RE: Onsite Sewage System Rule Update, 410 IAC 6-8.3  
LSA Document # 22-395

The Indiana Department of Health is requesting approval of the final version of the above rule. The rule has been revised since the Technical Review Panel approved this rule. The changes are described below:

The following standard has been updated from the 2020 version, which is no longer available:

Section	Previous version	Final version
91(c)	AASHTO25232020 (should have been 252-2020)	AASHTO 252-23
67(c)(3)	AASHTO M252-09	AASHTO 252-23

The following standards should not have been updated in the incorporation section of the proposed rule. The sections of the rule that referenced these standards are not being updated

To **promote**, **protect**, and **improve** the health and safety of all Hoosiers.

with

this rulemaking, so the incorporation references are reverting to the currently incorporated versions:
