Section B: State-Level Indicators

Topic I. Program Characteristics and Enrollment

Number	Indicator	Response
BI.1	**Statewide Medicaid enrollment** Enter the total number of individuals enrolled in Medicaid as of the first day of the last month of the reporting year. Include all FFS and managed care enrollees, and count each person only once, regardless of the delivery system(s) in which they are enrolled.	2,190,884
BI.2	**Statewide Medicaid managed care enrollment** Enter the total, unduplicated number of individuals enrolled in any type of Medicaid managed care as of the first day of the last month of the reporting year. Include enrollees in all programs, and count each person only once, even if they are enrolled in more than one managed care program or more than one managed care plan.	1,772,237

Topic III. Encounter Data Report

Number	Indicator	Response
BIII.1	**Data validation entity** Select the state agency/division or contractor tasked with evaluating the validity of encounter data submitted by MCPs. Encounter data validation includes verifying the accuracy, completeness, timeliness, and/or consistency of encounter data records submitted to the state by Medicaid managed care plans. Validation steps may include pre-acceptance edits and post-acceptance analyses. See Glossary in Excel Workbook for more information.	State Medicaid agency staff State actuaries EQRO

Topic X: Program Integrity

Number	Indicator	Response
BX.1	**Payment risks between the state and plans** Describe service-specific or other focused PI activities that the state conducted during the past year in this managed care program. Examples include analyses focused on use of long-term services and supports (LTSS) or prescription drugs or activities that focused on specific payment issues to identify, address, and prevent fraud, waste or abuse. Consider data analytics, reviews of under/overutilization, and other activities.	The State and our MCE SIU partners underwent a focused CMS audit on our activities (Summer and early Fall of 2022). We are awaiting draft results from that, but plan on focusing on member eligibility verification based upon feedback we received in our exit interview. Additionally, with the state adopting a new mLTSS model, the LTSS services have started to come under focus.
BX.2	**Contract standard for overpayments** Does the state allow plans to retain overpayments, require the return of overpayments, or has established a hybrid system? Select one.	State has established a hybrid system
BX.3	**Location of contract provision stating overpayment standard** Describe where the overpayment standard in the previous indicator is located in plan contracts, as required by 42 CFR 438.608(d)(1)(i).	7.4 Program Integrity Overpayment Recovery (page 184)
BX.4	**Description of overpayment contract standard** Briefly describe the overpayment standard (for example, details on whether	In cases involving wasteful or abusive provider billing or service practices (including overpayments) identified by the OMPP PI Unit, FSSA may recover any identified overpayment directly from the provider or may require

	the state allows plans to retain overpayments, requires the plans to return overpayments, or administers a hybrid system) selected in indicator B.X.2.	Contractor to recover the identified overpayment and repatriate the funds to the State Medicaid program as directed by the OMPP PI Unit. The OMPP PI Unit may also take disciplinary action against any provider identified by Contractor or the OMPP PI Unit as engaging in inappropriate or abusive billing or service provision practices. If the fraud referral from the MCE generates an action that results in a monetary recovery, the reporting MCE does get a share of the final monetary amount (the contracts does allow for the State and MFCU to retrain the cost of pursuing the final action)
BX.5	**State overpayment reporting monitoring** Describe how the state monitors plan performance in reporting overpayments to the state, e.g. does the state track compliance with this requirement and/or timeliness of reporting? The regulations at 438.604(a)(7), 608(a)(2) and 608(a)(3) require plan reporting to the state on various overpayment pieces (whether annually or promptly). This indicator is asking the state how it monitors that reporting.	The MCEs submit monthly, quarterly, and yearly reports that detail the ongoing activities and status on overpayments. Additionally, members of the PI staff meet with each MCE monthly to discuss ongoing activities.
BX.6	**Changes in beneficiary circumstances** Describe how the state ensures timely and accurate reconciliation of enrollment files between the state and plans to ensure appropriate payments for enrollees experiencing a change in status (e.g., incarcerated, deceased, switching plans).	The Contractor shall be responsible for verifying member eligibility data and reconciling with capitation payments for each eligible member. The Contractor shall reconcile its eligibility and capitation records monthly. If the Contractor receives either enrollment information or capitation, the Contractor is financially responsible for the member. In accordance with 42 CFR 438.608(c)(3), if the Contractor discovers a discrepancy in eligibility

