

**Indicator 1:** Percent of infants and toddlers with IFSPs who receive the early intervention services on their IFSPs in a timely manner. (20U.S.C. 1416(a)(3)(A) and 1442). Indiana defines timely as within 30 days of the parent signature on the IFSP or change page.

Family reasons for delay of timely services are included in the total number of IFSPs reviewed and does not count against the System Point of Entry (SPOE). Family late starts are included in the number of services over 30 days if applicable.

**FFY22: Timely Services by Cluster**

Target: 100%

\*Due to issues during data migration of records from the legacy system to the current system, the address records were incorrectly end-dated which resulted in the address fields not displaying the active address for these children. To make these addresses active, users had to manually review each child's record, however, after 3/1/21 implementation of the new system, a significant issue was encountered with address validation which rendered many of those address records incomplete within the data system as well. The system captured the street address of the child but did not include the county or SPOE as the system was designed to populate this information based on the validated address. Children who entered our program after 3/1/21 implementation of the new system, a significant issue was encountered with address validation which rendered many of those address records incomplete within the data system as well. The system captured the street address of the child but did not include the county or SPOE as the system was designed to populate this information based on the validated address. Fortunately, all records of service delivered in both the legacy and current systems require the provider to select the location of service (i.e., home, child care, community setting, etc.) which is how the settings information was determined.

**Indicator 3:** Percent of infants and toddlers with IFSPs who demonstrate improved:

- A. Positive social-emotional skills
- B. Acquisition and the use of knowledge and skills
- C. Use of appropriate behaviors to meet their needs

**Outcome A:** Positive social-emotional skills

**SS1:** Of those children entered or exited the program below age expectation for outcomes, the percent who substantially increased their rate of growth by the time they turned 3 years of age or exited the program.

**SS2:** The percentage of infants and toddlers who were functioning with in age expectations in the outcomes by the time they turned 3 years of age or exited the program.

**Indicator 8:** Percent of all children exiting Part C who received timely transition planning to support the child's transition to preschool and other appropriate community services by their third birthday including:

- A. IFSPs with transition steps and services
  - B. Notification to LEA, if child potentially eligible for Part B; and
  - C. Transition conference if child potentially eligible for Part B
- (Target is 100% for A, B, and C):**

**FFY2022 Indicator 8 – Transition Planning and Conference by Cluster**

<b>Targets</b>	<b>A. 100% of eligible children, who are at least 90 days, and at the discretion of all parties not more than nine months, prior to their third birthday, will have IFSPs with transition steps and services.</b>	<b>B. 100% of children exiting Part C and potentially eligible for Part B where the notification to the SEA and LEA occurred at least 90 days prior to their third birthday.</b>	<b>C. 100% of toddlers with disabilities exiting Part C where the transition conference occurred at least 90 days, and at the discretion of all parties, not more than, nine months prior to the toddler's third birthday for toddlers potentially eligible for Part B.</b>
<b>State</b>	98.9% (539/545)	97.4% (531/545)	90.6% (494/545)
Cluster A	<b>100% (65/65)</b>	98.5% (64/65)	80% (52/65)
