TO ALL WHOM THESE PRESENTS MAY COME, GREETINGS:

WHEREAS, thousands of Hoosiers depend upon propane gas to heat their homes, businesses, schools, and public buildings;

WHEREAS, the State of Indiana has experienced in the last month a significant increase in demand for propane gas due to snow and extraordinarily cold weather here and in the Midwest;

WHEREAS, due to heavy heating use over the last month, propane tanks require refilling;

WHEREAS, propane haulers are not able to keep up with demand due to terminals being down, low availability of product, and excessively long wait times at terminals;

WHEREAS, the suspension of certain hours of service regulations for the drivers of commercial motor vehicles transporting propane gas in our State will help ensure that adequate supplies are distributed throughout the State of Indiana;

WHEREAS, drivers of commercial motor vehicles, including those who transport and deliver propane gas, are statutorily limited in the number of hours they may operate in any given day pursuant to 49 CFR § 395 of the Federal Motor Carrier Safety Regulations, incorporated by reference under Indiana Code § 8-2.1-24-18;

WHEREAS, applicable federal regulations include 49 CFR § 390 through 49 CFR § 399, which allow for an exemption to be issued in connection herewith;

WHEREAS, under Indiana Code § 10-14-3-12, the Governor may suspend the provisions of any regulatory statute prescribing procedures for conduct of state business, or the orders, rules, or regulations of any state agency, if strict compliance with any of the provisions would in any way delay, hinder, or prevent necessary action in coping with an emergency; and

WHEREAS, for the benefit of the State of Indiana and safety of its people, it is necessary and appropriate to assist with and expedite any and all efforts to obtain and transport propane gas throughout the State.

NOW, THEREFORE, I, Mike Braun, by virtue of the authority vested in me as Governor of the State of Indiana, do hereby order that:
