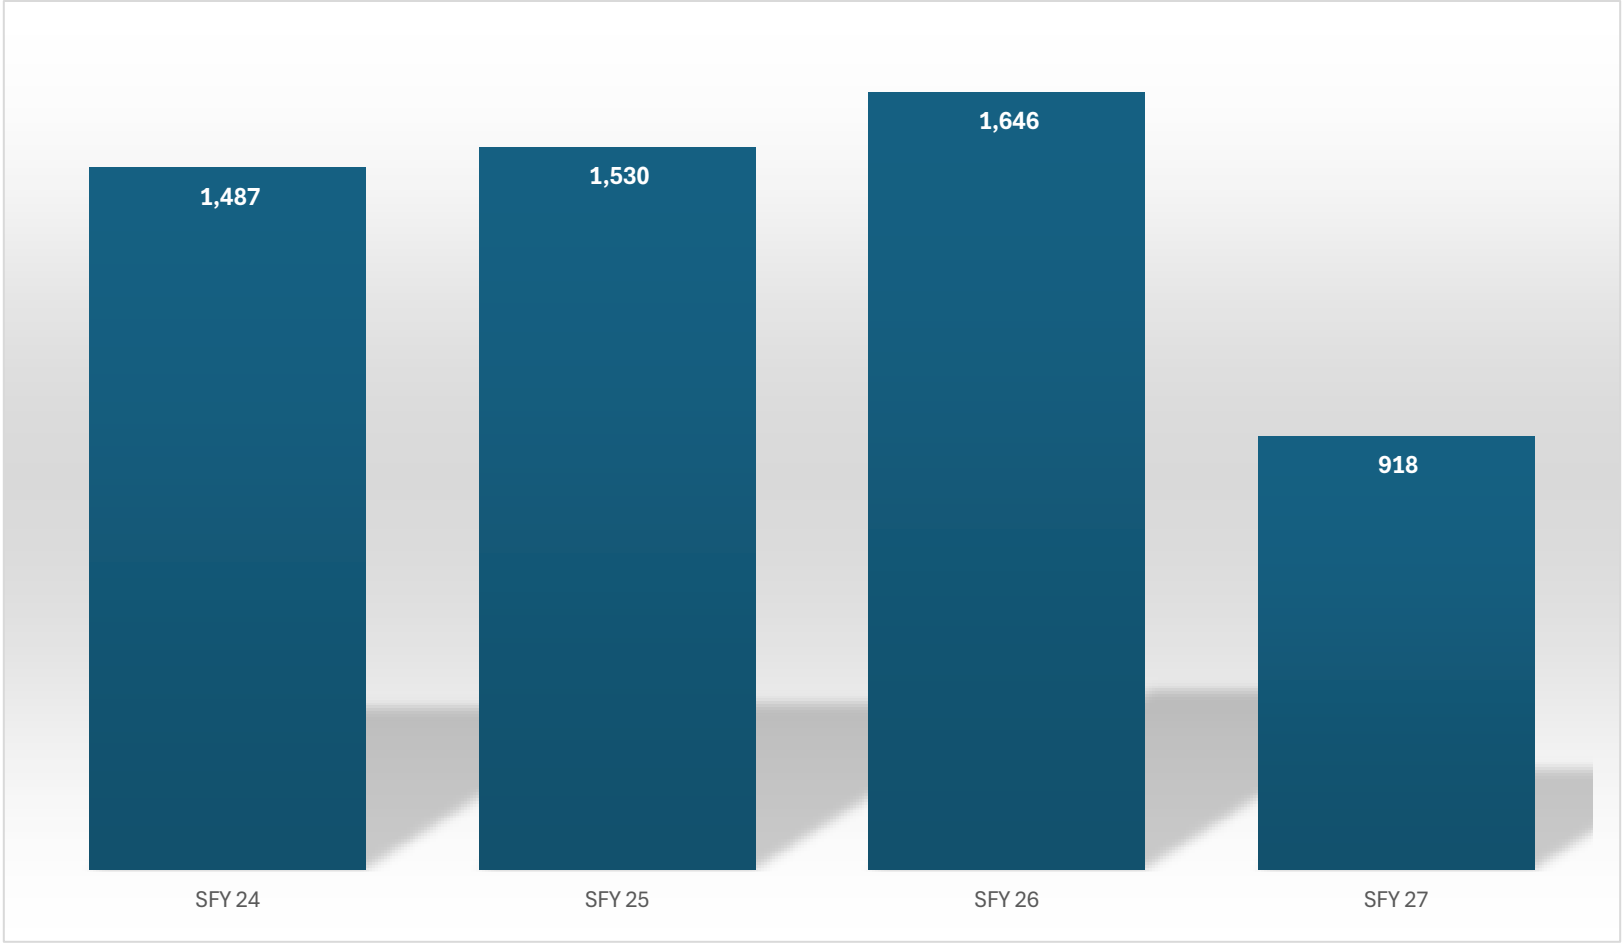

About Indiana State Psychiatric Hospital Network

- **Six state-operated facilities** providing specialized inpatient psychiatric care across Indiana.
- **Serves adults and youth** with serious mental health needs, including complex psychiatric conditions and co-occurring mental health and substance use disorders.
- **Provides intensive, structured treatment**, including assessment, stabilization, medication management, therapy and intensive case management.
- **Supports forensic services**, including competency evaluations and restoration for individual involved in the criminal justice system.
- **Coordinates with community providers** to support recovery and timely transitions to appropriate community-based care.
- **Maintains Joint Commission accreditation**, with performance measurements to support quality improvement and patient outcomes.

Competency restoration

Incompetent to Stand Trial (ICST)

- A defendant deemed incompetent lacks the fitness to stand trial
- They are unable to help in defending their own charges
- The number of referrals are surging, and state hospitals cannot meet the demand

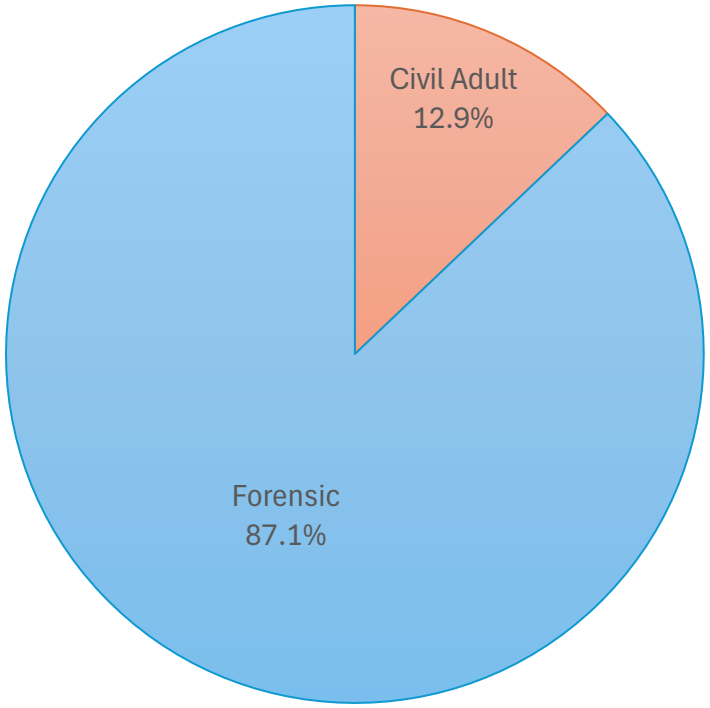

As of 10/1/2026

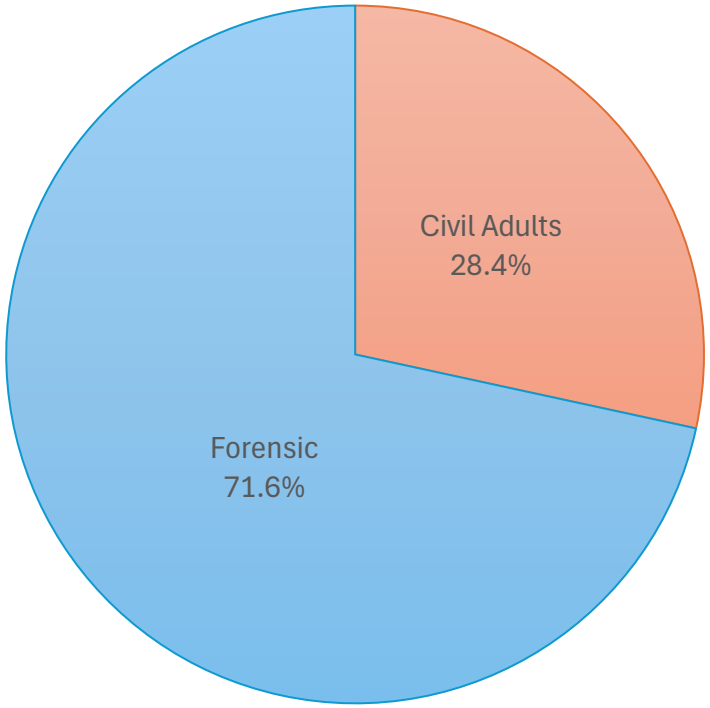

From 2013 to 2025, the number of incompetent to stand trial (ICST) referrals per year in Indiana increased by 476%.

ISPHN adult patient population

Admitted Q1

Currently Serving

As of 09.30.2026

Two different missions.
One limited system capacity.

01

Treat

Provide necessary treatment for those who are mentally ill and either:

- **Dangerous**
- **Gravely disabled**

The civil commitment pathway — serving people whose illness poses a danger to themselves or their community.

02

Restore

Restore competency for individuals found by trial courts to be incompetent to stand trial (ICST).

The forensic pathway — getting a defendant ready for trial so the case can move forward.

Competency restoration

Project CREATE vs ISPHN for Q1 2027

	Adult Beds	Patients Served in 2026	Recidivism	Patients Admitted	Patients Restored	Patients Served in Q1	Average Days to Admit	Restored in < 90 days
Create	24	89	35%	18	16	37	16	100%
ISPHN	726	962	30%	153	154	689	46	61%

Restoring patients using an alternative restoration facility reduces the wait times for low level non-violent offenders waiting in jail and benefiting civil patients who can wait many months for a bed to receive mental health services. Competency Restoration involves restoring a patient to competency so they can comprehend the court proceedings and assist in their own defense. Competency Restoration is not treatment for mental illness but preparation for trial proceedings.

171 Average Length of Stay in Days for Q1

According to Youth First, Indiana's youth mental health crisis is marked by high rates of depression, rising suicide attempts, and severe staffing shortages. State programs and community advocacy are working to address these gaps, but urgent, sustained investment and policy change are needed to ensure every Hoosier youth has access to timely, quality mental health care.

Indiana State Psychiatric Hospitals offer comprehensive, holistic and compassionate inpatient psychiatric care to Hoosiers who have been involuntarily committed. Our vision is to be a fully functioning network of state psychiatric hospitals that specialize in addressing the evolving psychiatric needs of Hoosiers, by providing high-quality and holistic treatment, that supports individuals to return to their home communities safely.

Recovery Works

The Recovery Works program, launched in 2016 through HB1006, is a $12.5 million per year funding initiative aimed at diverting low-level offenders from incarceration into community-based services. This initiative has been instrumental in curbing substance use and reducing recidivism rates.

- The funding encompasses traditional treatment methods, such as mental health counseling, substance use groups and intensive outpatient programs.
- It also supports alternative treatment approaches, including Recovery Community Organizations (providing peer support within the community) and faith-based treatment options.
- Recovery Works incorporates participant centered perspective while using a structured set of factors to guide placement, including participant location, service needs, treatment availability, and alignment between facility services and participant needs. The program fosters a sense of empowerment and encourages active participation throughout the recovery process, while promoting engagement in employment and meaningful contributions to care.

Recovery Works program metrics

Top 3 Service Utilization	July-26		August-26		September-26	
	Total Clients	Total Service Cost	Total Clients	Total Service Cost	Total Clients	Total Service Cost
Recovery Residence	1,385	$494,682	1,639	$552,781	1,500	$450,789
Recovery Community Organization: Peer Support Incarcerated Services	715	$337,750	679	$291,375	615	$273,875
Recovery Community Organization: Peer Support Community Services	1,238	$75,879	1,241	$73,757	1,138	$70,102

Client totals include unique new episodes of care and individuals continuing care. This data does not represent unique individuals across months (i.e., individuals may be counted in multiple months).

DDARS overview

Bureau of Child Development Services (BCDS)

- Oversees **First Steps**
- Indiana First Steps is a family-centered, locally based, coordinated system that provides early intervention services to infants and toddlers with disabilities or who are developmentally vulnerable. First Steps brings together professionals from education, health and social services agencies to provide skilled therapeutic interventions that **promote age-appropriate development of infants and toddlers** experiencing developmental delays.

9 state staff positions; none vacant

Bureau of Rehabilitation Services (BRS)

- Plans, establishes, and operates programs and services relating to **vocational rehabilitation**.
- Assists in finding resources to meet the needs of deaf and hard of hearing individuals.
- Provides **entrepreneurial opportunities** for VR participants who are legally blind.
- Centers for Independent Living provide services to persons with disabilities regardless of age or type of disability **promoting independent living** and **full inclusion.**

344 state staff positions; 10 vacant

Bureau of Disabilities Services (BDS)

- Four **Home & Community-Based (HCBS) Waivers**
- Performs Intake/Eligibility entity for individuals with Intellectual Developmental Disabilities
- Licenses Supervised Group Living (SGL) facilities
- Field Staff provide case management for individuals not supported through HCBS
- Field Staff monitor SGLs and State Line Services
- Central Office monitors HCBS Waiver provider compliance
- BDS contracts with 6 entities to provide case management for the Family Supports Waiver and Community Integration & Habilitation Waiver

142 state staff positions; 11 vacant

Bureau of Better Aging (BBA)

- Identified **State Unit on Aging**
- Oversees Adult Protective Services
- Support Aging Hoosiers and Hoosiers with Disabilities through various programs and services
- Responsible for development and oversight of the State Plan on Aging.