		or capitation information, the Contractor must notify FSSA and the State fiscal agent within thirty (30) calendar days of discovering the discrepancy and no more than ninety (90) calendar days after FSSA delivers the eligibility records. The Contractor must return any capitation overpayments to FSSA within forty-five (45) calendar days of discovering the discrepancy. If the Contractor receives either enrollment information or capitation for a member, the Contractor is financially responsible for the member. The Contractor must accept enrollment data in electronic format, currently via secure file transfer protocol ("FTP"), as directed by FSSA and as detailed in the Indiana Health Coverage Program Companion Guide – 834 Contractor Benefit Enrollment and Maintenance Transaction ("834 Companion Guide), which shall be updated by FSSA.
BX.7a	**Changes in provider circumstances: Monitoring plans** Does the state monitor whether plans report provider "for cause" terminations in a timely manner under 42 CFR 438.608(a)(4)? Select one.	Yes
BX.7b	**Changes in provider circumstances: Metrics** Does the state use a metric or indicator to assess plan reporting performance? Select one.	No
BX.8a	**Federal database checks: Excluded person or entities** During the state's federal database checks, did the state	No

	find any person or entity excluded? Select one. Consistent with the requirements at 42 CFR 455.436 and 438.602, the State must confirm the identity and determine the exclusion status of the MCO, PIHP, PAHP, PCCM or PCCM entity, any subcontractor, as well as any person with an ownership or control interest, or who is an agent or managing employee of the MCO, PIHP, PAHP, PCCM or PCCM entity through routine checks of Federal databases.	
BX.9a	**Website posting of 5 percent or more ownership control** Does the state post on its website the names of individuals and entities with 5% or more ownership or control interest in MCOs, PIHPs, PAHPs, PCCMs and PCCM entities and subcontractors? Refer to §455.104 and required by 42 CFR 438.602(g)(3).	No
BX.10	**Periodic audits** If the state conducted any audits during the contract year to determine the accuracy, truthfulness, and completeness of the encounter and financial data submitted by the plans, what is the link(s) to the audit results? Refer to 42 CFR 438.602(e).	The state did not conduct any audits during the contract year, 2022, to determine the accuracy, truthfulness, and completeness of the encounter and financial data submitted by the plans. The most recent encounter data audit in CY 2020 for the EQR, focused on claims adjudication timeliness as well as encounter timeliness and completeness. (https://www.in.gov/fssa/ompp/quality-and-outcomes-reporting/) . The next encounter data audit will be completed CY 2023.

Section C: Program-Level Indicators

Topic I: Program Characteristics

Number	Indicator	Response
C1I.1	**Program contract** Enter the title of the contract between the state and plans participating in the managed care program.	Indiana has a contract with each MCE: Anthem (PROFESSIONAL SERVICES CONTRACT Contract #69649), MHS (PROFESSIONAL SERVICES CONTRACT Contract #69655), MDwise (#69654), CareSource (#69649))
N/A	Enter the date of the contract between the state and plans participating in the managed care program.	01/01/2017
C1I.2	**Contract URL** Provide the hyperlink to the model contract or landing page for executed contracts for the program reported in this program.	https://www.in.gov/fssa/ompp/quality-and-outcomes-reporting/
C1I.3	**Program type** What is the type of MCPs that contract with the state to provide the services covered under the program? Select one.	Managed Care Organization (MCO)
C1I.4a	**Special program benefits** Are any of the four special benefit types covered by the managed care program: (1) behavioral health, (2) long-term services and supports, (3) dental, and (4) transportation, or (5) none of the above? Select one or more. Only list the benefit type if it is a covered service as specified in a contract between the state and managed care plans participating in the program. Benefits available to eligible program enrollees via fee-for-	Behavioral health Dental Transportation

