

The Office of Early Childhood Out-of-School Learning, Indiana Family and Social Services Administration, is pleased to share the options for **Paths to QUALITY™** signage. **Paths to QUALITY™** is Indiana's quality rating and improvement system for early childhood programs.

Paths to QUALITY™ signs should be used to create awareness of quality early childhood programs, and to support and recognize achievement of progression towards high quality for all participating programs.

Level 2 and Level 3 programs may select either a garden flag or a yard sign for display. Level 4 programs may select either a garden flag or a yard sign, and have the option of receiving a banner.