26 state staff; 5 vacant

DDARS Administration – 7 state staff; no vacancies

Bureau of Better Aging: AAA Network overview

- As the State Unit on Aging, under the federal **Older Americans Act** statute, FSSA Bureau of Better Aging (BBA) designates **Area Agencies on Aging (AAAs)** to help older adults live independently and with dignity in their communities. AAAs receive these Federal grant funds through DA.
- BBA receives federal **Social Services Block Grant** funding from DCS that supports AAA efforts.
- **Medicaid and CHOICE** funding are awarded to the AAAs to serve as Aging and Disability Resource Centers (ADRCs). ADRCs are an entry point to access home and community-based service programs.
- The local **Long Term Care Ombudsmen** are contracted through AAAs.
- Three AAAs serve as **Adult Guardianship** program partners.
- AAAs are responsible for implementing the **Dementia Care** initiative.
- Most direct services available from these contracts are delivered through local service providers.
- Care Management, Information & Assistance, & Outreach are provided by AAAs.

AAAs receive ~75% of BBA's funding.

AAA Service Area Map Redesign

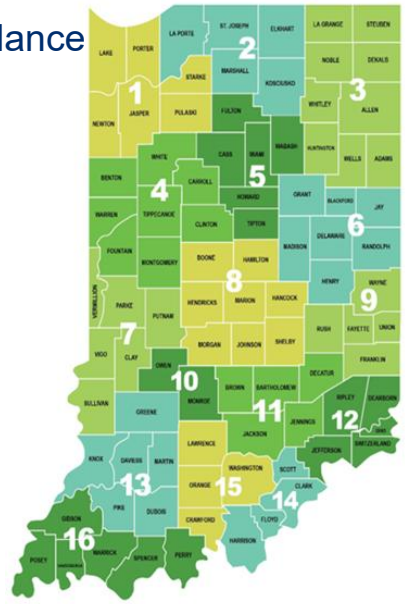

- Developing recommendations for consolidating or realigning service areas (IC 12-8-1.5-18.5)
- Multi-year process following federal and state guidelines

Why?

- Population shifts and demographic changes
- Environmental, physical and technological changes
- Workload/resource imbalance

Goals:

- Alignment of resources & need
- Consistency of core programs
- Administrative & service delivery efficiencies
- Sustainability

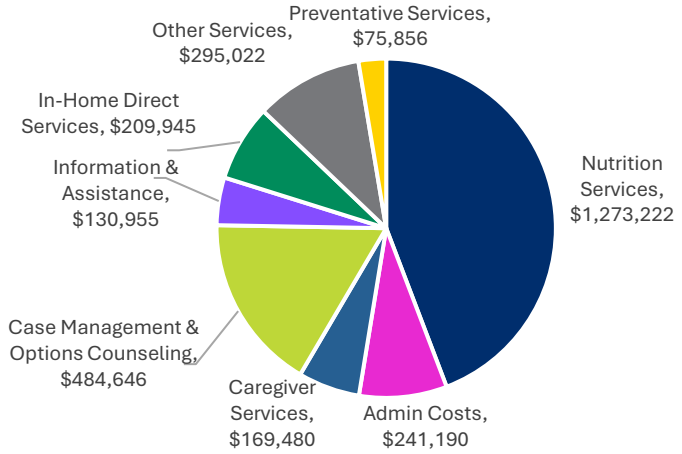

Non-Medicaid Home and Community-Based Services

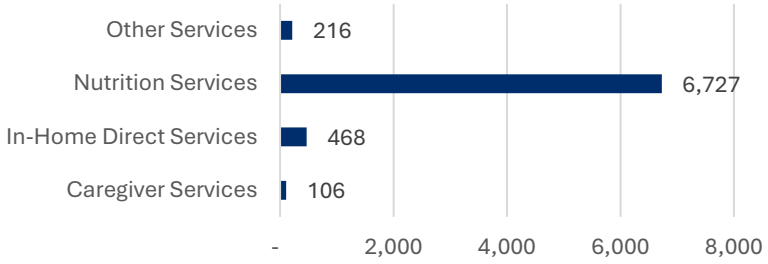

Older Americans Act Title III & Social Services Block Grant

Federally-funded services, with state & local match requirements

OAA & SSBG Claims by Service Category
July 2026 - Total: $2,880,317

OAA & SSBG Participants by Service Category
July 2026

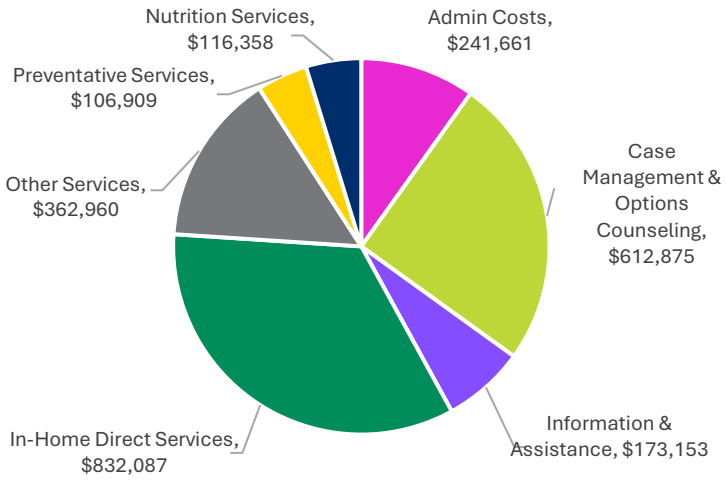

CHOICE

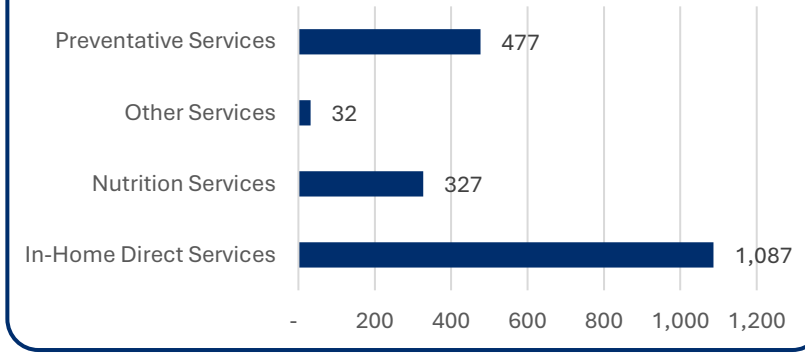

(Community and Home Options to Institutional Care for the Elderly and Disabled)

State-funded services focused on prevention and early intervention

CHOICE Claims by Service Category
July 2026 - Total: $2,446,002

CHOICE Participants by Service Category
July 2026

Dementia Care Specialist Program

- Part of Indiana's Dementia Strategic Plan
- **Goal:** Expand infrastructure and capacity of our state to prevent and address the complex needs of Hoosiers with dementia and their care partners

19,693
Hoosier participants
(Jan-Jun 26)

790
Events across the state

Residential Care Assistance Program (RCAP)

Stability, Expression and Family Reunion: Norris' RCAP Journey

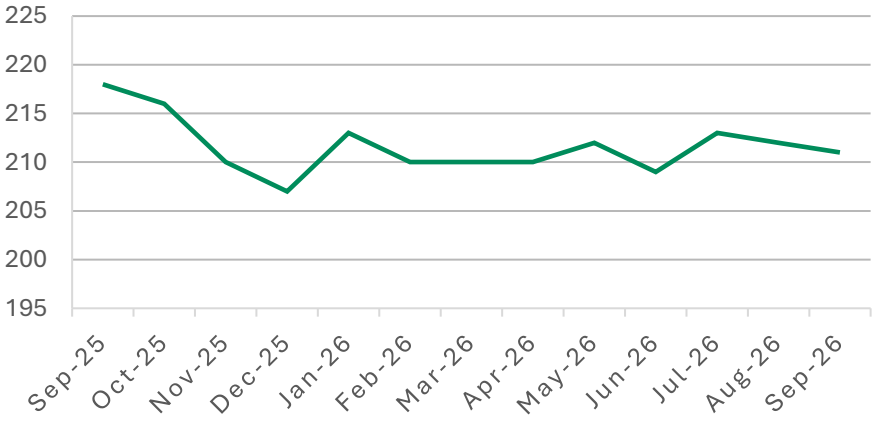

Background: Admitted in May 2024, Norris is a 51-year-old resident who moved to an RCAP facility after his mother found herself unable to safely manage his care needs at home.

The Turnaround: The RCAP facility provided the structured environment Norris needed to achieve medical stability. With consistent medication management and a dedicated staff, Norris began to thrive. The facility recognized his passion for art and ensured he always has a steady supply of drawing materials.

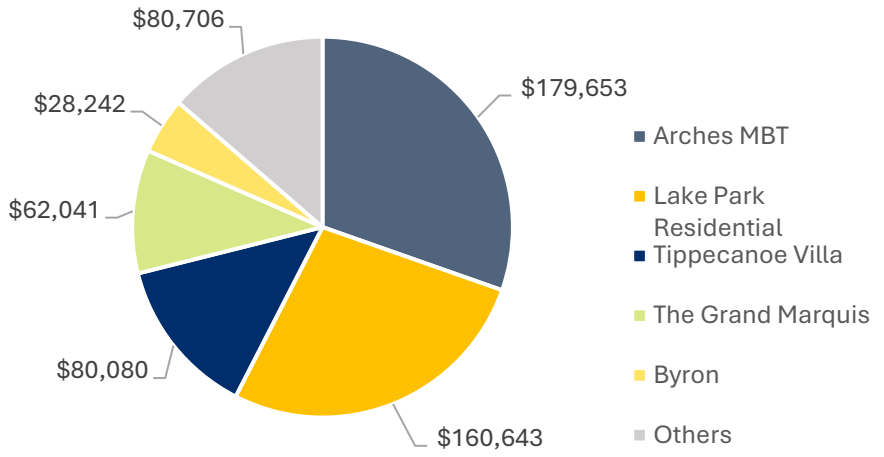

RCAP Impact: The stability Norris found here paved the way for a beautiful milestone: he has successfully reunited and reconnected with his family, highlighting how residential care heals both individuals and families.

Total RCAP Participants
Sep 25 – Sep 26

RCAP Provider Funding
SFY 27 YTD (Jul 26 – Aug 26)
Total: $591,364

- In SFY 27 YTD, **11** residents enrolled and **11** discharged.
- Currently, there are **211 RCAP residents** with 19 providers.
- Average monthly RCAP funding per person (Aug 26): **$1,377.17**

Participant Profile

- 63% male
- 48% age 60+
- 45% ages 40-59
- Over 95% have a mental health disorder
- 100% have Medicaid or receive SSI

Top Reason for Discharge (SFY 27 YTD):
Moved to Nursing Facility (4)

Long-Term Care Ombudsman Program (LTCOP)

RESIDENT ADVOCATES

Statewide Scope (as of 6/30/26)

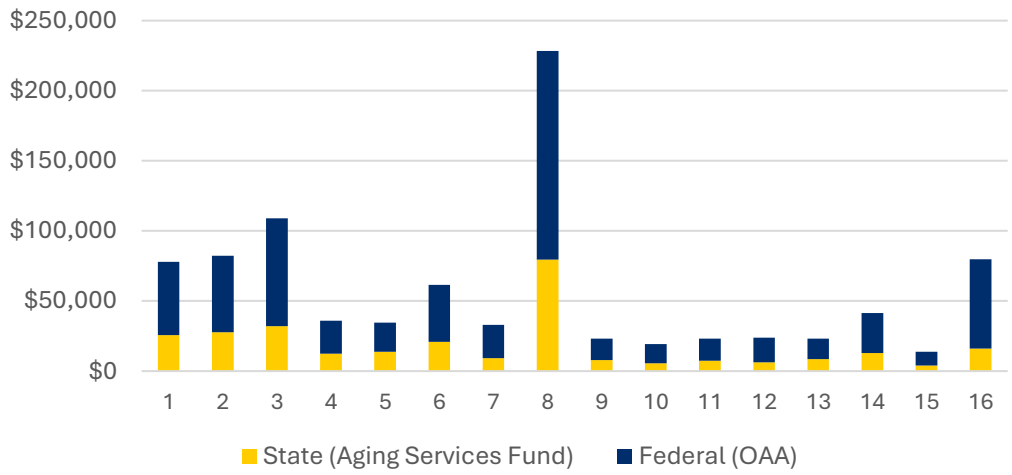

- **737** nursing homes and licensed assisted living facilities
- 71,599 licensed beds (**48,386** nursing home and **23,213** licensed assisted living beds)

FFY26 LTCOP Activities (10/1/25-9/30/26)*

- **1,428** complaints investigated
- **2,434** instances of information & assistance (I&A) provided to individuals (3.4% increase over FFY25)
- **1,075** instances of I&A provided to facility staff
- **2,064** routine access visits to facilities (not in response to a complaint)

**Preliminary FFY26 data (10/1/25 – 9/30/26), subject to revision as year-end reporting is completed.*

FY 27 LTCOP Grant Funding by AAA
Total: $910,287

Maintaining Resident Access Amid Staffing Reductions

- Indiana Legal Services (ILS), which provides local ombudsman services through subcontracts with 12 AAAs, has reduced ombudsman staffing due to funding constraints.
- Resident complaints often involve complex issues, including involuntary transfers and discharges, family conflict, and quality of care concerns. Resolving these matters frequently requires multiple contacts, facility visits, and sustained advocacy.
- With fewer local ombudsmen hours available, the State Ombudsman Office has issued guidance prioritizing urgent resident concerns and essential services in the affected areas.

Adult Protective & Guardianship Services

Adult Protective Services (APS)

WHAT APS IS

- State program
- Receives reports of abuse, neglect or exploitation of endangered adults
- Investigates and assesses allegations
- Develops service plans and connects adults to services
- Works with community partners, law enforcement, courts and providers

Authority
Indiana Code § 12-10-3 and 460 IAC 17-2

WHAT APS ISN'T

- Not an emergency response, medical provider, social service provider or law enforcement
- Not a placement provider but can help coordinate
- Not a guardian or representative payee
- No direct social or health-related services
- Cannot provide APS services without consent of the endangered adult, their guardian or a court order

Who We Protect & How We Connect

WHO IS AN ENDANGERED ADULT?

