

Championing Kids. Strengthening Communities.

# Who is IYI?

Our mission is to improve the lives of all Indiana children by strengthening and connecting the people, organizations, and communities that are focused on kids and youth.

Our vision is to be a catalyst for healthy youth development and for achieving statewide child success. We strive to create best practices models, provide critical resources, and advocate for policies that result in positive youth outcomes.

Indiana is home to more than 1.56 million children younger than 18.

Hispanic	7.8%
White	49.1%
All Other	9.5%

Source: Indiana Department of Correction Note: Data are not disaggregated by the IDOC to include American Indian, Asian, or Two or more races youth.

# Leveraging the Data: Family and Community

#### Locally:

- Emphasize prevention, non-exclusionary intervention strategies
- Adapt programs for at-risk youth for the detention facilities
- Facilitate re-enrollment process

#### Statewide:

- Increase data transparency regarding outcomes for justice-involved youth and Indiana's Superfund sites
- Align correctional educational programs with state standards and local graduation requirements to improve educational quality
- Connect exiting juvenile offenders to educational supports, such as Second Chance Pell
- Create housing-school policy initiatives and correlate housing policies with education policy

#### **Nationally:**

End solitary confinement for youth

# Economic Well-Being (-0-)

Children in Poverty	15.2% 2019	23rd

Number of Hoosiers Receiving SNAP Benefits, Indiana: 2007–2019

Percentage of SNAP Household Recipients by Race/Ethnicity Compared to Overall Household Disaggregation, Indiana: 2019

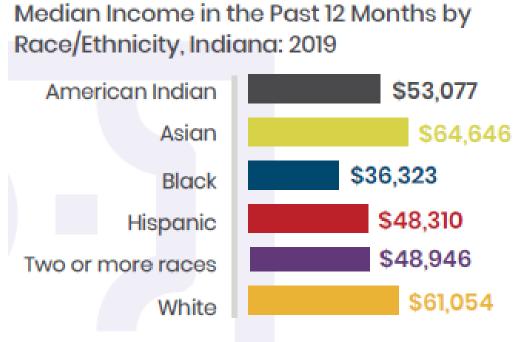

### **SPOTLIGHT: Indiana's Wealth Gap**

- Wealth is comprised of multiple factors beyond income, including community context and families' assets, property, and savings.
  - Property
  - Savings
  - Retirement
  - Income

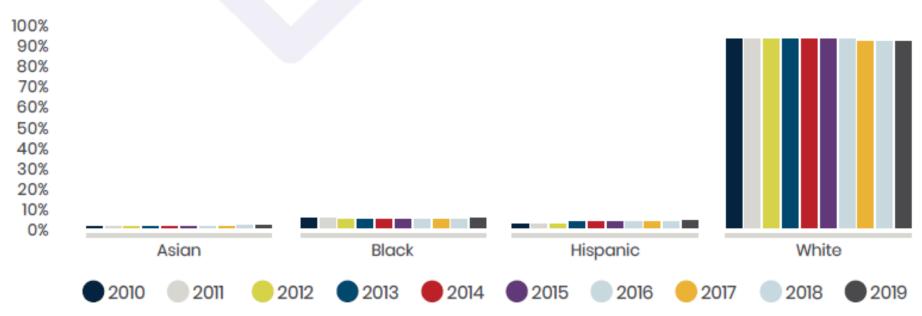

Source: U.S. Census Bureau, Table S1903

# **Wealth Gaps in Indiana**

Percentage of Homes Owned by Race/Ethnicity, Indiana: 2010–2019

Source: U.S. Census Bureau, Tables B25003A-I

# Leveraging the Data: Economic W Being

#### Locally:

- Provide financial incentives and opportunities for paid training and work
- Connect newly homeless families and children to McKinney-Vento program proactively
- Share other social services and supports with homeless families

#### Statewide:

- Expand how poverty and low-income are defined in the State's funding policies
- Create structural opportunities for asset building
- Disaggregate job creation and wage growth at the community level
- Examine cash assistance level and income eligibility guidelines for TANF
- Increase use of SNAP 50/50 to help young adults with supportive services in education and training programs

#### **Nationally:**

Expand EITC benefits to childless older youth

# Education

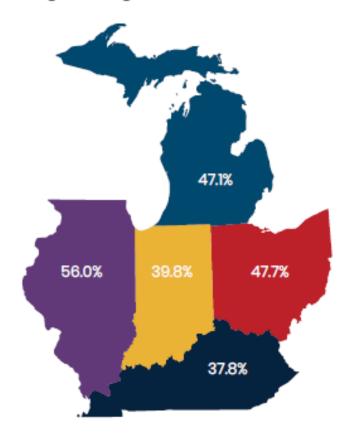

Young Children (Ages 3 and 4) in School	41% 2019	40 <sup>th</sup>	
Fourth Grade Reading Proficiency	33% 2019	20 <sup>th</sup>

Percentage of Students Passing IREAD-3 by Subgroups, Indiana: 2018–2019

# **Students Proficient in Math by 8th Grade**

8th Grade Students Passing Math ILEARN by Subgroups, Indiana: 2018–2019

# Leveraging the Data: Education

#### Locally:

- Develop local initiatives and strategies to increase interventions in early childhood education
- Address the disproportionality of race and ethnicity and special education in discipline practices

#### Statewide:

- Implement a PreK thru 3rd grade approach
- Maintain current standards and assessments
- Weigh 3rd grade reading and 8th grade math separately in school accountability model
- Examine the Complexity Index
- Reevaluate the General Diploma
- Move to one accountability system
- Decrease n-size to 10 students

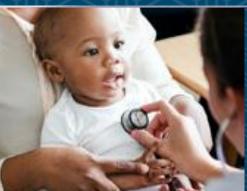

#### **Nationally:**

Support targeted dropout recovery programs for foster youth

# Health

Babies Born with Low Birthweight	8.2% 2018	RANKING 23rd	
Overweight or Obese Children, Ages 10-17	<b>37.0%</b> 2018-19	47 <sup>th</sup>	
Children Without Health Insurance	<b>7.1%</b> 2019	4]st	
Child and Teen Death Rate per 100,000	<b>32</b> 2018	38 <sup>th</sup>	

For each indicator above, higher rankings (1st) represent better outcomes for youth. Note: Arrows show changes in rankings from the past year.

<sup>\*</sup> Due to changes in Health indicators, overall Health rank cannot be compared to previous years.

# SPOTLIGHT: Children's Access to Immunizations and Preventive Care

Children who are not protected by vaccines may contract the following avoidable diseases:

- Mumps;
- Measles;
- Whooping cough;
- Hepatitis A and Hepatitis B;
- Polio;
- Influenza; and
- Other preventable diseases

# Completion Rate for 4:3:1:3:3:1:4 Vaccination Series by County, Indiana: 2019

5 Highest Counties		5 Lowest Counties	
Spencer	85%	Daviess	49%
Pike	84%	Martin	52%
Monroe	83%	LaGrange	55%
Owen	83%	Wells	56%
Greene	83%	Lake	58%

Source: Indiana Department of Health

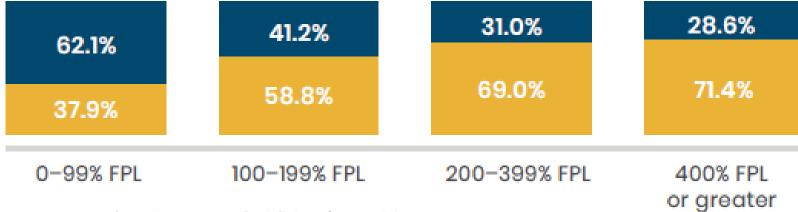

# Providing Hoosier Children with Immunizations and Preventive Care

Percentage of Adolescents Ages 12 to 17 with a Preventive Medical Visit by Household Income, Indiana: 2018

1 or more preventive medical visits
No preventive medical visits

Source: National Survey of Children's Health

Note: Data represent a one year estimate from the National Survey of Children's Health, thus the sample size of the data set may be low.

# Leveraging the Data: Health

#### Locally:

- Increase the diversity of voices communicating the positive benefits of vaccinations and preventive care
- Increase referrals and use of mobile health for mental health in areas with limited access

#### Statewide:

- Expand State Plan's Performance Measures
- Increase data for subgroups
- Remove the 90-day waiting period for youth switching from private insurance to CHIP in State regulations
- Expand quality sexual health education for youth starting at ages 12 and 13

#### **Nationally:**

- Reconcile past discriminatory health practices with present day uncertainty
- Collect quantified data regarding the impact of COVID on mental health and substance abuse

Championing Kids. Strengthening Communities.
