

**Survey of Children's Parents and Teenage Members**

The Consumer Assessment of Healthcare Providers and Systems, or CAHPS, survey is administered to a sample of members each year.

The survey is conducted by an independent research firm hired by each MCE that is certified by the National Committee for Quality Assurance (NCQA).

Therefore, Indiana's MCE's rankings shown below compare how they did to other Medicaid health plans nationally who use the CAHPS survey.

One Survey instrument is specific to children and one is specific to adults. The results shown below are from the Child Survey administered.

**What is Asked on the Survey?**

What was the member's feedback about the MCE on these questions?  
Results shown are from CAHPS 2023 (Which asks about impressions from CY 22)