Defined by Indiana Code § 12-10-3-2

HOW APS AND AGS WORK TOGETHER

APS state hotline:
800-992-6978

Adult Protective Services online reporting:
https://aps-govcloud.my.site.com/APSOnlineReport/s/

Adult Guardianship Services (AGS)

WHAT AGS IS

- Court-appointed guardians who work in the best interest of the adult, with court oversight
- Provides decision-making support for adults who cannot manage personal or financial affairs
- Promotes safety and well-being in the least restrictive environment
- Focuses on protection, dignity and quality of life

Authority
Indiana Code § 12-10-7 and 460 IAC 17-6

WHAT AGS ISN'T

Not APS
- AGS does not investigate abuse or accept reports

Not a universal solution
- Used only when necessary and ordered by the court

Not a place to live
- AGS does not provide housing, residential care, or direct services.

Not without oversight
- All guardians are supervised by the court and must follow state law

Bureau of Disabilities Services

A centralized office and eight regional field offices

- Four Home and Community-Based Services (HCBS) Waivers
- Serves as the intake entity for individuals with Intellectual/Developmental Disabilities
- Oversees Level of Care (LOC)\eligibility determination process
- Licenses provider-owned and operated Supervised Group Living (SGL) facilities
- Field staff provide case management for individuals not supported through HCBS
- Field staff monitor SGLs and state line services
- Central office enrolls HCBS providers
- Central office monitors HCBS Waiver provider compliance and contract with Liberty of IN for quality assurance
- BDS contracts with case management entities for the four BDS administered HCBS Waivers via selective contracting waiver

Participants served per county:
SFY26 Q1 (7/1/26-9/30/26)

Eligibility/Level of Care**
Home and Community-Based Services (HCBS) waivers

Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID)

- Family Supports Waiver (FSW)
- Community Integration and Habilitation (CIH) Waiver

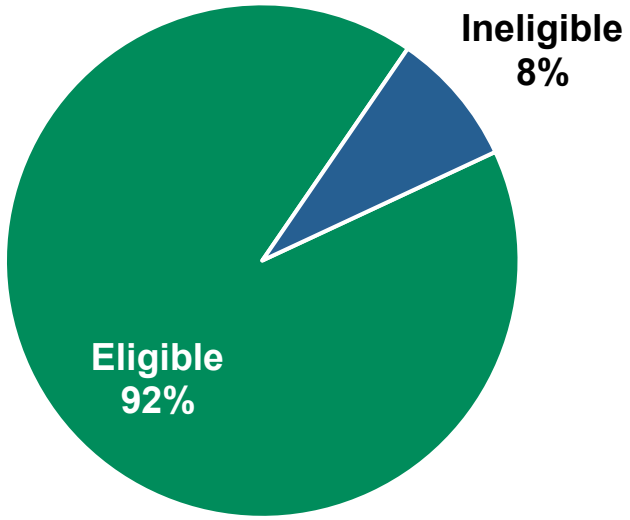

Nursing Facility Level of Care (NFLOC)

- Health and Wellness Waiver (H&W)
- Traumatic Brain Injury (TBI) Waiver*

**TBI Waiver eligibility may be met with either NF or ICF/IID LOC*
***The Centers for Medicare and Medicaid Services (CMS) requires both an initial assessment of level of care and an annual assessment for ongoing eligibility determination*

Nursing Facility Level of Care (NFLOC)

All Assessments
(2/1/2026-10/16/2026)

Initial Assessments
(2/1/2026-10/16/2026)

ICF/IID Level of Care

Annual Assessments
(2/1/26 – 10/16/26)

	Number	Percentage
Total Annual Assessments	**26,060**	
Eligible	**25,280**	**97%**
Ineligible	780	3%

Why annual assessments?

Inform Planning for Services and Support

- Person-Centered Planning
- CMS requires that HCBS Waiver Services address identified need
- Needs change over the lifespan
- Connect to services and support, including those that are not provided through Medicaid or Medicaid Waiver

Inform Eligibility Determination

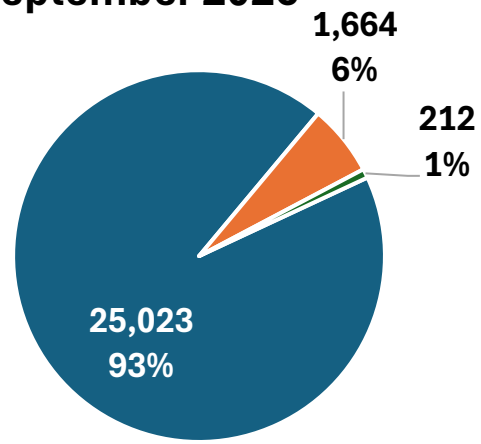

- CMS requires annual determination of eligibility
- Functional needs change over the lifespan
- Diagnosis alone does not maintain eligibility for Medicaid-funded long-term services and support (LTSS)

Quality Assurance

- Mandatory attestations of participation
- Mandatory refresher training for assessors 9/21/26 & 9/28/26
- Additional printed guidance for assessors
- Mandatory assessor case notes documenting guided interview
- Verification of information gleaned from guided interview

Waiver Type

The impact of waiver: Lennon

Lennon excitedly “graduated” from waiver services in the Spring of 2026, declaring he no longer needed the formal paid supports the waiver provides.

His journey to independence began in 2009 when his mother passed away. His waiver team supported him in learning to care for himself, his home, his medical needs and his finances. His independent nature allowed the team to build on this personal strength and create key relationships as his primary support system.

Lennon uses typical technology for his calendar reminders and alerts. He has folks he trusts who he can turn to with any questions.

Lennon's community is important to him, and he is very involved in his church. As an active member of his faith community, he has developed a strong circle of friends and a system of informal supports that he values and maintains.

Lennon works a full-time job in Hospitality at Indiana University. He takes advantage of the city bus to get to his favorite places to eat, shop and socialize as well as to his full-time job. He also displays his creative nature as a musician playing multiple instruments for local music and dance gatherings.

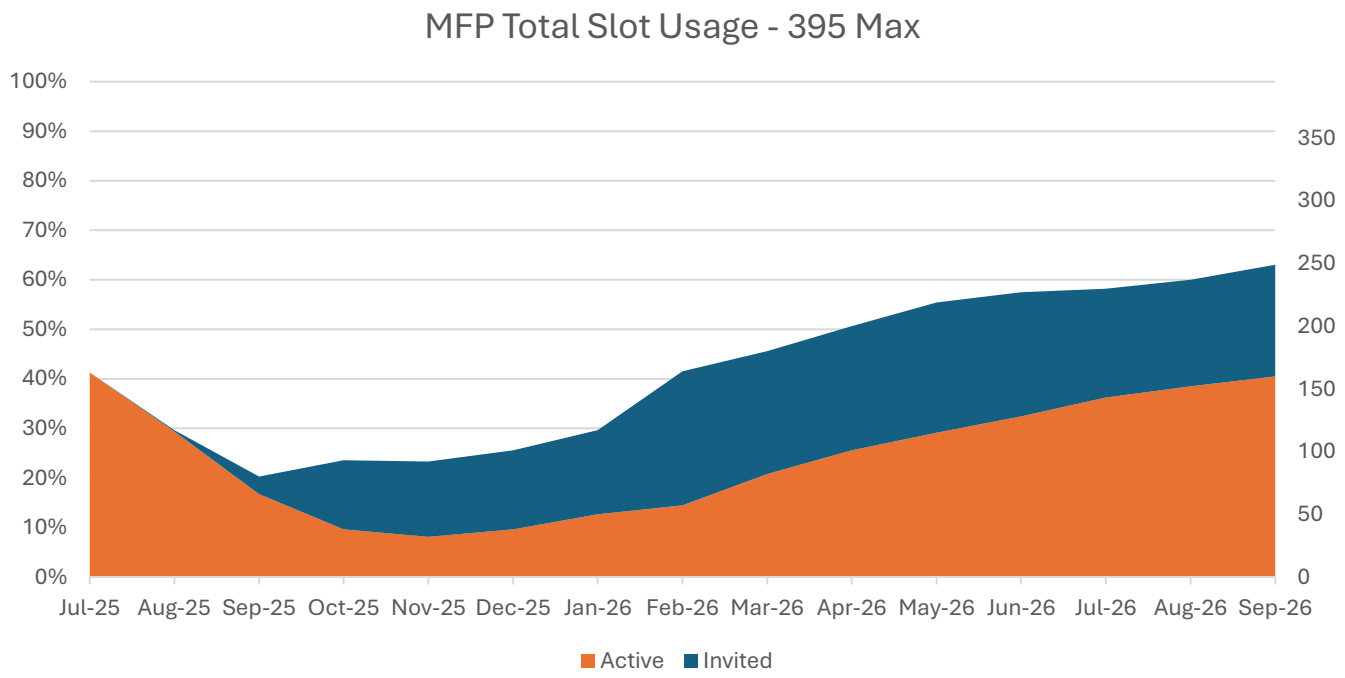

Lennon’s very own YouTube channel was celebrated by the city of Bloomington when he reached the incredible milestone of 10,000 episodes. He is a prolific creator who produces videos and makes music for the Community Access Television.

	Duals	Non-Duals
Waiver PMPM	$1,377	$1,084
State Plan PMPM	$455	$1,605
Total PMPM	$1,833	$2,690

Why improved care coordination?

- $881M in SFY26 in Medicaid State Plan Services for Non-Dual Members enrolled in the four BDS-operated waivers
- Medicaid State Plan and Medicaid Waiver Services are not coordinated holistically; Waiver Reset focused on coordinated long term services and support (LTSS)
- Fee-for-Service (FFS) Waiver case managers have historically not managed/coordinated long-term services and support across Medicaid and Medicaid Waiver

Waiver reset: A sustainable framework

- **Simplify the System**
  - Make it easier to understand the waiver program
  - Reduce the number of assessments, paperwork and administrative steps
  - Update the services that are offered
- **Improve Support Coordination**
  - Understand how all the different supports available connect and work together
  - Offer more help in finding and maximizing unpaid and paid supports
- **Enhance Quality Outcomes**
  - Help providers get ready to offer new and updated services that help people reach their goals
  - Develop a way to pay providers for quality and not just quantity
- **Implement a Sustainable Service Delivery System**
  - Use one assessment to fully understand people's support needs
  - Set up supports budgets so available funding is shared in equitable manner
  - Lay the foundation to address the growing group of individuals eligible and waiting for services

The future

Phase 1 waiver reset (now – 2027):

- Care coordination (case management) technical assistance and support
- Youth waiver: Establish waiver framework and initiate transitions

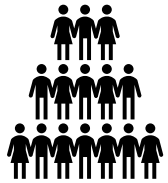

Phase 2 waiver reset (2028):

- Support needs tiers and budget framework across all HCBS waivers
- Transition remaining under 22 populations
- New array of HCBS waivers for 21+ population
- Redesigned service array across all waivers

Why a youth waiver

- Feedback from Stakeholders
- Current Waiver Structure was designed for adults, nearly 40 years ago
- Design Service Array to more appropriately address the needs of the youth population
- Youth have access to other services (First Steps, EPSDT and Educational Services) not available to adults

Why a cross-disability waiver array

Feedback from stakeholders

Medical, behavioral and developmental service needs are not exclusive to a specific level of care population

Holistic and person-centered approach to supporting identified needs of the individual

Coordination of long-term services and supports (LTSS) regardless of funding source (Medicaid State Plan and Medicaid Waiver)

Initiate youth waiver framework July 2027

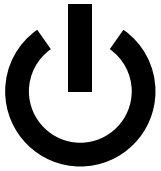

Who is going to be served?

- **Target Age:** 0-21; An initial, **phased implementation with the youth IDD population, to start**

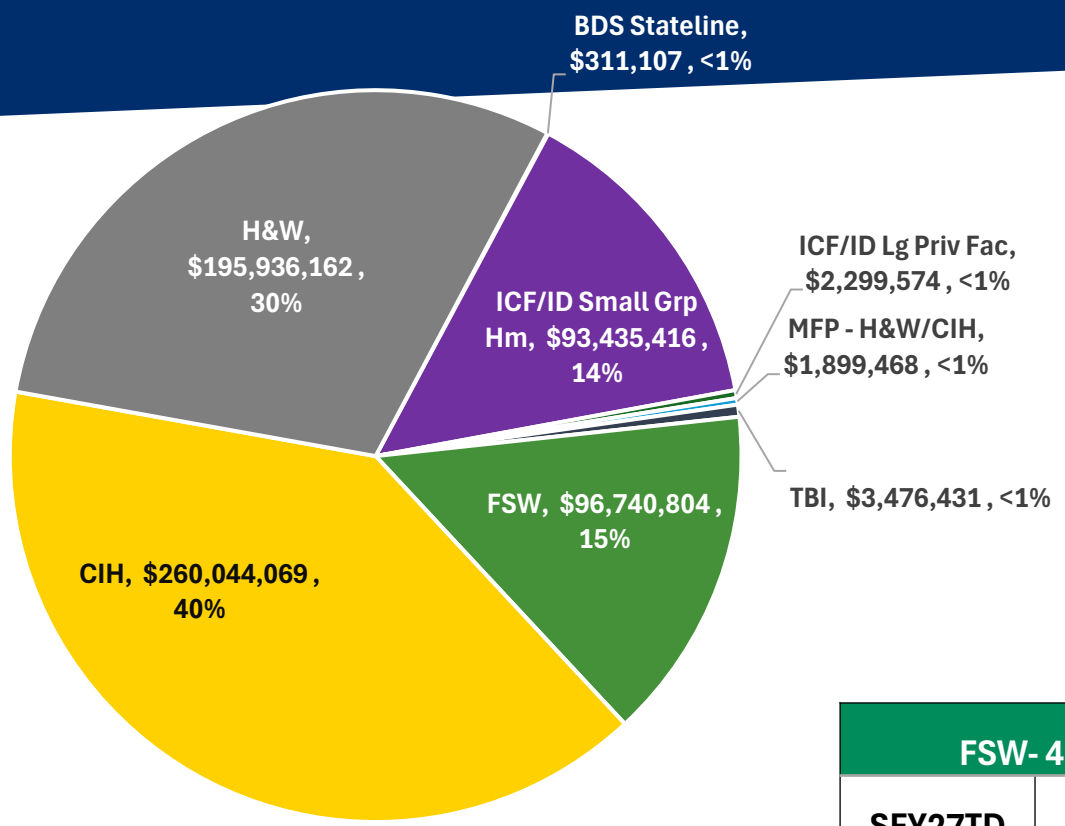

What is changing?

- **First, a youth HCBS waiver (7/1/27) for the IDD population** with potential service array updates
  - Offering a youth-focused service array that supports youth in gaining independence as they prepare for and enter adulthood
  - Enhanced coordination across all Medicaid services (Medicaid State Plan, including EPSDT and waiver), as well as with other key resources, such as educational services and community resources

- **Then, a cross-disability** at time of full **waiver reset (Phase 2; 2028)**
  - Will serve individuals who meet Nursing Facility and/or ICF/IID Level of Care
  - Introduction of supports budgets as part of Phase 2

Bureau of Rehabilitation Services

Snapshot open VR cases Sept 2026

BRS maintains a central office and 19 VR Field Offices, and serves over 30,000 individuals with disabilities annually

- **Vocational Rehabilitation** services assist eligible individuals with all types of physical or mental impairments, to prepare for, obtain, maintain, regain, or advance in employment. VR team members perform eligibility, service plan development, case management, service authorizations and vocational guidance. VR Office Locations
- **Blind & Visual Impairment Services** supports entrepreneurial opportunities for blind Hoosiers and services to improve independent living for older blind (55+) population.
- **Deaf and Hard of Hearing Services** certifies Indiana interpreters and provides case management services to improve independent living skills of deaf and hard of hearing Hoosiers.
- *Designated State Entity* for **Indiana Independent Living Network**.

BRS programs

Vocational Rehabilitation (VR)

- VR eligible individuals: Physical or mental impairment that causes barriers to working; VR provides services necessary for employment through VR Counselors and a network of vendors statewide
- Students with disabilities: Pre-employment transition services (15% federal earmark)-career exploration & job readiness
- *Approximately 25,000 individuals served annually (VR eligible:18,000, Pre-ETS students: 7,000-8,000)*

Blind & Visual Impairment Services (BVIS)

- Business Enterprise Program – train & support licensed blind managers in vending locations at state & federal facilities
- Older Blind Independent Living – increase independent living skills & community access for individuals age 55+ who are Blind or have vision loss
- *Approximately 1,500 served annually*

Deaf and Hard of Hearing Services

- Oversight of Indiana Interpreter Certifications
- Case Management Services – increase independent living skills & community access for Deaf & hard of hearing Hoosiers
- *Over 1,500 served annually*

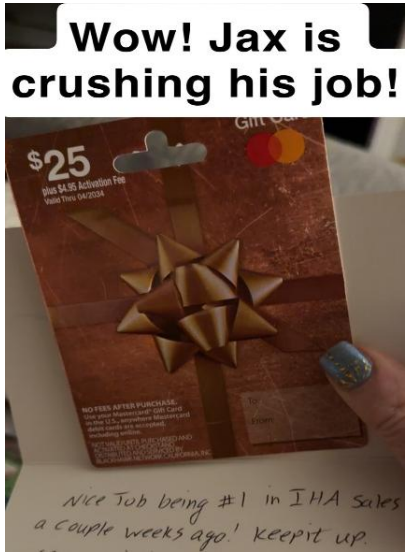

Independent Living (IL) Network

- Part of IL Network in partnership with 10 Centers for Independent Living and Indiana Statewide Independent Living Council
- *Over 26,000 served annually (information and referral, independent living skills training, peer counseling, advocacy, transition services)*

The impact of employment: Jax

- **Entered VR uncertain of the opportunities available to him, working part-time in a job he did not enjoy**
- **VR services**: career exploration, job placement, connecting to natural supports on the job, plenty of encouragement
- Through DDARS-VR, **secured and maintained employment as a Measure Technician at Home Depot, 25 hours/week @ $19/hour**
    - Provider partner: Developmental Services, Inc. (DSI)
- Quotes from Mom: “Your program gave me so much hope. I have never seen him so confident and happy… He has hit so many milestones… that never would have happened without the confidence this program brought to his life.”
- Just reached 1-year mark at Home Depot
- #1 in Sales in his department this summer

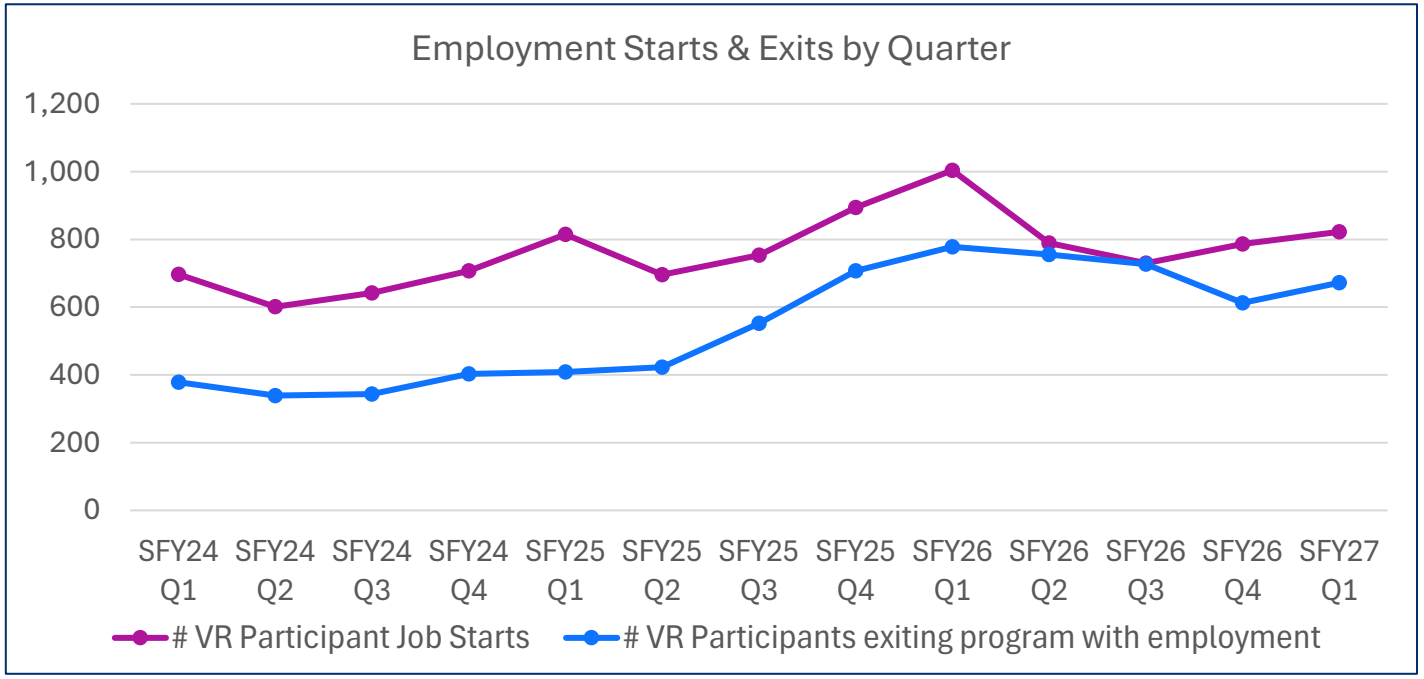

Vocational Rehabilitation outcomes

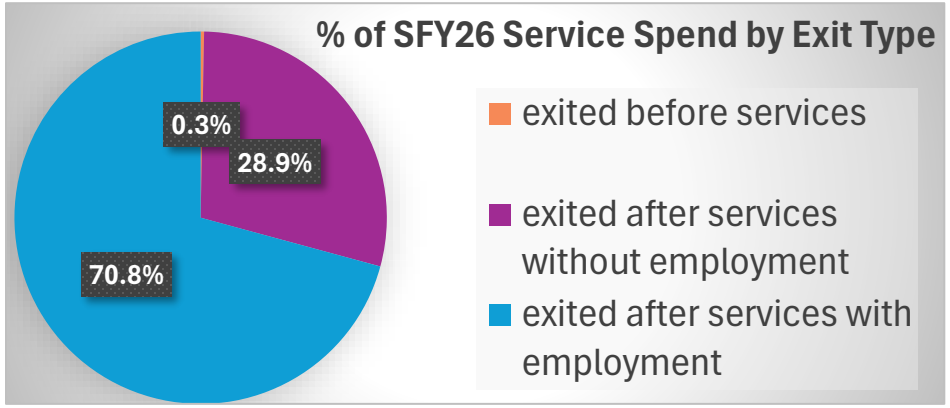

Average wages and weekly work hours at exit per individual

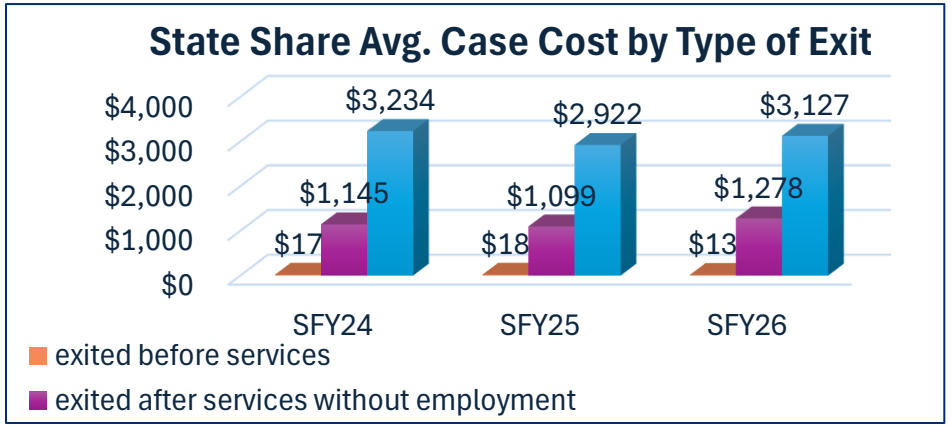

- *SFY25: $17.97/hour, 27.15 hours/week (2,091 exits with employment)*
- *SFY26: $17.54/hour, 25.37 hours/week (2,873 exits with employment)*

Aggregate annualized earnings of all individuals retaining employment 1 year after exit