	service should not be listed here.	
C1I.4b	**Variation in special benefits** What are any variations in the availability of special benefits within the program (e.g. by service area or population)? Enter "N/A" if not applicable.	For HIP members, only non-expansion population members receive state plan level benefits, including transportation. This includes pregnant members, medically frail, low income-parent caretakers (LIPC). These members also receive additional dental coverage over what the expansion population receives. Differences in dental coverage for non-expansion members include oral exams, x-rays, and restorative/corrective services.
C1I.5	**Program enrollment** Enter the total number of individuals enrolled in the managed care program as of the first day of the last month of the reporting year.	790,638
C1I.6	**Changes to enrollment or benefits** Briefly explain any major changes to the population enrolled in or benefits provided by the managed care program during the reporting year.	The Public Health Emergency (PHE) for the COVID-19 pandemic continued throughout CY 2022. All members who applied, and were eligible for HIP, were automatically enrolled in HIP Plus. Similarly, there were no downgrades to benefits or disenrollment's (unless a member is deceased, voluntarily withdraws, or moves out of state) during this time. Due to this policy, HIP enrollment continued to increase every quarter of CY 2022.

Topic III: Encounter Data Report

Number	Indicator	Response
C1III.1	**Uses of encounter data** For what purposes does the state use encounter data collected from managed care plans (MCPs)? Select one or more. Federal regulations require that states, through their contracts with MCPs, collect and maintain sufficient enrollee encounter data to identify the provider who delivers any item(s) or service(s) to enrollees (42 CFR 438.242(c)(1)).	Rate setting Quality/performance measurement Monitoring and reporting Contract oversight Program integrity
C1III.2	**Criteria/measures to evaluate MCP performance** What types of measures are used by the state to evaluate managed care plan performance in encounter data submission and correction? Select one or more. Federal regulations also require that states validate that submitted enrollee encounter data they receive is a complete and accurate representation of the services provided to enrollees under the contract between the state and the MCO, PIHP, or PAHP. 42 CFR 438.242(d).	Timeliness of initial data submissions Overall data accuracy (as determined through data validation) Other, specify – completeness of claims adjudicated and later submitted as encounters, Contractor must achieve no less than a ninety-seven percent (97%) compliance rate with pre-cycle edits
C1III.3	**Encounter data performance criteria contract language** Provide reference(s) to the contract section(s) that describe the criteria by which managed care plan performance on encounter data submission and correction will be measured. Use contract	8.6.3 Encounter Claims Quality, Exhibit 2: Encounter Data Quality Report

	section references, not page numbers.	
C1III.4	**Financial penalties contract language** Provide reference(s) to the contract section(s) that describes any financial penalties the state may impose on plans for the types of failures to meet encounter data submission and quality standards. Use contract section references, not page numbers.	6. Encounter Data Quality Report (part of exhibit 2) 7. Non-compliance with Shadow/Encounter Claims Submission Requirements. (part of exhibit 2)
C1III.5	**Incentives for encounter data quality** Describe the types of incentives that may be awarded to managed care plans for encounter data quality. Reply with "N/A" if the plan does not use incentives to award encounter data quality.	Exhibit 2: Non-Financial Incentives
C1III.6	**Barriers to collecting/validating encounter data** Describe any barriers to collecting and/or validating managed care plan encounter data that the state has experienced during the reporting period.	Indiana did not identify any barriers during CY2022.

