

Indiana Medicaid Quality Strategy Plan

Medicaid Advisory Committee

Indiana Family and Social Services Administration
Office of Medicaid Policy and Planning
Current as of April 27, 2021

Agenda

- Quality Strategy Plan purpose
- Highlights from the Quality Strategy Plan
- Public comment period

Quality Strategy Plan Purpose

Quality Strategy Plan Purpose

- The Quality Strategy Plan is a federally required plan for assessing and improving the quality of health care services furnished by managed care.

Quality Strategy Plan Purpose

- Must include:
 - State goals and objectives for continuous quality improvement
 - Performance metrics and targets for measuring managed care health plans
 - Performance improvement projects of the managed care health plans
 - Summary of managed care oversight
 - Information on evaluating and reducing health disparities

Quality Strategy Plan Purpose

- What is included in the development:
 - Analysis of quality initiatives in the past and present year
 - Determination of what initiatives align with Medicaid's current initiatives, goals, and objectives
 - Updates to progress on initiatives from previous years

Highlights from the Quality Strategy Plan

Highlights from the Quality Strategy Plan

- Initiatives for 2021
 - Infant mortality reduction
 - Smoking cessation
 - Preventive care
 - Dental care
 - Health equity
 - Substance use disorder treatment
 - Managed Care Entity Alignment

Highlights from the Quality Strategy Plan

| 2021 Hoosier Healthwise Initiatives | |
|--|---|
| OBJECTIVE | GOAL |
| Improvements in Children and Adolescents Well-Care | Achieve at or above the 90th percentile of the NCQA 2022 Quality Compass improvements in children and adolescent well-child W30 and WCV HEDIS measures. |
| Completion of Health Needs Screen | Achieve at or above the 60% for all new members completing the health needs screening within 90 days of enrollment. |
| Annual Dental Visit | Achieve at or above the 75th percentile of the NCQA 2022 Quality Compass for member dental visits during the measurement year. |
| Lead Screening in Children | Achieve at or above the 75th percentile of the NCQA 2022 Quality Compass for lead screening in children. |
| Asthma Medication Ratio | Achieve at or above the 90th percentile of the NCQA 2022 Quality Compass for asthma medication ratio |
| Timeliness of Ongoing Prenatal Care (HEDIS) | Achieve at or above the 50th percentile of the NCQA 2022 Quality Compass for timeliness of prenatal care. |
| Prenatal Depression Screening in Pregnant Women | Achieve at or above the 75th percentile of the NCQA 2022 Quality Compass for prenatal depression screening. |

Highlights from the Quality Strategy Plan

| 2021 Healthy Indiana Plan Initiatives | |
|---|--|
| OBJECTIVE | GOAL |
| Adult Preventive Care | Achieve rate at or above the 75th percentile of the NCQA 2022 Quality Compass of members who received a preventative exam. |
| Prenatal Depression Screening in Pregnant Women | Achieve at or above the 75th percentile of the NCQA 2022 Quality Compass for prenatal depression screening. |
| Timeliness of Ongoing Prenatal Care | Achieve at or above the 50th percentile of the NCQA 2022 Quality Compass for the timeliness of prenatal. |
| Frequency of Post-partum Care | Achieve at or above the 75th percentile of the NCQA 2022 Quality Compass for required post-partum visits. |
| Pregnant Women Smoking Cessation | Achieve an increase in the percentage who are referred to and have one contact with the Indiana Tobacco Quitline. |
| Completion of Health Needs Screen | Achieve at or above the 60% for all new members completing the health needs screening within ninety (90) days of enrollment. |
| Follow-Up After Emergency Department Visit for Alcohol and Other Drug Abuse | Achieve at or above the 75th percentile of the NCQA 2022 Quality Compass. |

Highlights from the Quality Strategy Plan

| 2021 Hoosier Care Connect Initiatives | |
|--|--|
| MEASURE | GOAL |
| Adult Preventive Care (HEDIS) | Achieve at or above the 75th percentile for NCQA 2022 Quality Compass for members 20 years and older who had a preventive care visit. |
| Annual Dental Visit (HEDIS) | Achieve at or above the 75th percentile for NCQA 2022 Quality Compass for members ages 2 to 20 years who had a dental visit. |
| Completion of Health Needs Screen (≥60%) | Achieve completion of a Health Needs Screen for > 60% of all members during the first 90 days of enrollment. |
| Completion of Comprehensive Health Assessment Tool | Achieve completion of a comprehensive health assessment for >79% for all members who are stratified into complex case management or the Right Choice Program following the initial screening, during the first 150 days of enrollment. |
| Improvement in Behavioral Health (HEDIS) follow-up within seven days of discharge from hospitalization | Achieve at or above 75th percentile for NCQA 2022 Quality Compass for members who receive follow-up within seven days of discharge from hospitalization for mental health disorders—with Medicaid rehabilitation option services. |

Highlights from the Quality Strategy Plan

- Review of HEDIS historical measures and trends
 - HEDIS is a comprehensive set of standardized performance measures that are nationally benchmarked
 - Created by the National Committee on Quality Assurance, results are audited by certified HEDIS auditors
 - A random statistically significant sampling of members is taken to determine the rates. Sample is taken by NCQA.

Highlights from the Quality Strategy Plan

Hoosier Healthwise: Percent of Appropriate Individuals Receiving Service

Highlights from the Quality Strategy Plan

Hoosier Healthwise: Percent of children age 0-15 months with more than 6 well child visits

Highlights from the Quality Strategy Plan