- *SFY25 Aggregate = $24,674,112*
- *SFY26 Aggregate = $31,263,375*

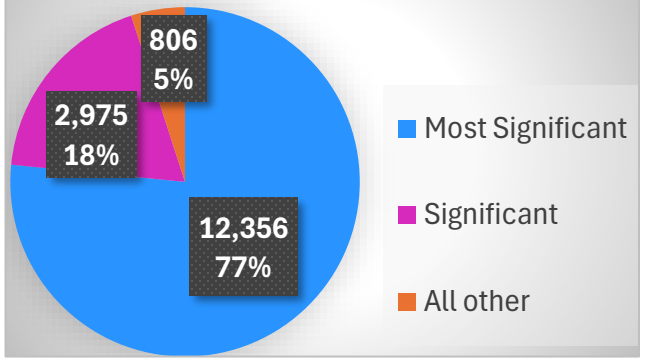

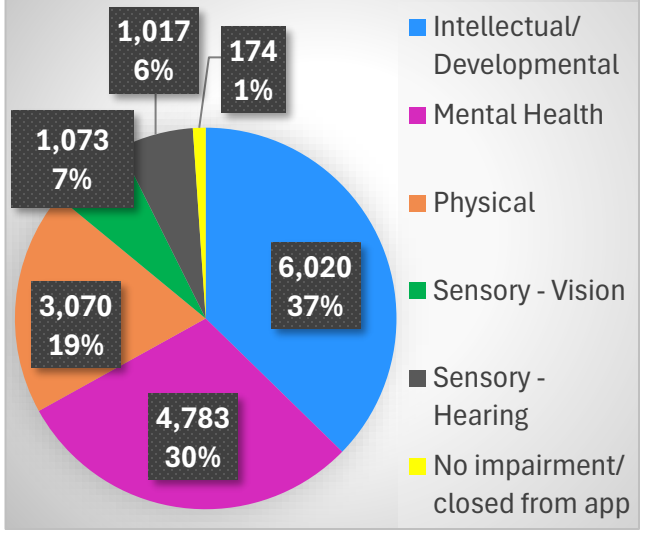

VR participant and service spend trends

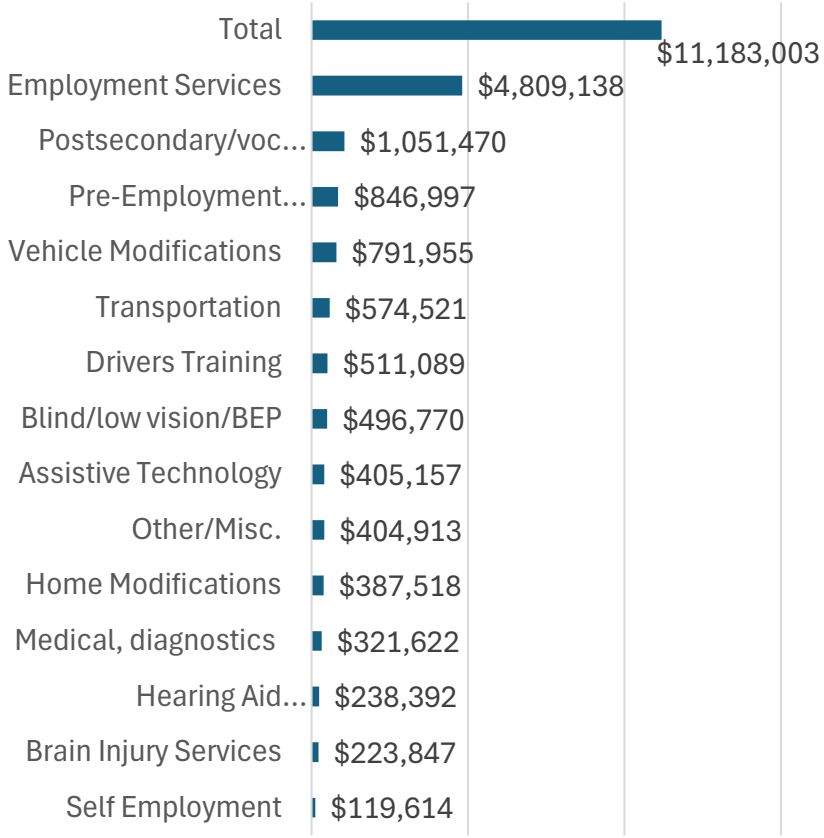

Disability Significance SFY26

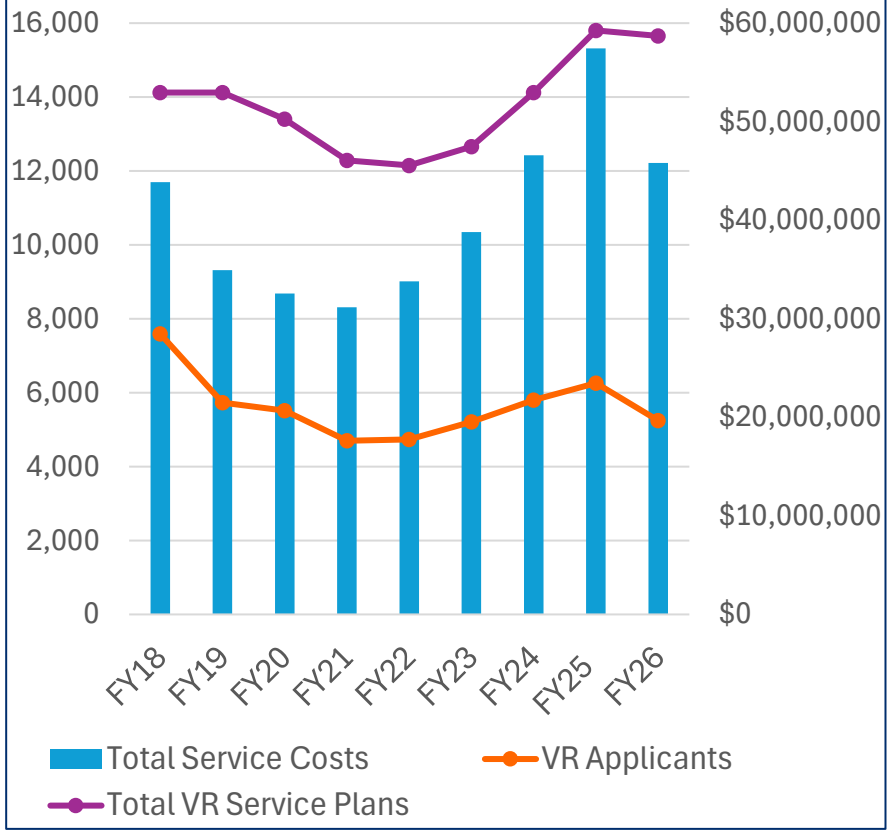

Primary Disability SFY26

SFY27 to date VR Service Spend by Category

VR Program Growth and Cost Trends

Purchasing quality employment outcomes

CHALLENGES

- Half of employment services expenses are fee-for-service (FFS), not outcome-based
- Providers and VR staff feedback on areas of improvement
  - Lack of clarity around certain processes (e.g., when cases are not linear)
  - Gaps in service intentionality
  - Service authorization/billing practices can vary across VR office locations
  - Some processes are too complex

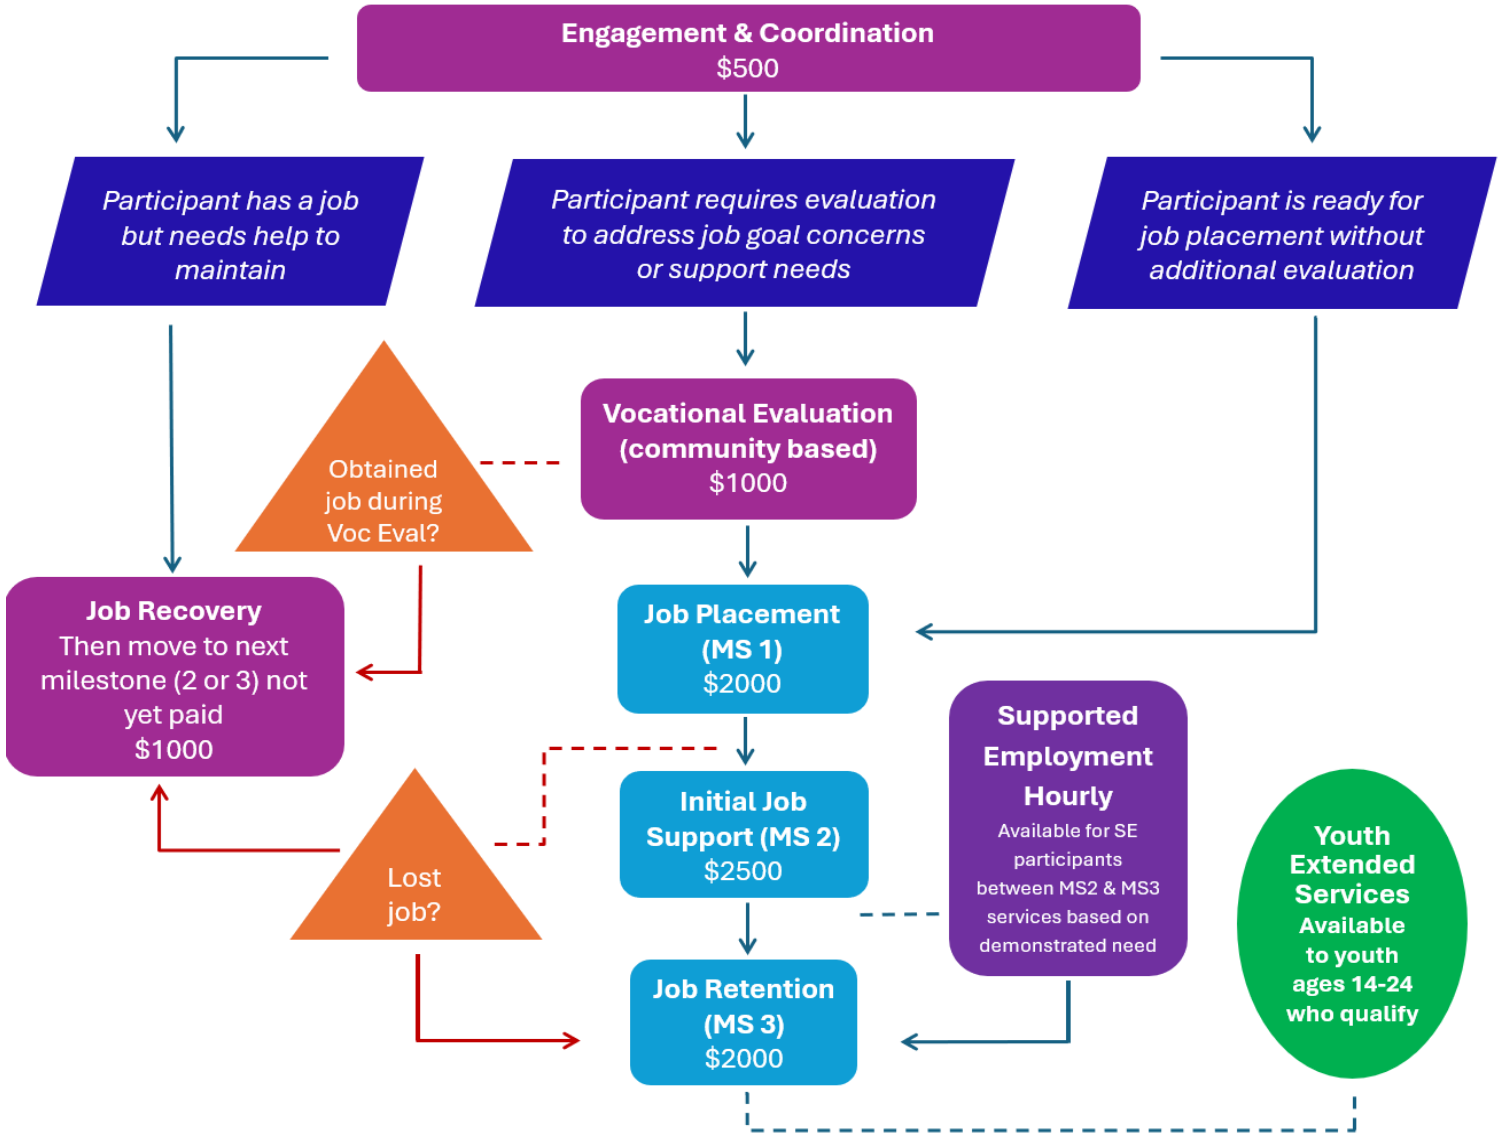

Stakeholder feedback → improved approach

COST-NEUTRAL SOLUTIONS

- Fee-for-service (FFS)→ outcome-based
  - Eliminate most hourly FFS (Discovery, hourly job placement) and shift to outcome payments; promotes service intentionality and outcomes
  - Shift FFS costs to support adjustments to outcome payments
- Simplify structure, add clarity
- Update select service definitions to better address participant needs and provider concerns
- Establish communication expectations for local VR/provider teams

VR employment service improvements

- Incentivizes more intentional service delivery, leading to improved outcomes
- Shifting from FFS to outcome-based payments drives improved outcomes
- Simplifies employment service pay structure and reduces administrative burden
- Improves consistency and may positively impact local VR-provider relationships
- Addresses feedback from providers and staff
- Accomplishes intended purpose without increase in cost

Timeline

- Oct.-Dec.: Update service manual, documentation templates, system (no cost); Communication to staff and stakeholders
- Jan.-Feb.: Joint training to VR and providers
- March: Issue service authorizations
- April 1, 2027: implementation

VR and FSSA collaboration

- Connecting with Office of Medicaid Policy and Planning and Division of Family Resources
  - Opportunity for collaboration and promoting employment
- Interagency Agreement with Division of Mental Health and Addiction
  - Prioritizing employment for behavioral health population
  - DMHA and VR jointly funding dedicated trainers (2 FTEs)
    - Training and technical assistance for early adopter Individual Placement and Support sites
    - Onboarding local mental health centers as VR employment service providers
  - Braiding and sequencing of VR and Medicaid funds
    - VR provides job development and job support, vocational training or other employment related services
    - Employment is an important part of recovery process for individuals experiencing mental health diagnosis or substance use

First Steps supports children and families: Dallas' story

Dallas required major cranial surgery when he was 8 months old. His surgery was followed by unexplained health and developmental concerns. As the complexity of his needs grew, his parents looked to First Steps for the support they needed to help him thrive.

Developmental Model: First Steps therapists met Dallas and his family in their home where they listened, observed everyday routines, and focused on their family strengths and needs.

Caregiver coaching and education: Dallas's First Steps team partnered closely with his family, helping them use familiar daily activities to support his learning and participation. His parents learned practical strategies during routines like mealtime, playtime, and transitions, building their confidence and advocacy for Dallas and his needs.

- Everyday moments became opportunities for Dallas to practice with his family. These early experiences helped Dallas develop skills to express his needs, play, and interact with family and friends.
- His family gained confidence, clarity, strategies and tools to use throughout the day and week which they continue to use to this day.

At 3 years old, Dallas exited First Steps and continued to receive special education services. Today he is a kindergartener participating in his education in ways that work for him, finding moments of independence.

The foundation built in First Steps still supports Dallas and his family today, helping him communicate, engage and navigate his childhood with strength and possibility.

DDARS initiatives

Operational efficiencies: completed and ongoing

- RSM cost containment project—Completed.
- VR Services cost containment strategies to sustain services to all eligible.
- DDARS waiver and non-waiver system consolidation (CaMSS): Initial migration and sunset of CaMSS completed February 2026.
- Identified strategies and opportunities to increase leverage of federal match- State Plan Amendment for Specialized Services.
- Improved data analysis and collaboration across business units (part of waiver reset).
- Consolidation of Aging and DDRS: Completed and federal legislative approval.
- Consolidation of BDS YESLMS training platform with DSP training and registry platform.

Right people, right services, right time

- Waiver reset—Target 2028.
- Level of Care/eligibility modernization -- January 2026.
- Case management restructure: Completed August 2026.
- BDS Supervised Group Living modernization / Comprehensive Rehabilitative Management Needs Facility (CRMNF): RFP released September 2026.
- First Steps quality improvement toward 2030 model of care.
- Pre-ETS Reset.
- VR Employment Service Model Improvements.
- Support the redistricting/remapping AAA: Project timeline established January 2026.
- CHOICE: Restructuring of program deliverables (more dollars to services vs administrative overhead).
- RCAP rate review: ensure sustainability of program: Completed January 2026.
- Care Coordination Model Holistic LTSS—January 2027.
  - DSNP for I/DD population
- Improved Employment Outcomes for Individuals with Disabilities: System Transformation.
  - Supported Employment Plus underway.
- Youth Waiver—July 2027.

Thank
You!

BCDS: Foundation for 2030 model of care

- **All Individualized Family Service Plans list all services the child and family receive regardless of funding source**
  - Opportunity: Train service coordinators to analyze for gaps, overlaps and barriers
  - Opportunity: Emphasize importance of coordination across systems
- **Emphasis on holistic, family-centered, routines-based care using a caregiver coaching model**
  - Opportunity: Require all providers to be trained in caregiver coaching
  - Opportunity: Ensure services align with the family's priority outcomes
- **Support families in building self-determination and self-advocacy skills**
  - Opportunity: Build families' skills to support their child's development, ask questions, make informed choices and advocate for their child/family needs
- **Provide transition support, especially for children needing services beyond age 3**
  - Opportunity: Enhance the transition plan to include local school tour, private therapy options, community organizations and supports, connection with other parents
- **Insurance information is collected and stored within the data system**
  - Opportunity: Coordination with Medicaid around clinic therapies such as ABA
- **Track child and family outcomes**
  - Opportunity: Review data and use to inform continuous quality improvement

The FSSA Quarterly Financial Review will resume after a brief break.