Topic IV. Appeals, State Fair Hearings & Grievances

Number	Indicator	Response
C1IV.1	**State's definition of "critical incident," as used for reporting purposes in its MLTSS program** If this report is being completed for a managed care program that covers LTSS, what is the definition that the state uses for "critical incidents" within the managed care program? Respond with "N/A" if the managed care program does not cover LTSS.	N/A
C1IV.2	**State definition of "timely" resolution for standard appeals** Provide the state's definition of timely resolution for standard appeals in the managed care program. Per 42 CFR §438.408(b)(2), states must establish a timeframe for timely resolution of standard appeals that is no longer than 30 calendar days from the day the MCO, PIHP or PAHP receives the appeal.	The Contractor shall make a decision on standard, non-expedited, appeals within thirty (30) calendar days of receipt of the appeal.
C1IV.3	**State definition of "timely" resolution for expedited appeals** Provide the state's definition of timely resolution for expedited appeals in the managed care program. Per 42 CFR §438.408(b)(3), states must establish a timeframe for timely resolution of expedited appeals that is no longer than 72 hours after the	In accordance with 42 CFR 438.408(a) and 42 CFR 438.408(b)(3), the Contractor shall resolve each expedited appeal and provide notice as expeditiously as the member's health condition requires and shall dispose of expedited appeals within forty-eight (48) hours after the Contractor receives notice of the appeal.

	MCO, PIHP or PAHP receives the appeal.	
C1IV.4	**State definition of "timely" resolution for grievances** Provide the state's definition of timely resolution for grievances in the managed care program. Per 42 CFR §438.408(b)(1), states must establish a timeframe for timely resolution of grievances that is no longer than 90 calendar days from the day the MCO, PIHP or PAHP receives the grievance.	In accordance with 42 CFR 438.408(a) and 42 CFR 438.408(b)(1), the Contractor shall make a decision on non-expedited grievances as expeditiously as possible, but not more than thirty (30) calendar days following receipt of the grievance.

Topic V. Availability, Accessibility and Network Adequacy

Network Adequacy

Number	Indicator	Response
C1V.1	**Gaps/challenges in network adequacy** What are the state's biggest challenges? Describe any challenges MCPs have maintaining adequate networks and meeting standards.	During CY 2022, the HIP MCEs experienced difficulty meeting the orthodontia standards outlined in their contract. The shortage of orthodontia providers appears to be a statewide issue. MDWISE noted that during their outreach, they received feedback that one reason to not contract with Medicaid was staffing shortages, which limited their bandwidth. The MCEs also experienced difficulty maintaining durable medical equipment, OB/GYN, and home health standards.
C1V.2	**State response to gaps in network adequacy** How does the state work with MCPs to address gaps in network adequacy?	To help the MCEs address gaps in network adequacy, Indiana provides MCE access to the state's IHCP portal. The portal helps the MCE identify IHCP enrolled providers.

Access Measures

Describe the measures the state uses to monitor availability, accessibility, and network adequacy. Report at the program level.

Revisions to the Medicaid managed care regulations in 2016 and 2020 built on existing requirements that managed care plans maintain provider networks sufficient to ensure adequate access to covered services by: (1) requiring states to develop quantitative network adequacy standards for at least eight specified provider types if covered under the contract, and to make these standards available online; (2) strengthening network adequacy monitoring requirements; and (3) addressing the needs of people with long-term care service needs (42 CFR 438.66; 42 CFR 438.68).

42 CFR 438.66(e) specifies that the MCPAR must provide information on and an assessment of the availability and accessibility of covered services within the MCO, PHIP, or PAHP contracts, including network adequacy standards for each managed care program.