Email questions to askthesecretary@fssa.in.gov

Schedule:

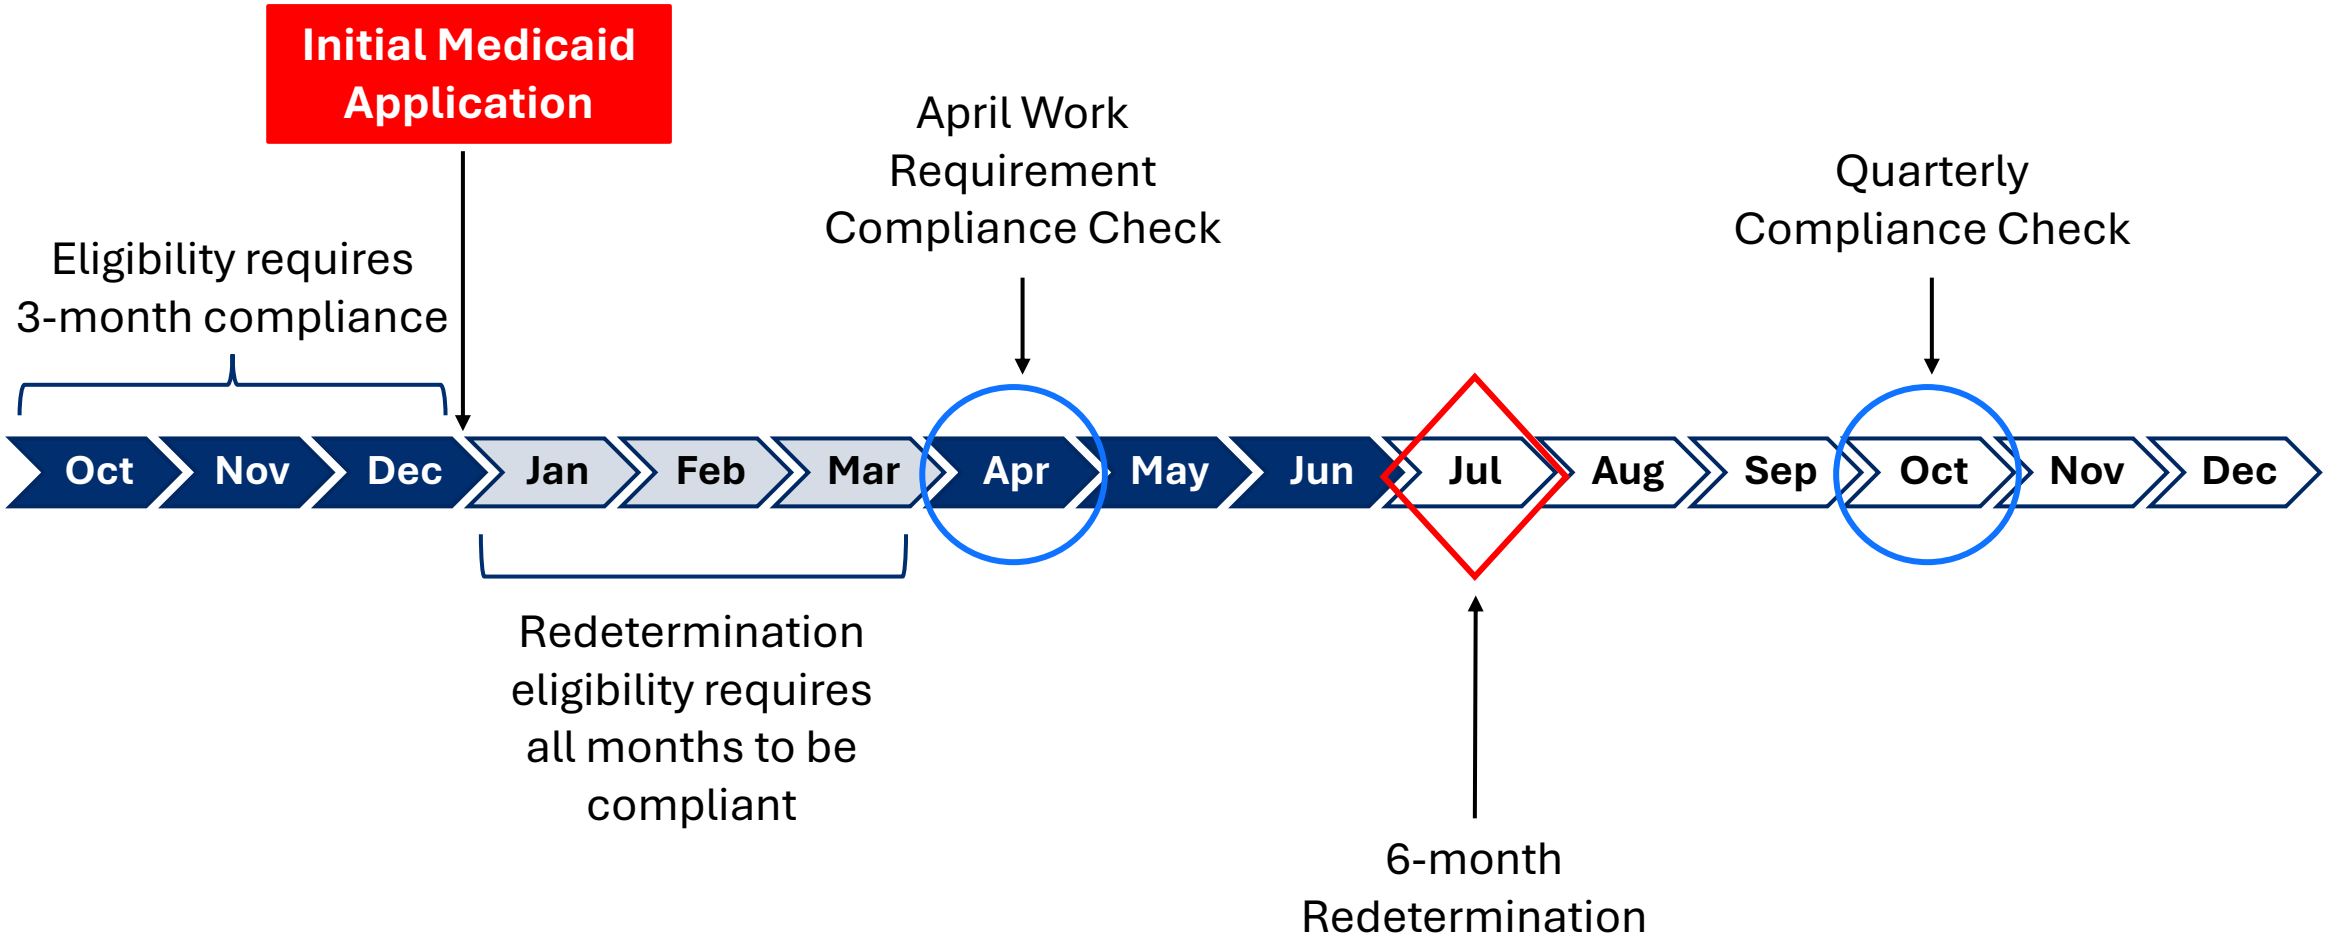

www.in.gov/fssa/Quarterly-Financial-Reporting

FSSA Quarterly Financial Review

Secretary Mitch Roob
Oct. 27, 2026

294 SFY27 Q1 QFR

HIP Work Requirement Checks

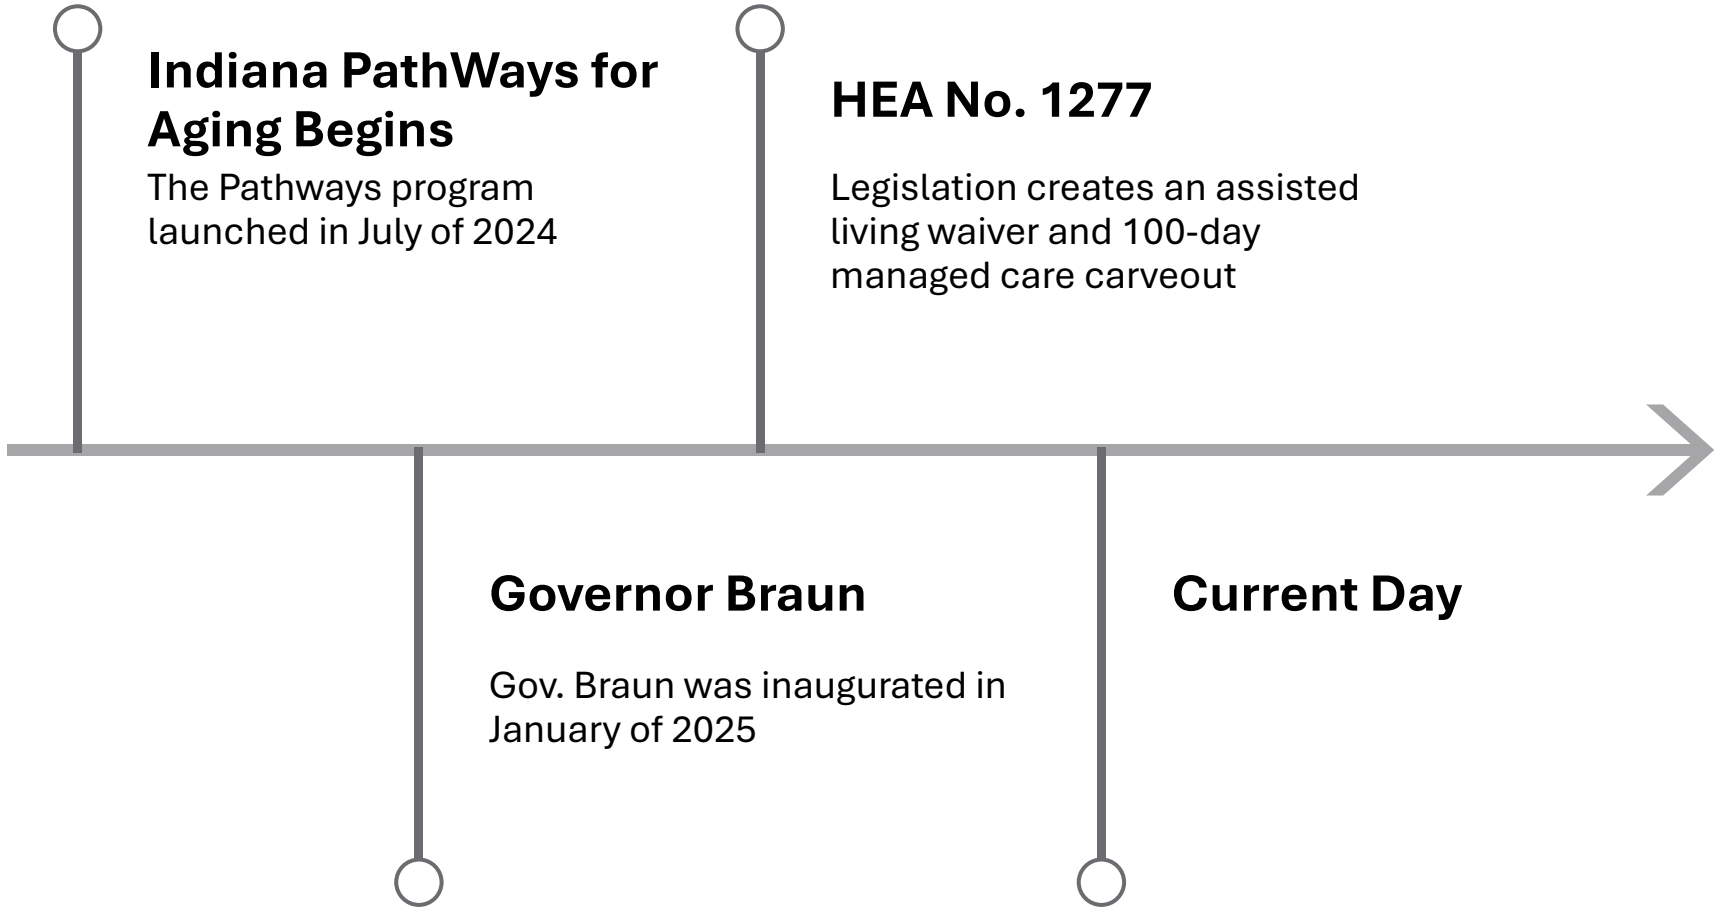

Work Requirement exemptions/exclusions

1. Under the age of 19
2. Over age 64
3. Entitled to or enrolled in Medicare Part A or enrolled in Medicare Part B
4. Inmates of a public institution
5. Former foster care children under age 26
6. American Indians and Alaska Natives
7. Parent, guardian of a dependent child under the age of 14
8. Medically frail
9. Complying with TANF work requirements
10. Receiving SNAP benefits and not exempt from SNAP work requirements
11. Participants in certain drug and alcohol treatment programs
12. Pregnant women
13. Women entitled to postpartum medical assistance
14. Veterans with a total disability rating

Medical Frailty

- Utilizing medical frailty for purposes of eligibility changes the HIP expansion program from a means-tested program to a needs-tested program.
- There is an exemption from work requirements for individuals identified as medically frail and for special medical needs, including:
  - Blind or disabled (as defined in the Social Security Act)
  - Substance use disorder
  - Disabling mental disorder
  - A physical, intellectual or developmental disability that significantly impairs their ability to perform 1 or more activities of daily living
  - Other serious or complex medical conditions
- Per CMS guidance, individuals identified as medically frail must also have a functional impairment to work.

PathWays program

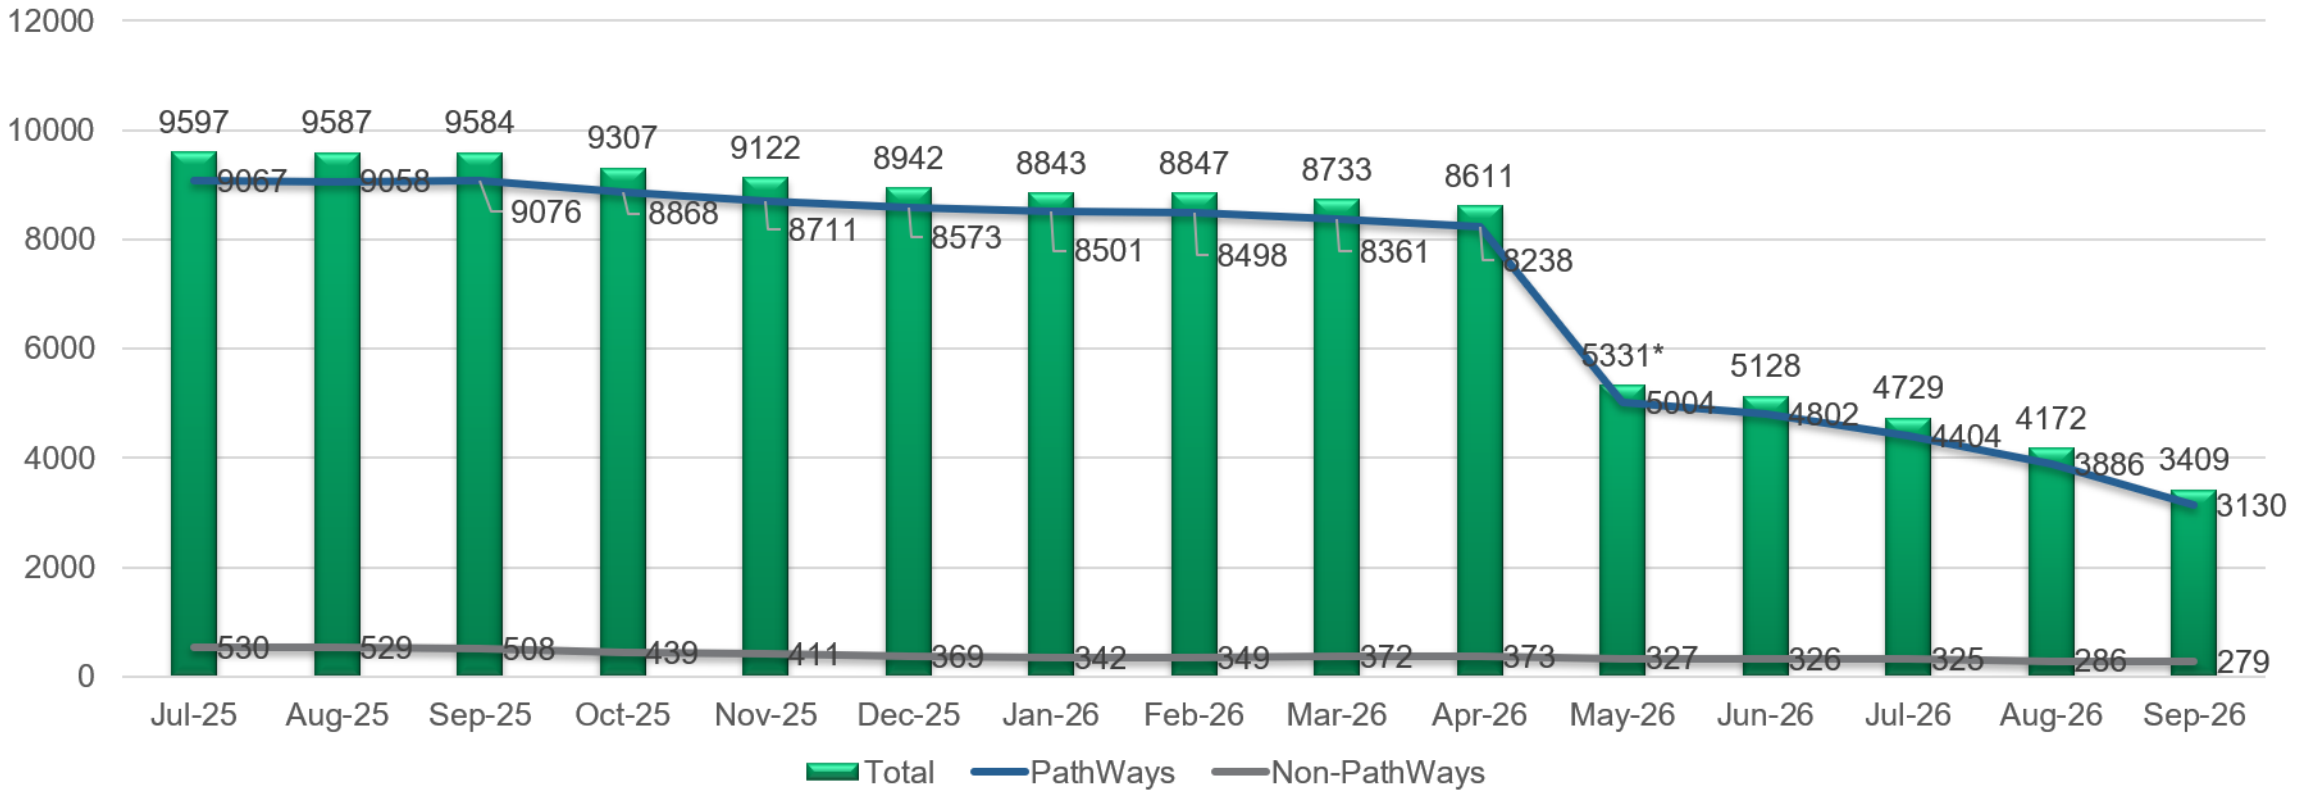

Indiana PathWays for Aging Begins
The Pathways program launched in July of 2024
HEA No. 1277
Legislation creates an assisted living waiver and 100-day managed care carveout
Governor Braun
Gov. Braun was inaugurated in January of 2025
Current Day

PathWays achievements

Non-Duals to Duals	• Transition Medicaid-only members to dual coverage in Medicaid and Medicare
FIDE Implementation	• Fully-Integrated Dual Eligible Special Needs Plan (D-SNP)
Facility Transitions to Home and Community-Based Care	• Individuals residing in Nursing Facilities wanting to and successfully transitioning home with appropriate supports

Non-Duals to Duals

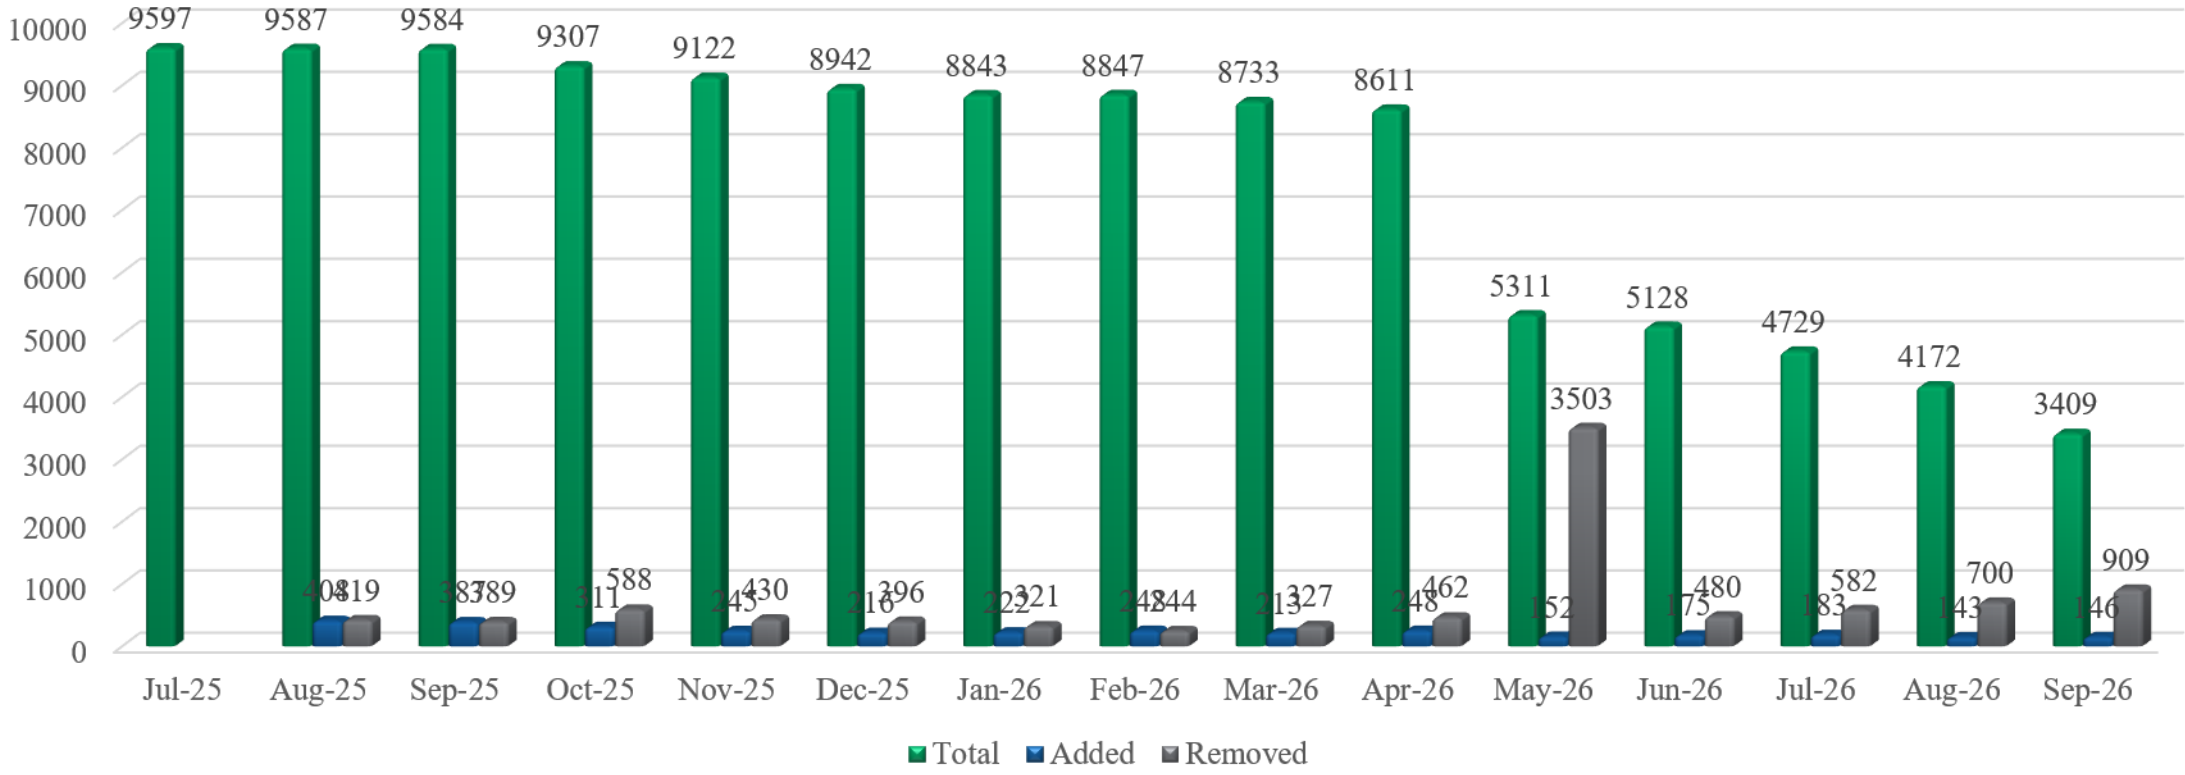

Individuals covered by Indiana Medicaid aged 65+ and not enrolled in Medicare

Converting a non-dual to a dual saves in state dollars a net $7,500 annually after the state pays their Medicare premiums. With roughly 6,200 converted here, there is a **General Revenue Fund savings of $46.5 million**.

Non-Duals to Duals

Individuals added (age in at 65) and removed to Non-Dual status monthly

As we continue working on transitioning members to Medicare coverage, additionally members age-in to Medicare and do not enroll in it monthly. In September, 146 aged-in without enrolling, while we transitioned 909 to dual status.

Fully Integrated Dual Eligible Special Needs Plan (FIDE SNP)

Indiana achieved a Fully Integrated Dual Eligible Special Needs Plan as of Jan. 1, 2026

A FIDE SNP is a type of Medicare Advantage plan that provides both Medicare and Medicaid benefits through a single managed care plan

FIDE SNPs must have CMS-approved Medicare contracts and state-approved Medicaid contracts, making them the most tightly integrated D-SNP model recognized by federal regulations

Benefits of FIDE-SNP

Members

- Combines Medicare and Medicaid into a single plan
- One care coordinator for both Medicare and Medicaid
- Access to supplemental benefits beyond standard Medicare and Medicaid
- Access to a broader network of providers

Providers

- Providers bill on payor source for most Medicare and Medicaid services
- Integrated prior authorization and claims processing across Medicare and Medicaid
- Integrated appeals process across Medicare and Medicaid
- A single member ID card to use for both Medicare and Medicaid

State

- Unifies Medicare and Medicaid under one MCO
- Integrates administration and financing
- Ensures costs are assigned appropriately to Medicare first
- Reduces duplication of services and costs across payers

Financial benefits of FIDE-SNP

Overcoming Fragmented Care

Reduction in duplication of services between Medicare and Medicaid

Ensures the responsible party is the primary payer

Administrative Savings

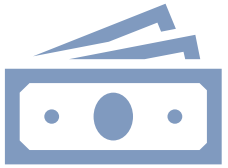

One person to coordinate care across Medicare and Medicaid

One prior-authorization process and staff

One insurance card and one handbook

One customer service center

Estimated Impact: $12M - $18M savings per year

Financial Alignment Opportunities

D-SNPs decrease member cost sharing, decreasing Medicaid liability

D-SNPS offer supplemental benefits that overlap with Medicaid covered benefits

Medicaid plans can structure value-added services to reduce Medicare prescription drug costs.