Topic IX: Beneficiary Support System (BSS)

Number	Indicator	Response
C1IX.1	**BSS website** List the website(s) and/or email address that beneficiaries use to seek assistance from the BSS through electronic means. Separate entries with commas.	https://www.in.gov/medicaid/partners/medicaid-partners/maximus/
C1IX.2	**BSS auxiliary aids and services** How do BSS entities offer services in a manner that is accessible to all beneficiaries who need their services, including beneficiaries with disabilities, as required by 42 CFR 438.71(b)(2))? CFR 438.71 requires that the beneficiary support system be accessible in multiple ways including phone, Internet, in-person, and via auxiliary aids and services when requested.	Member materials must be written at a fifth grade reading level. Alternative formats must be made available; these formats must consider the requirements of the Americans with Disabilities Act and the special needs of those who, for example, may be visually limited or have limited English proficiency.2. If a member calls with their own TTY services, Maximus will accept those calls and handle those calls as they would any other calls. Also, if a member requests TTY services for hearing impaired members maximus will refer them to TTY services that are offered.
C1IX.3	**BSS LTSS program data** How do BSS entities assist the state with identifying, remediating, and resolving systemic issues based on a review of LTSS program data such as grievances and appeals or critical incident data? Refer to 42 CFR 438.71(d)(4).	N/A
C1IX.4	**State evaluation of BSS entity performance** What are steps taken by the state to evaluate the quality, effectiveness, and efficiency of the BSS entities' performance?	Oversight of Maximus is completed by a state official that serves as the contract manager. The contract manager ensures that Maximus is completing all the deliverables outlined in the contract and submits quarterly report on their performance. Additionally, Maximus must submit monthly reports to the state, including a performance standard report. This report

		includes data on helpline performance, staff turnover, and timely reporting.

Topic X: Program Integrity

Number	Indicator	Response
C1X.3	**Prohibited affiliation disclosure** Did any plans disclose prohibited affiliations? If the state took action, enter those actions under D: Plan-level Indicators, Section VIII - Sanctions (Corresponds with Tab D3 in the Excel Workbook). Refer to 42 CFR 438.610(d).	No

Topic IV. Appeals, State Fair Hearings & Grievances

Appeals Overview

Number	Indicator	Response
D1IV.1	**Appeals resolved (at the plan level)** Enter the total number of appeals resolved as of the first day of the last month of the reporting year. An appeal is "resolved" at the plan level when the plan has issued a decision, regardless of whether the decision was wholly or partially favorable or adverse to the beneficiary, and regardless of whether the beneficiary (or the beneficiary's representative) chooses to file a request for a State Fair Hearing or External Medical Review.	**Anthem Blue Cross and Blue Shield** 1,601 **Managed Health Services (MHS)** 1,176 **MDwise Inc** 1,398 **CareSource** 786

	of LTSS users. Enter “N/A” if not applicable. An LTSS user is an enrollee who received at least one LTSS service at any point during the reporting year (regardless of whether the enrollee was actively receiving LTSS at the time that the appeal was filed).	0 **MDwise Inc** N/A **CareSource** N/A
D1IV.4	**Number of critical incidents filed during the reporting period by (or on behalf of) an LTSS user who previously filed an appeal** For managed care plans that cover LTSS, enter the number of critical incidents filed within the reporting period by (or on behalf of) LTSS users who previously filed appeals in the reporting year. If the managed care plan does not cover LTSS, enter “N/A”. Also, if the state already submitted this data for the reporting year via the CMS readiness review appeal and grievance report (because the managed care program or plan were new or serving new populations during the reporting year), and the readiness review tool was submitted for at least 6 months of the reporting year, enter “N/A”. The appeal and critical incident do not have to have been "related" to the same issue - they only need to have been filed by (or on behalf of) the same enrollee. Neither the critical incident nor the appeal need to have been filed in	**Anthem Blue Cross and Blue Shield** N/A **Managed Health Services (MHS)** 0 **MDwise Inc** N/A **CareSource** N/A

	relation to delivery of LTSS — they may have been filed for any reason, related to any service received (or desired) by an LTSS user. To calculate this number, states or managed care plans should first identify the LTSS users for whom critical incidents were filed during the reporting year, then determine whether those enrollees had filed an appeal during the reporting year, and whether the filing of the appeal preceded the filing of the critical incident.	
D1IV.5a	**Standard appeals for which timely resolution was provided** Enter the total number of standard appeals for which timely resolution was provided by plan during the reporting period.