Savings Potential: $10M - $15M per year

Milestone – Nursing facility transitions to community

Designed to improve member options to age at home in their community

MCOs identify members to assist with safe transitions

Projected Fiscal for Completed Transitions:
$32.9M Total Savings
$11.4M State Savings

MCE	SFY 2025	SFY 2026	SFY 2027

The future of the Hospital Assessment Fee (HAF)

H.R. 1 HAF Impact

H.R. 1 reduces the hold harmless threshold

NOT ENACTED OR NOT IMPOSED

0%

Provider taxes not enacted or not imposed by July 4, 2025.

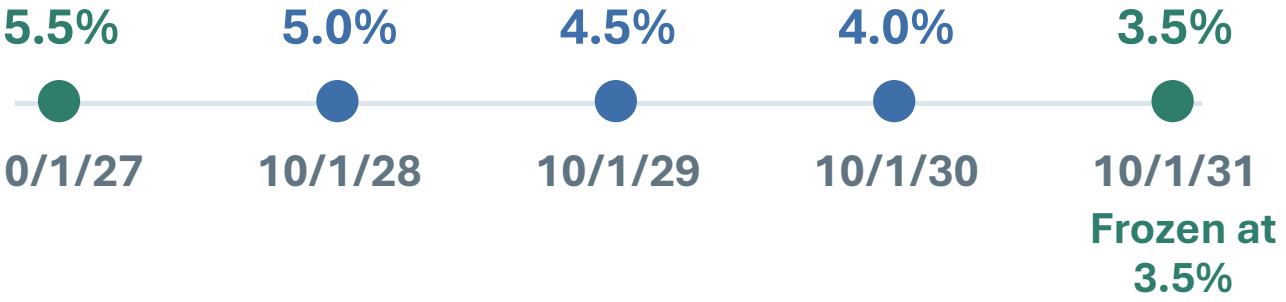

No new provider taxes are allowed.

ENACTED AND IMPOSED

NON-EXPANSION STATES

Threshold remains fixed **6%**

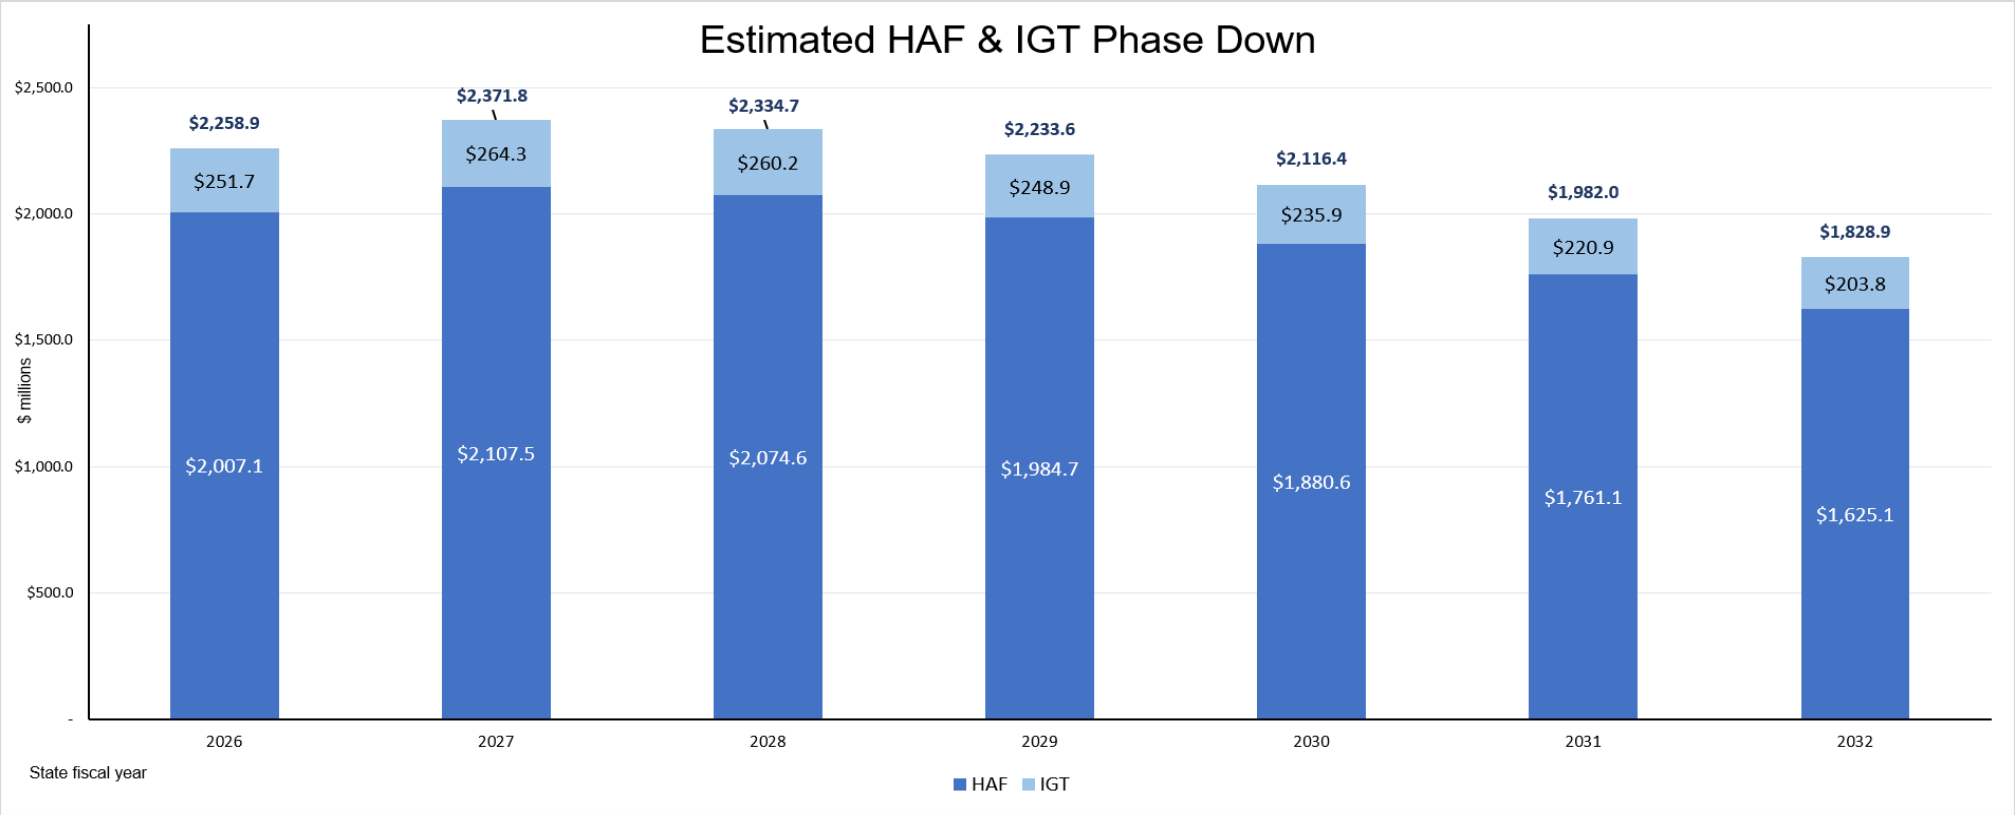

EXPANSION STATES | 0.5% REDUCTION OCTOBER 1 OF EACH YEAR

HAF Impact — **The HAF will be reduced each federal fiscal year from the current 6% hold harmless limit to 3.5% by October 1, 2031. First reduction will impact SFY 2028 fees.**

H.R. 1 implications

Required HAF phase down

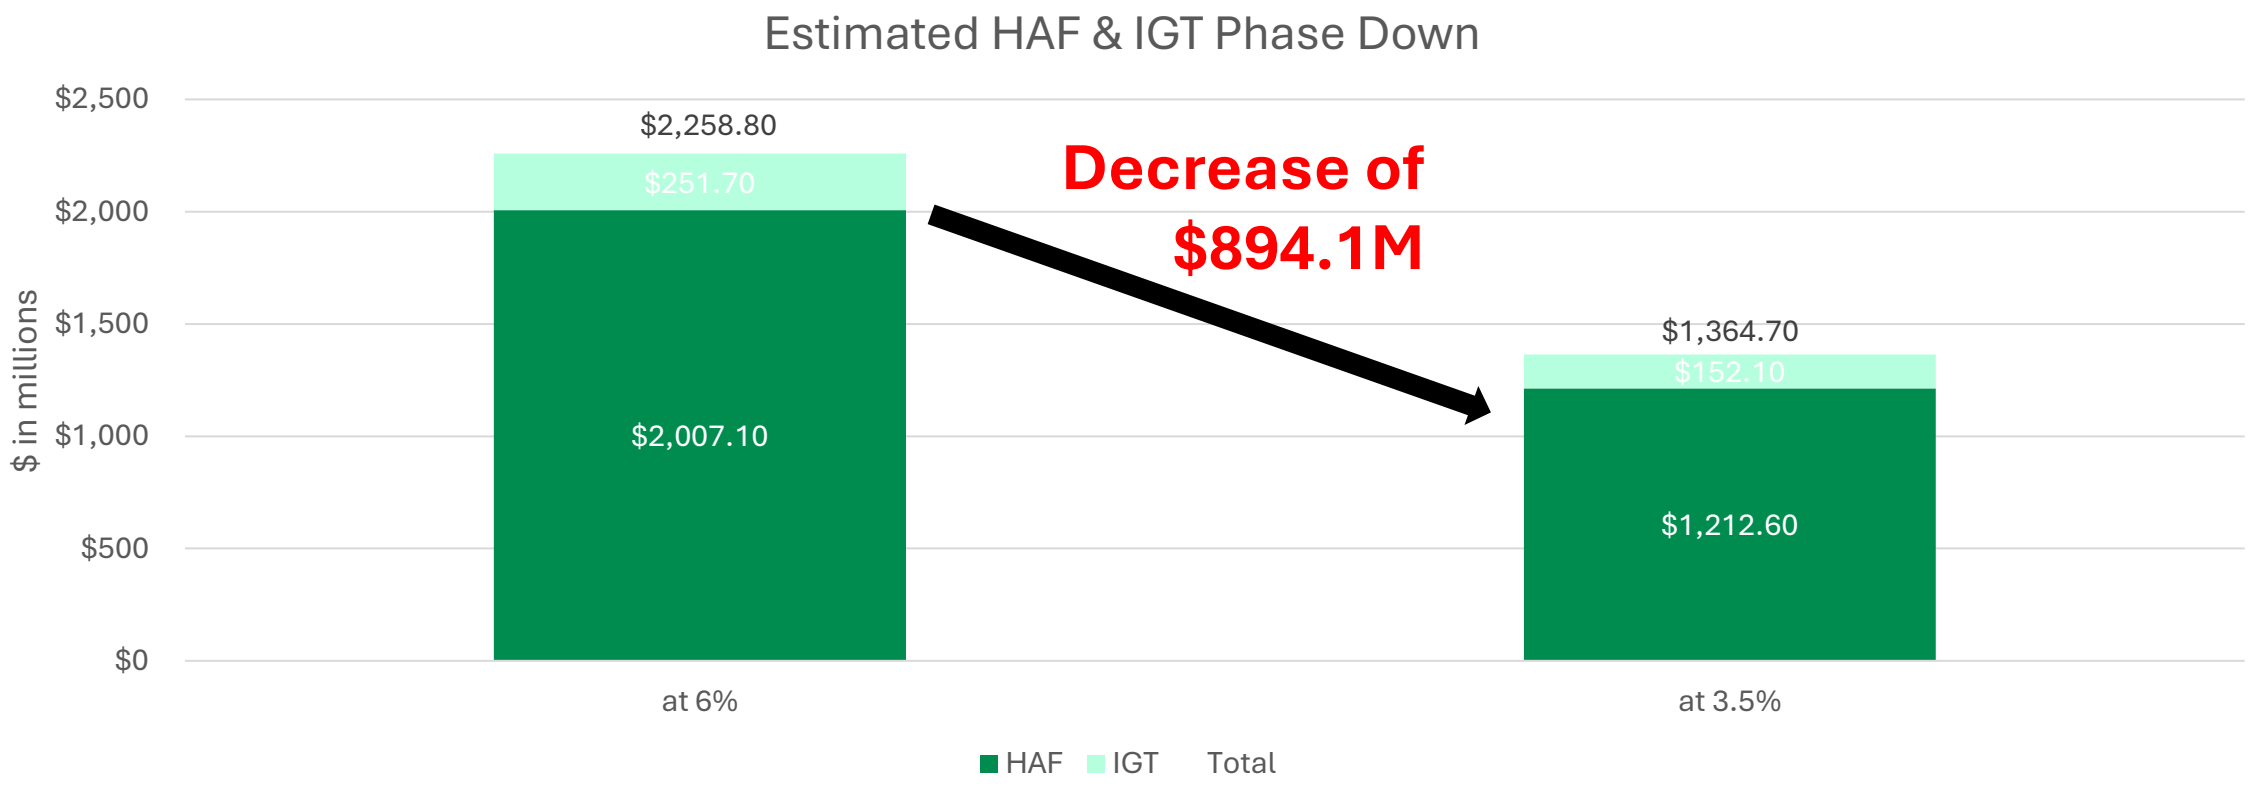

Note: NPR is trended at 5%; IGT is assumed to change proportionally with HAF. Figures may not sum due to rounding. Note: These numbers are illustrative.

The HAF is required to phase down per H.R. 1, but funding needs may not decline proportionally. Decisions remain outstanding on how the decreased HAF will be allocated across funding needs in future years, including how the phase down will reduce the 28.5% state take.
